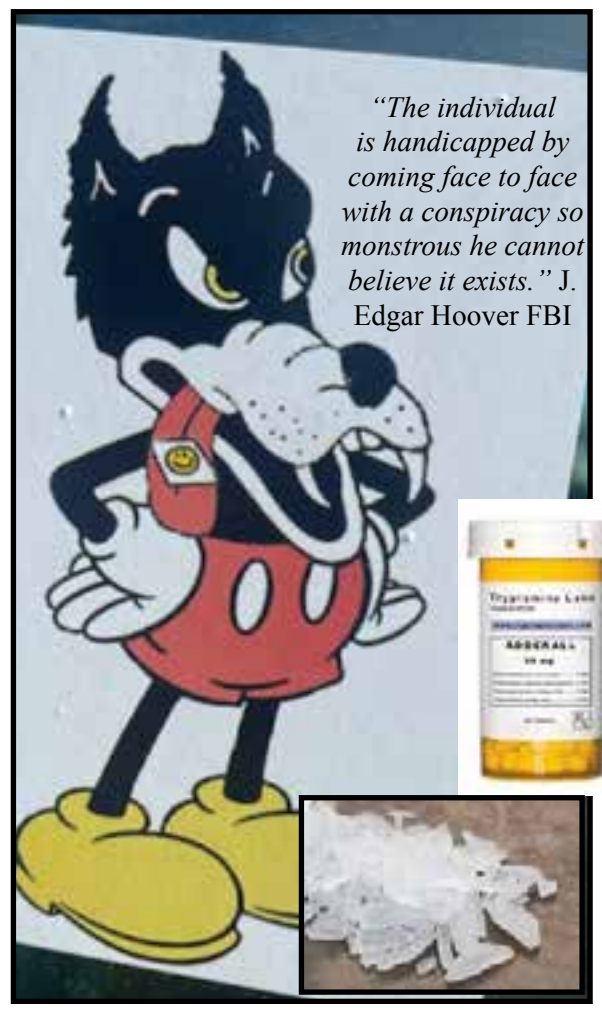
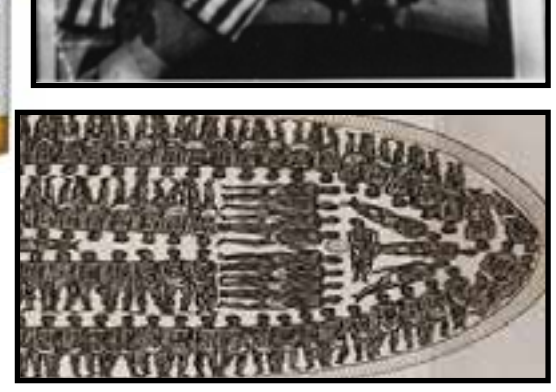
MYSTIC DISCORD
JOAN ARNOLD IS AESCHYLUS,
FATHER OF TRAGEDY





THE THELASSIC PHONECIANS HAVE ALWAYS BEEN A BRUTAL WAR MONGERING PEOPLE.

Ancient Greek empire of the Sea, they rely on esoteric warfare tactics based of mystic discordiansm to monopolize the opoid trade and slavery

Sea merchant and fake philanthropist, John Arnold, is AESCHYLUS, Father of Tragedy, from the Greek mythology on which disordian mystics base their warfare tactics. The weapons of these predatorial bloodlines are esoteric (nonphysic thus invisible) and particularly dangerous, due to our enemy's affliction of psychopathy, having no empathy. With no moral constraints, they control the flow of information and resources, and manipulate the ACTIONS of people who **do** have empathy, exploiting the ego, sexuality and emotion of their victims. By taking control of the people, in both body and mind, along with their various modes of warfare, psychopaths overtake societies. Concealing torture and assassinations - including prison slavery - with deception, they surveil and sabatoge, employing highly sophisticated and devestating **Campaigns of Turbulance, Campaigns of Tension,** and **"Whispering Campaigns"**. Using a process they called "physic driving" they infiltrate media and literature to get the masses used to the future they want to create.
Their goal is chaos. Their logo includes a symbol reflecting their mission to reduce the world population by 3/4. The euphamistically named "risk assessment" funded by John Arnold, is a tool for social control, that was used to drive people into prisons and urban areas, so they can trigger the chaos paving the way to global control.

A PROPHESY is A PREDICTION, Not a fact. It's what will happen *IF* we do NOT act

"The consequences for the world and my children and my grand children, and everyone else's, of humans not intervening in this process that's going on now evermore quickly, we are condemning our children and grandchildren, and indeed ourselves - indeed it's that close - to a world that George Orwell so massively understated." David Icke

WHAT THE HECK IS GOING ON HERE?

Sometimes truth is scarier than fiction. We have been assaulted with deceipt.

John Arnold is a front for a Luferian Order of families connected through ancient, predatorial bloodlines. Through deception and funding-driven influence, John Arnold and the nefarious interests he serves succeeded in implementing a weaponized tool of social control world-wide, developed to serve the interests of a few predatory luciferian bloodlines who seek global domination.

The euphemistically named "risk-assessments", sold to the masses as a real "scientific tool" developed to serve our needs, are in fact based on the subjectivity of algorithms and built upon concepts of eugenics, with devastating outcomes, serving the interests of a tiny demented fragment of the global population, connected through Luciferian bloodlines. John Arnold and the Secret Orders that he represents are having a devastating impact on every facet of our society and lives because they are in fact acts of warfare, with a hidden agenda that is NOT in the interests of anybody except the other warmongering members of their Secret Order.

John Arnold, listed as a shareholder of Hafnia Phoenix, the world's #1 product fleet company driving the opoid, chemical and raw material trades of today, is a descendent of a long line of warfaring sea merchants, and a relation to John Arnold, listed as a shareholder of R.A.C., the fleet company which drove the opoid trade and chattel slavery in previous eras.

The John Arnold of today, John Arnold of Enron, of Arnold Ventures, the John and Laura Arnold Foundation, and of the Civica, Inc. (generic) pharmacuetical industry is nothing more than a front for a huge network of families within a secret luciferian-based fraternal order, with roots in ancient Greece, that have throughout history relied on the fomentation of strife and warfare to drive and monopolize all trades, with a mission ultimately for a global genocide (population reduction by 3/4, according to their secret logo) and global domination of those who are left. John Arnold and the interests he serves are towards a predatorial agenda, that has been lurking in the background causing chaos our entire lives. The Occult, as it turns out, our ruthless warriors and masters of hidden warfare tactics.

THE PHOENICIANS HAVE ALWAYS BEEN A BRUTAL WARMONGERING PEOPLE

Slavery is an ancient practice of the occult underworld, derived from the secret order of the Rosicrucians. Rooted in the luciferian underworld, Phoenician Thalassocracy, known as the Greek "Empire of The Sea", have always monopolized the opium trade and slavery.

They are members of the Hermetic Order of Golden Dawn, and O.T.O. and use warfare tactics that rely heavily on secrecy and principals of discordianism. They can communicate with eachother secretely using "constructed" languages and ancient symbology, passed down through familial bloodlines and exclusive academies. Working in conjunction with other branches of luciferian bloodlines that control the land with their iron snakes, members of these predatorial families continue to monopolize and control all trades, based on the movement of the raw materials that drive them, along with their brutal tactics of warfare, marked by psychopathy, a total lack of empathy.

Their highly sophisticated tactics of warfare are correlated to astrological events and ancient mythology (legends of misery and chaos reflected in discordianism), along with the weaponization of chemicals (alchemy), psychology, space and time, all based on concepts of nature (mysticism). Their weapons have been particularly deadly throughout history because they are often cloaked in invisibility and often go unperceived by their victims.

These war mongering rulers of the sea have always relied on Divide and Conquer tactics, strategically feeding into group tensions enabling them to trigger violence at strategic times to .serve their hidden interests. These are the same luciferian groups that were behind the holocause and so many other acts of war and genocide.

Recently they have amped up their divide and conquer tactics using a "Campaign of Tension", with the imminant threat of violence against Californians and other groups that have been corraled into urban areas, where people can be controlled through famine and other tactics of warfare to serve their agenda of world domination and slavery, and the ongoing destruction of our our planet.

THEY EXPLOITED OUR EGOS,

IN ORDER TO CONTROL OUR MINDS

Using trauma-based mind control, brainwash, hypnosis and deceipt, and through the implimentation of programs like Cointelpro and MKULTRA all Americans were been targeted by the weaponinzing of psychology and and mental manipulation. Mind control was used to make us unwitting participants in our own demise and enslavement.

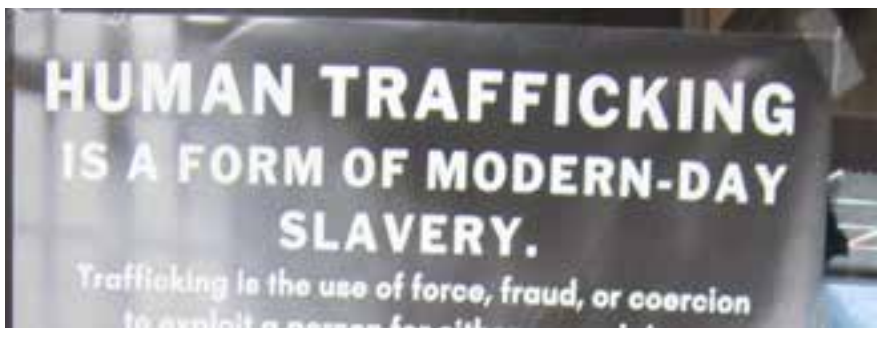
Even feelings of fear and paranoia, important survival mechanism, were weaponized by psychopaths. They feed into fear, as well as less usefull protective feelings such as guilt and shame, and then proceed to manipulate these feelings to control us, using strategies both extreme and subtle. They also exploit people's sense of optimism and empathy as a method of control, exploiting peoples' good nature to fulfill their agenda of creating slaves, of both body and mind. Tavistock Institute, the center of psychological warfare and mind-control, whose hidden mission has been since it was founded over 100 years ago, "global mind control under the banner of mental health and education". Programs were designed specifically to destroy "western civilization" as we know it, sabotaging our healthy egos and free-thinking minds to control us. Tavistock has a history of trauma-based programming.

THE WEAPONIZATION OF SECRECY

Initially creating the Royal Society, the Phoeneaceans and Luciferian members of the underground world of Occults rely on fear and secrecy to hide their criminal networks and crimes. Members of the bloodlines are threatened with sure death and/or torture for revealing certain secrets. In addition, they rely on secret organizations and secret agencies, to create further veils of secrecy, through the development of laws such as those of "National Security" and "Trade Secrecy" to further their criminal agenda.

The strategy to gain control also relies on the creation and/or infiltration of all of our major decision-making associations and institutions, in order to regulate or deregulate according to their hidden agenda, creating codes and regulations that lead to the inevitable consumption of their raw materials, or deregulating to hide their secrets. John Arnold hides the true nature of the algorithms being used, behind he veil of trade secrecy.

Regulatory procedures in conjunction with deception have thus been used to weaponized every element of our society, from energy, the use of arms, health and medicine, science, literature, food, education, technology and information.



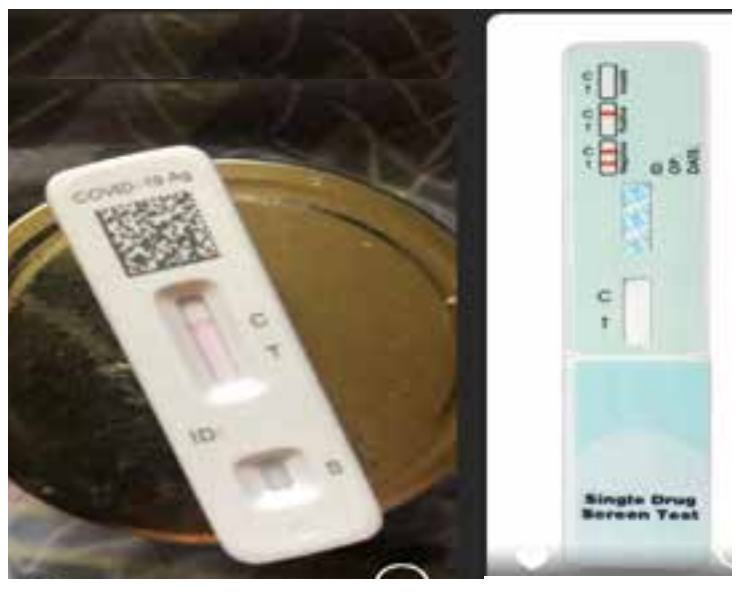
WARFARE TACTICS AND WEAPON PRODUCTION FOR "NATIONAL SECURITY" DEVELOPED FOR INTERNAL USE

The Pattern is clear. MKULTRA and COINTELPRO were developed for use against Americans. But that's not all...

Just as John Arnold was able to hide the true purpose of the risk assessments by using trade secrecy as a veil for the algorithms, so too have other means of secrecy and deception been used to hide other heinous acts of warfare perpetrated against Americans by the same evil forces residing with the occult, including 9/11 to nurture fear, blind faith in the FBI and misdirected resent. It appears that the massive production of biological and chemical weapons have always been an activity of the occult, to be used in it's quest against humanity.

According to One Hundred Years of Chemical Warfare: Research, Deployment, Consequences, it is revealed that chemicals have been used against American soldiers in the past without their knowledge, creating symptoms that would not reveal themselves for years. Regulations were then passed through the Veteran's Administration, providing benefits after the war, only to those who had lost limbs or had physically visible disabilities resulting from the war, while there would be no benefits for those who suffered from mental illness, or the problems that may have been related to the chemicals used against them, excluding those American soldiers from VA disability benfits.

While having to untangle the truth and lies of a publishing industry that has been infiltrated by masters of deception, other attrocities are revealed in the deregulated publication. With time, the patterns and nature of their lies become familiar, and the process of untangling the truth and deception become easier. Especially since they tend to rely on code words and ideas. But the book makes it very clear that there were massive amounts of chemicals being moved around the globe without our knowledge. And while it is said that these chemical weapons were to defend America, it becomes very clear that these chemicals being dragged all over the globe by Hafnia Chemical, were being used for nefarious purposes.



MENTAL CONDITIONING AS A TACTIC OF WAR

The Publishing Industry has been used, like a mode of propoganda, to set the stage for us, preparing our minds for the future that they intend to create. The theory is that people accept more easily what they are used to.

The writing of books therefore became a prominent tool of the occult for the mental conditioning of it's victims and many of them reflect the world being planned for human civilization. Oresteia was allegedly written by Aeschylus, described as the father of tragedy. This civilization is characterized by the development of state, social stratification, urbanization, and symbolic systems of communication beyond natural spoken language.

AMERICAN EXCEPTIONALISM WAS A MIND-CONTROL ACT OF WAR ALL ALONG

"Our contacts all over the US and in several other countries confirm that the US government is gathering up for a worldwide flu pandemic which is expected to be a killing event many times larger than normal 20,000 people that die from flu each flu season in the US alone. CDC (Centers for Disease Control and Prevention in Atlanta, Georgia) estimates that 200 million Americans will be affected to 1° or another by the flu pandemic.

… It has been shown, albeit only empirically thus far, by many dedicated researchers, and posted extensively on the web, that the formation of chemtrails have a direct correlation to the localized, time synchronized, outbreak of a broad range of primarily, respiratory related illnesses. In light of this apparent relationship, chemtrail's should not be considered inherently benign, but should be treated with all due caution, prudence.

The diligence and dedication of a number of very competent researchers of biomedical professionals found what would appear to be a clear and unambiguous link between the chemtrail aerial campaign in the simultaneous outbreak of near epidemic, flu like illnesses. These outbreaks have repeatedly

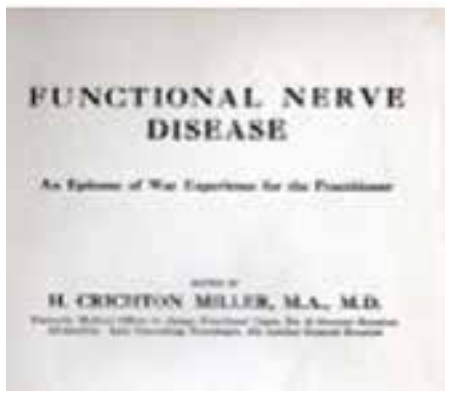
RIVER OF AMNESIA

Lethe, the River of Amnesia is an important mythological element of the Occult, fundamental to their warfare strategies. Crichton-Miller and Hadfield had worked with shell shock patients in military hospitals and wrote about it in this book, published just before theTavistovk Institute was opened. hIt was written by physicians who had worked in war hospitals who wrote in a concluding summary **"it seems probable that underlying every neurosis is some amnesia"**



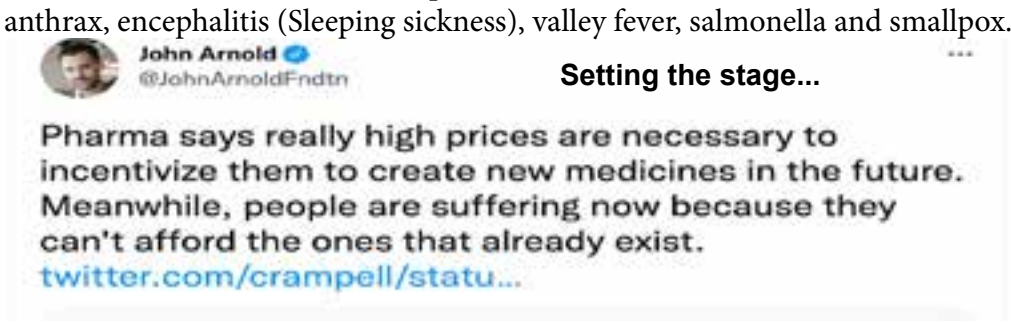
WEAPONIZATION OF ALCHEMY

Some of the many include: mustard Gas, 3-Quinuclidinyl Benzilate (BZ), Ricin, Chlorine Gas, Phosgene (CG), Sarin (GB), Soman (GD), Cyclosarin, VX, Novichok Agents ...
Ricin is a highly potent chemical weapon lethal to humans. IT was first developed by the United States military for use during the First World War in either bullets or toxic dust form. Despite being outlawed by the Hague Convention of 1899, the United States and Canada began further study of ricin during WWII...

Despite being easy to produce, however, ricin is deeply affected by temperature and weather conditions, making delivery of the substance a difficult process to achieve. As a result, ricin is often considered an effective tool for assassinations, rather than largescale attacks on troops or populations.

If inhaled during a chemical attack, ricin is known to produce severe respiratory issues, including coughing, labored breathing, tightness in the chest, and eventually respiratory failure within twenty-four hours. Other symptoms of inhalation include fever, nausea, and low blood pressure. If ingested, ricin's symptoms vary significantly, and include vomiting, inability to eat or drink (causing severe dehydration), seizures, acute renal failure, organ failure, and shutdown of the body's central nervous system. In both cases, fatalities are common, while survivors of ricin exposure often suffer from long-term complications for the remainder of their life. Ricin remains one of the deadliest chemical agents devised by humans during the Twentieth-Century. https://owlcation.com/humanities/Top-Ten-Deadliest-Chemical-Weapons-in-History

" Mr. Colby told the congressional committee, that in May 1952 the CIA began a joint project with the special operations division of the Army Biological Laboratory at Fort Derick, Md. During the course of this project, his testimony and documents disclosed the C.I.A. stockpiled substances that would cause tuberculosis, anthrax, encephalitis (Sleeping sickness), valley fever, salmonella and smallpox."



Setting the stage...

New York Times: 2017 (Excerpts)

Sarin still rank among the most toxic chemical warfare agents. During the war, the German military built large factories to make the deadly poisons.

...The Nazi death camps, where millions of Jews, other civilians and enemy soldiers were exterminated, relied on chemicals far less hazardous than sarin, medical experts say. The main poison was a type of cyanide — an unexceptional toxin that Nero in ancient Rome had used to poison members of his family and others who displeased him.

The cyanide that Nazi Germany preferred for its genocidal handiwork was known as Zyklon B, which began life as a pesticide and rodenticide. One of its uses in the United States and other countries was to rid ships of rodents.

German scientists invented tabun in 1936 and sarin in 1938. The substances still rank among the most toxic chemical warfare agents. During the war, the German military built large factories to make the deadly poisons.

... According to the United States Army textbook, "Medical Aspects of Chemical and Biological Warfare," the German military produced up to 30,000 tons of tabun and smaller amounts of sarin... Allied troops... [took the remaining agents of warfare] to Britain and the United States.

Why did the Nazis forgo the nerve agents?...[There] was evidence that Adm. Wilhelm Canaris, chief of the Abwehr, the military intelligence unit of the high command of the German armed forces, devised a disinformation ploy... Dr. Zilinskas said Admiral Canaris told Nazi officials that the Allies had developed masks that were able to withstand the nerve agents, implying that Allied troops would be immune and undeterred by the lethal mists...

Reinhard Heydrich, the head of the SS intelligence service known as the Sicherheitsdienst (SD) had aspirations to oversee all aspects of political intelligence-gathering for Germany.... The enlargement of the Abwehr mission brought Canaris into contact with "counterespionage virtuoso" Major Rudolf Bamler, who assisted him in establishing an extensive surveillance web over munitions factories, seaports, the armed forces and the media. Between 1935 and 1937, Canaris expanded the Abwehr staff from a mere 150 people to nearly 1,000. He met Heydrich again on 21 December 1936, and the two men signed a document, which came to be known in their orbit as the "Ten Commandments". The agreement clarified the respective areas of counterespionage responsibilities between the Gestapo and the Abwehr.

CHEMTRAILS

"Strange chemical contrails ("chemtrails") have been reported laid down in a criss-cross pattern in the sky over numerous places in the U.S. and in other countries. The chemtrails don't look or behave like normal contrails, and have supposedly been connected with countless illnesses and even deaths amongst those unfortunate to be beneath them. The jets doing the spraying seem to be military airborne refueling tankers, but the government denies all knowledge of these incidents. Conspiracy theories abound, however, the truth is hard to pin down. Current leading theories include: the U.S. government is doing unannounced chemical exposure testing on its citizens (which it has been proven to have been done before in the past), or it is attempting to do a nationwide vaccination program via airborne chemicals, or it is undertaking a program aimed at controlling the increasingly unstable weather. Other theories are much more dark and gloomy. (The newest theory of any credence that I have heard is that the government is trying to deal with the increasing global warming/solar radiation problem by blanketing key areas with a reflective cloud "shield" containing certain aluminum and/or barium compounds.) Regardless of the motive, the fact that the program is being done without the knowledge or permission of the American citizen certainly makes one wonder as to the scruples and motives of those in charge." AFTER THE FALL OF ROME

The euphamistically named “risk assessments” are rooted in numerology and dark psychology. This dangerous weapon of social control can be traced back to University Of Wurzburg, founded by members of the illuminati who traveled to Bavaria, now Southern Germany, after they had successfully accomplished the Fall of Rome.

Our prison system is reflect that of ancient Rome, where matters of justice were resolved with gladiator fights, where the winner was determined by sheer might. This reflects the philosophy of the predator in our midst.

now has the second largest Jewish population in Bavaria. Until 1802, for over 1,000 years, Würzburg and most of the region was governed by the "prince-bishops" (Fürstbischof) of Würzburg, which was apparently not the best place for a Jewish community. They permitted violent pogroms in the Middle Ages with hundreds of victims and finally evicted Jews in the late 16th century.

The Würzburg witch trials, which occurred between 1626 and 1631, are one of the largest peace-time mass trials. In Würzburg, under Bish Philip Adolf an estimated number between six hundred and nine hundred witches were burnt.

Israel for decades has been purchasing gas masks from the same German suppliers that once supplied protective equipment to Nazi soldiers operating the gas chambers in Auschwitz and other death camps during the Holocaust. The companies — Dräger and Auer (now owned by American firm MSA) — have been selling gas masks and filters to a number of Israeli government institutions since the 1967 Six Day War, the Yedioth Ahronoth daily reported.In his 1989 book “Auschwitz: Technique and operation of the gas chambers,” Pressac found that all SS soldiers involved in gassing Jews at the death camp were equipped with a jointly made Dräger-Auer mask to protect against the cyanide-based poison Zyklon B that was used to murder millions of Jews during the Holocaust.

"What you need to do to understand what's going on, is connect the dots. See, there are dots, like banking, government, 9/11, all these different things which in and of themselves are interesting, and you can see that something's not right, but it's when you connect the dots between apparently unconnected people and situations and organizations, that's the tapestry appears. And you go whoa, so that's what's happening." David Icke

RISK ASSESSMENTS ARE - IN FACT - INTEL COLLECTION, AS WELL AS DEVICES OF SOCIAL CONTROL. THEY RELY ON THE PYGMALION EFFECT.

"In a 2007 interview with an intelligence official from the National Joint Terrorism Task Force explained that the Office of Correctional Safety (OCS) was poised to implement a multimillion dollar computerized data management system known as the Threat Assessment Center. The Center will hold more than five-million pieces of data on such security issues as inmate disciplinary incidents, intelligence operations, inmate visitation, and mail and phone call records. This information will then be "pushed out" to individual institutions and other intelligence systems. [Data Sharing] The Threat Assessment Center will also provide the technological capabilities necessary to perform link-analysis between criminal indicators at different institutions [data-sharing] or data-mine suspicious activity intended to meet the objective of preventing prisoner radicalization in the U.S. prisons." **Terrorist Recruitment in American Correctional Institutions,** Mark S. BILLIONS OF ARNOLD MONEY BEHIND RESEARCH ALL OVER AMERICA

In 2018, Arnold Ventures gave away $204.3 million, focused on the areas of health care, education, criminal justice, government policy and public finance. According to Forbes, as of mid-2021, they had "contributed" a total of $1.24 billion total to these causes._Arnold Ventures has established guidelines, based on the Open Science Framework, that anybody seeking research funding from them must follow.

"We are committed to funding research that meets the most rigorous standards of quality and transparency. We believe in the value of REPRODUCIBILITY, we believe our data investments should be accessible to as many scholars and researchers as possible, and we believe that commitment to transparency builds public trust in science. These Guidelines establish what is expected of Arnold's research grantees and consultants, subject to modification for a researcher's particular circumstances. We have a core set of transparency policies — **OPEN DATA, OPEN CODE, PRE-REGISTRATION OF RESEARCH PROJECTS, AND OPEN ACCESS TO RESEARCH ARTICLES**. We ask that grantees fulfill these requirements by using the Open Science Framework platform (OSF), an open-source collaborative platform."

Note: Open Data, Code and Access to research articles essentially means deregulated research with no accountability.

JOHN ARNOLD:

Founder and Co-Chair of **THE JOHN AND LAURA ARNOLD FOUNDATION** (JLAF), established in 2008, which awarded grants to projects that adopt a "problem-solving approach" [risk assessments] to eliminate "barriers to human progress and achievement." The foundation was been active in pension reform.

JLAF became **ARNOLD VENTURES**. The philanthropy's core mission is to invest in evidence-based solutions that maximize opportunity and minimize injustice.

Mr. Arnold is also Founder of **CENTAURUS CAPITAL LP,** a family office investment fund with a specific focus on the energy industry.

Previously, Mr. Arnold founded and was CEO of **CENTAURUS ENERGY**, a multi-billion dollar energy commodity hedge fund. Prior to founding Centaurus Energy, he held various positions within Enron's Wholesale Division, including Head of Natural Gas Derivatives. In May 2012, John announced his retirement from Centaurus Energy to concentrate on philanthropic activities.

Mr. Arnold serves on the boards of **BREAKTHROUGH ENERGY VENTURES**, an investor-led venture capital firm dedicated to funding transformational technologies that will reduce global greenhouse gas emissions; **CIVICA, INC.**, a nonprofit generic pharmaceutical company; and **THE CITY FUND,** a nonprofit dedicated to supporting new governance models in K-12 education. He holds a B.A. from Vanderbilt University and lives in Houston, Texas with his wife.

REAL NEWS: WHAT IS THE ARNOLD FOUNDATION HIDING?

By Eric Siddall [no date], Associate of Deputy District Attorney (ADDA)
https://www.laadda.com/arnold-foundation-hiding/
As stories emerge about the Arnold Foundation's "algorithm" pretrial release tool, we should be disturbed about the results. As covered in a previous blog, use of the tool is linked to two murders and the wholesale release of dangerous felons [while confining many thousands of others to life sentences.] However, a Wired story raises even more questions about the Arnold Foundation algorithm. **It turns out the tool was given to San Francisco for free, but with conditions that BARS THE DISCLOSURE OF "ANY INFORMATION ABOUT THE USE OF THE TOOL, INCLUDING ANY INFORMATION ABOUT THE DEVELOPMENT, OPERATION AND PRESENTATION OF THE TOOL."** That insistence on secrecy about a program that could greatly affect public safety is disturbing. Laughable is the Arnold Foundation stated reason for non-disclosure: to prevent local governments or rivals from using or copying the tool without permission. Since the tool was given to San Francisco for free–i.e., there was no profit motive–why would the foundation have concerns about the use of the tool without permission? **WHILE THE ARNOLD FOUNDATION HAS NOW RELEASED THE FORMULAS AND FACTORS THAT GUIDE THE TOOL, IT STILL REFUSES TO RELEASE THE DATA SET ON WHICH THE TOOL WAS BASED OR ANY VALIDATION TESTS THAT MAY HAVE BEEN PERFORMED.**
In short, the Arnold Foundation will not allow independent researchers to evaluate the critical factors behind the "tool."
While John Arnold (after whom the foundation was named) may have used secret algorithms in his natural gas future trading while working at Enron and his own hedge fund, the worst result he could face was the loss of money. The bad calls this algorithm has made has been linked to at least two murders, ***[and led to thousands of parole denials of people who will not pose a danger to the public]*** How many more people need to

In 2017 it was revealed that the FBI had sent a memo to all 18,000 law enforcement agencies, titled "Black Identity Extremists Likeyly to Target Law Enforcement." Soon after all 18,000 agencies were equipped with new taser guns and access to the natioanl data system .

CRIMES RELY ON SECRETS, WAR RELIES ON DECEPTION

"The use of trade secrets to inhibit disclosure of technical information pervades the criminal justice process— from investigation, to trial, to sentencing. For instance, CMI, Inc., the manufacturer of the Intoxilyzer (a common breath test device for intoxication), has repeatedly fought efforts to compel disclosure of its devices' source code in criminal cases, arguing that the source code is a valuable trade secret. Harris Corp., the private company that manufactures and sells the bulk of stingray devices—which effectively turn a cell phone nto a real-time tracking device of startling precision—has gone even further. It secured the cooperation of the federal government in preventing disclosure of even the existence of these devices, not only to defense counsel but even to courts themselves, based in part on the device's "valuable proprietary information"—their value as a trade secret. At sentencing, meanwhile, many courts now rely on recidivism risk scores generated by privately developed software whose formula for weighting input factors is, once again, not disclosed on trade secret grounds. Even the Solicitor General of the United States has acknowledged that "[s]ome uses of an undisclosed risk-assessment algorithm" may raise significant constitutional concerns." [Northwestern University Law Review, 2018]

The Justice in Forensic Algorithms Act of 2021, introduced by Rep. Takano, would "prohibit the use of trade secrets privileges to prevent defense access to evidence in criminal proceedings, provide for the establishment of Computational Forensic Algorithm Testing Standards and a Computational Forensic Algorithm Testing Program, and for other purposes."

THEY MONOPOLIZE MONOPOLIES

Special Report: Centaurus Capital's recent move to increase its stake in ioneer is a show of support for the company as it progresses the Rhyolite Ridge lithium-boron project. US-based Centaurus Capital is the investment fund of American billionaire **JOHN ARNOLD**, who built his fortune in trading energy futures and is primarily focused on philanthropic activities with his wife. In recent years, Arnold – who is worth $3.3bn – has invested in solar farms and deepwater oil developments in the Gulf of Mexico. Centaurus acquired a further 23 million ioneer shares to take its stake in the company up to 9.2 per cent. That the fund is building up its interest in ioneer as it progresses towards the release of a definitive feasibility study for Rhyolite Ridge this quarter could indicate that Centaurus might be contemplating a potential partnership in the project. Pioneer's Rhyolite Ridge is a large, shallow lithium-boron deposit that the pre-feasibility study estimated would produce 20,000 tonnes of lithium carbonate and 173,000 tonnes of boric acid per annum at full capacity from a resource containing 12.4 million tonnes of boric acid and 1.3 million tonnes of lithium carbonate. A pilot plant has already demonstrated the project's ability to produce high-quality lithium and boron products, with samples sent to 30 potential offtake partners. Analyses by SGS Canada have also confirmed that lithium carbonate produced from the pilot plant had low levels of key impurities that are in line with or less than amounts accepted by customers.

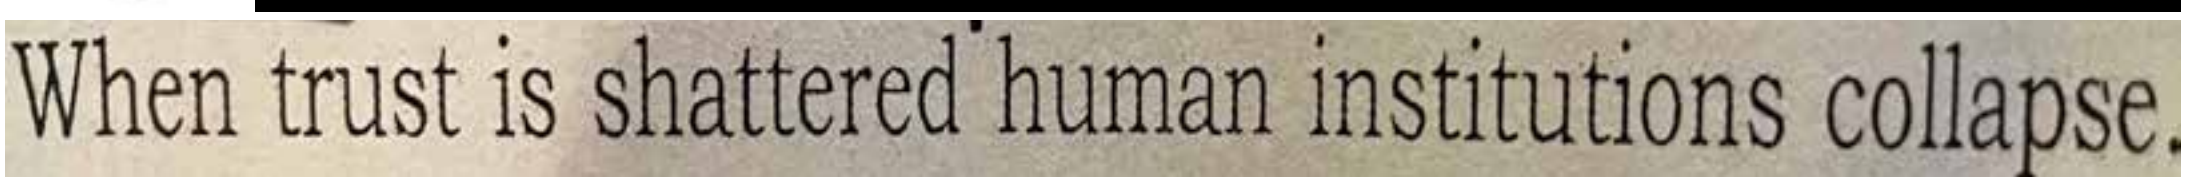
SURRVEILLANCE FEEDS FEAR



SOWING DISTRUST AS A DEADLY WEAPON

"Trust in some form is a foundation upon which humans build relationshops. When trust is shattered human institutions collapse. If a person distrusts the words of another person, he will have difficulty also trusting that the person will treat him fairly, have his best interests at heart and refrain from harming him. With such fears, an atmosphere of death is created that will eventually work to destroy or wear down the cooperation that people need. The millions of victims of total mind-control are stripped of all trust, and they quietly spread their fears and distrust on a subconscious level throughout society." Fritz

The millions of victims of total mind-control are stripped of all trust, and they quietly spread their fears and distrust on a subconscious level throughout society

SURVEILLANCE BREEDS MISTRUST. MISTRUST BREEDS FEAR.

Fear is One Conditions Needed to Set the Stage for Totalitarianism.

Surveillance leads to heightened levels of stress, fatigue and anxiety. It reduces performance and our sense of personal control. A government that engages in mass surveillance cannot claim to value the wellbeing or productivity of its citizens. Research suggests that people tolerate limited surveillance provided they believe their security is being bought with someone else's liberty. The moment it becomes clear that they are in fact trading their own liberty, the social contract is broken. Violating this trust changes the definition of "us" and "them" in a way that can be dangerous for a democratic authority – suddenly, most of the population stands in opposition to their own government.
Surveillance encourages conformity to social norms. In a series of classic experiments during the 1950s, psychologist Solomon Asch showed that conformity is so powerful that individuals will follow the crowd even when the crowd is obviously wrong. A government that engages in mass surveillance cannot claim to value innovation, critical thinking, or originality.

THE MANUFACTURING OF DISTRUST, CONFORMITY AND MEDIOCRITY

The massive global surrveillance program revealed by Edward Snowden is more relevant today than ever. Some of the programs Snowden revealed exist under codenames PRISM, XKeyscore, Tempora, Muscular, Project6, Storeroom, and Lustre. The following provides some information about these surrveillance programs that are dominating our lives. These programs root back to a surveillance program by the name ECHELON, developed at an RAF base in England, Menwith Hill, and referred to by a Lockheed employee to be "One of the costliest, sophisticated, and biggest intelligence programs by the NSA."

ECHELON had its grip on all global communication channels since its infancy, from telephone lines to the early domestic computers, all tapped via tailored hardware, cable taps, and even satellites to search for keywords that are compiled from records called the echelon dictionaries. Microsoft was in on the ECHELON program as well. A covert marriage initially between the UK and USA (UKUSA) would later form the Five Eyes, comprised of the United Kingdom, United States, Canada, Australia, and New Zealand.

Evidence, disclosures and first hand testimonies make it fairly indisputable at this point, that normal people are spied on every day. Private communication channels between average citizens are breached. And the entire program was used with different intentions than for national security. These programs have violated, breached, and exploited our very basic right to privacy, though sanctioned by the very government that is supposed to be protecting us.

The ECHELON headquarters is the largest signal intelligence gathering site in the world, and recently underwent a major expansion under the codename **'PROJECT PHOENIX'**. This is likely the location of the base which is housing the supercomputer collecting all of the intel data collected through various methods and means, including the so-called "risk assessments" that are currently being used in every sector of American society, all funded by John and Laura Arnold, an apparent front for the CIA.

MISDIRECTED ANGER IS A DEADLY WEAPON TO SOW DIVISION

The propaganda has always been tries desperately to convict the Jews as real instigators of the trouble in the world. Today, using code words like "politicians" and "judges" it is being done again. Judges and politicians are victims of MKULTRA and victims of the Occult. The Occult will put their own judges and politicians into the mix, to help make them all look bad. This is how the occult uses patterns to hide things and create misdirected anger to be triggered when needed to serve the hidden agenda..

"If you make people uniform, you can control them. If you teach people to read and think, and question things, you lose control. So the best idea is to seperate people if you wish to maintain a monetary system. It's called divide and conquer. By dividing people, they're not a threat, you can control them." Jacque Fresco

HARMONY OR CHAOS? IT'S OUR CHOICE

MASTERS OF BLAME SHIFTING: A TACTIC OF WAR

LABELS AND FALSE ASSOCIATIONS ARE A DIVIDE AND CONQUER TACTIC OF THE OCCULT

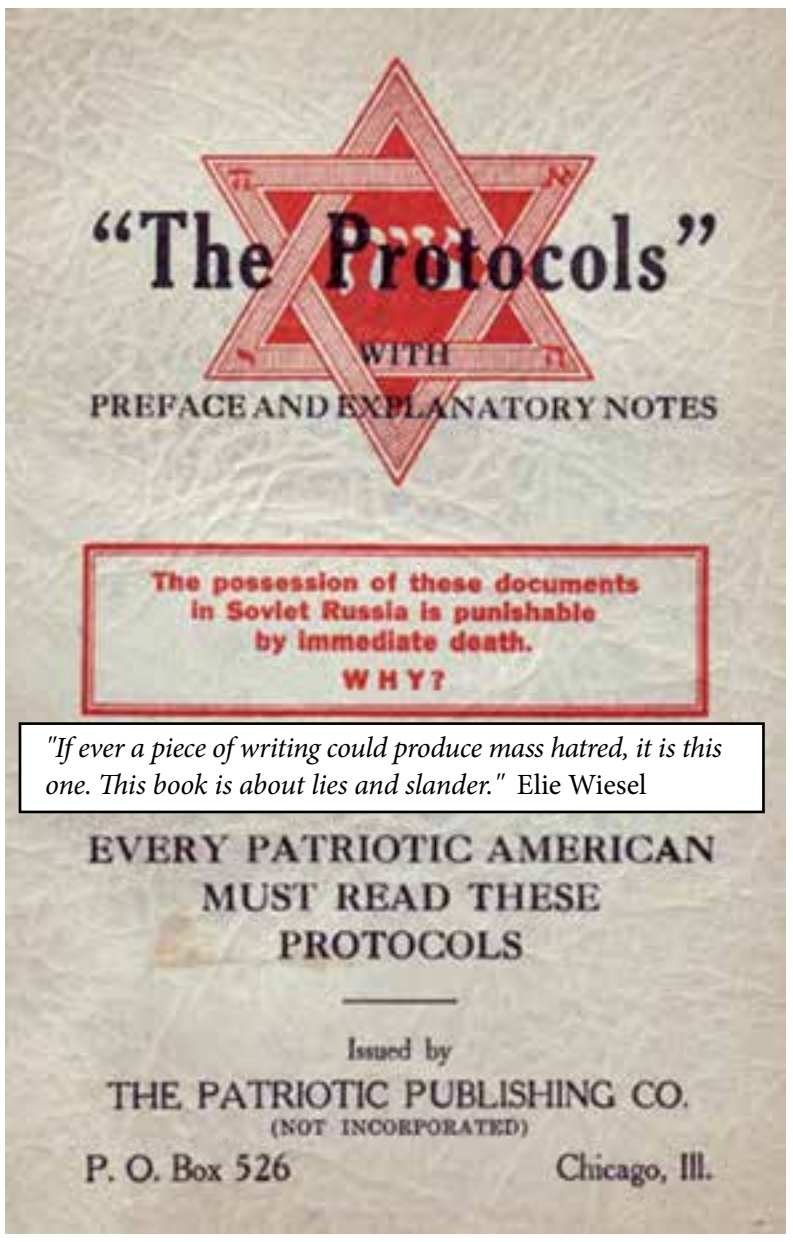
The occult creates fronts with their own agenda to create confusion for concealment, allowing them to misdirect peoples' fear, anger and anguish in every direction except the one from where the real threat lies. CHAOS is a inevitable product of their unrelenting and lethal efforts to Divide and Conquer. Protocols of Zion and the Communism Agenda below were both created by the Occult themselves, listing an agendas that reflect their own evil intentions.

Here's another example: They call themselves "Black Nobility" - the incarnate of evil - then associate the term "Black" with African Americans, as they proceed to demonize and imprison them. Meanwhile, they hide amongst non-bloodline groups that they resemble and then target them with mind control. They put the "white" label on their light-skinned victims who they hide behind, and loudly blame for their own nefarious deeds, while their lighter skinned victims do the dirty work under mind control, and will be the ones to pay the price. Ultimately these victims are also left for dead. Then they created the false and devestating association between Islam and terrorism, and now they have been feeding into the mythical link between terrorrism and prisons.

Meanwhile, a lot of the poor white folks were sexually abused and controlled that way (trauma-based mind control) or were harmed through chemical attacks without their knowledge causing problems that would be ignored by the VA. I believe a lot of this segment of the population - inevitably angry as they too were deceived - were targeted with meth and chemicals that when mixed with anger can have disastrous effects - especially when the anger has been artifically built up with that very intention to incite violence towards African Americans so that their broken lives and communities can be blamed on somebody that is not at the root of the threat.

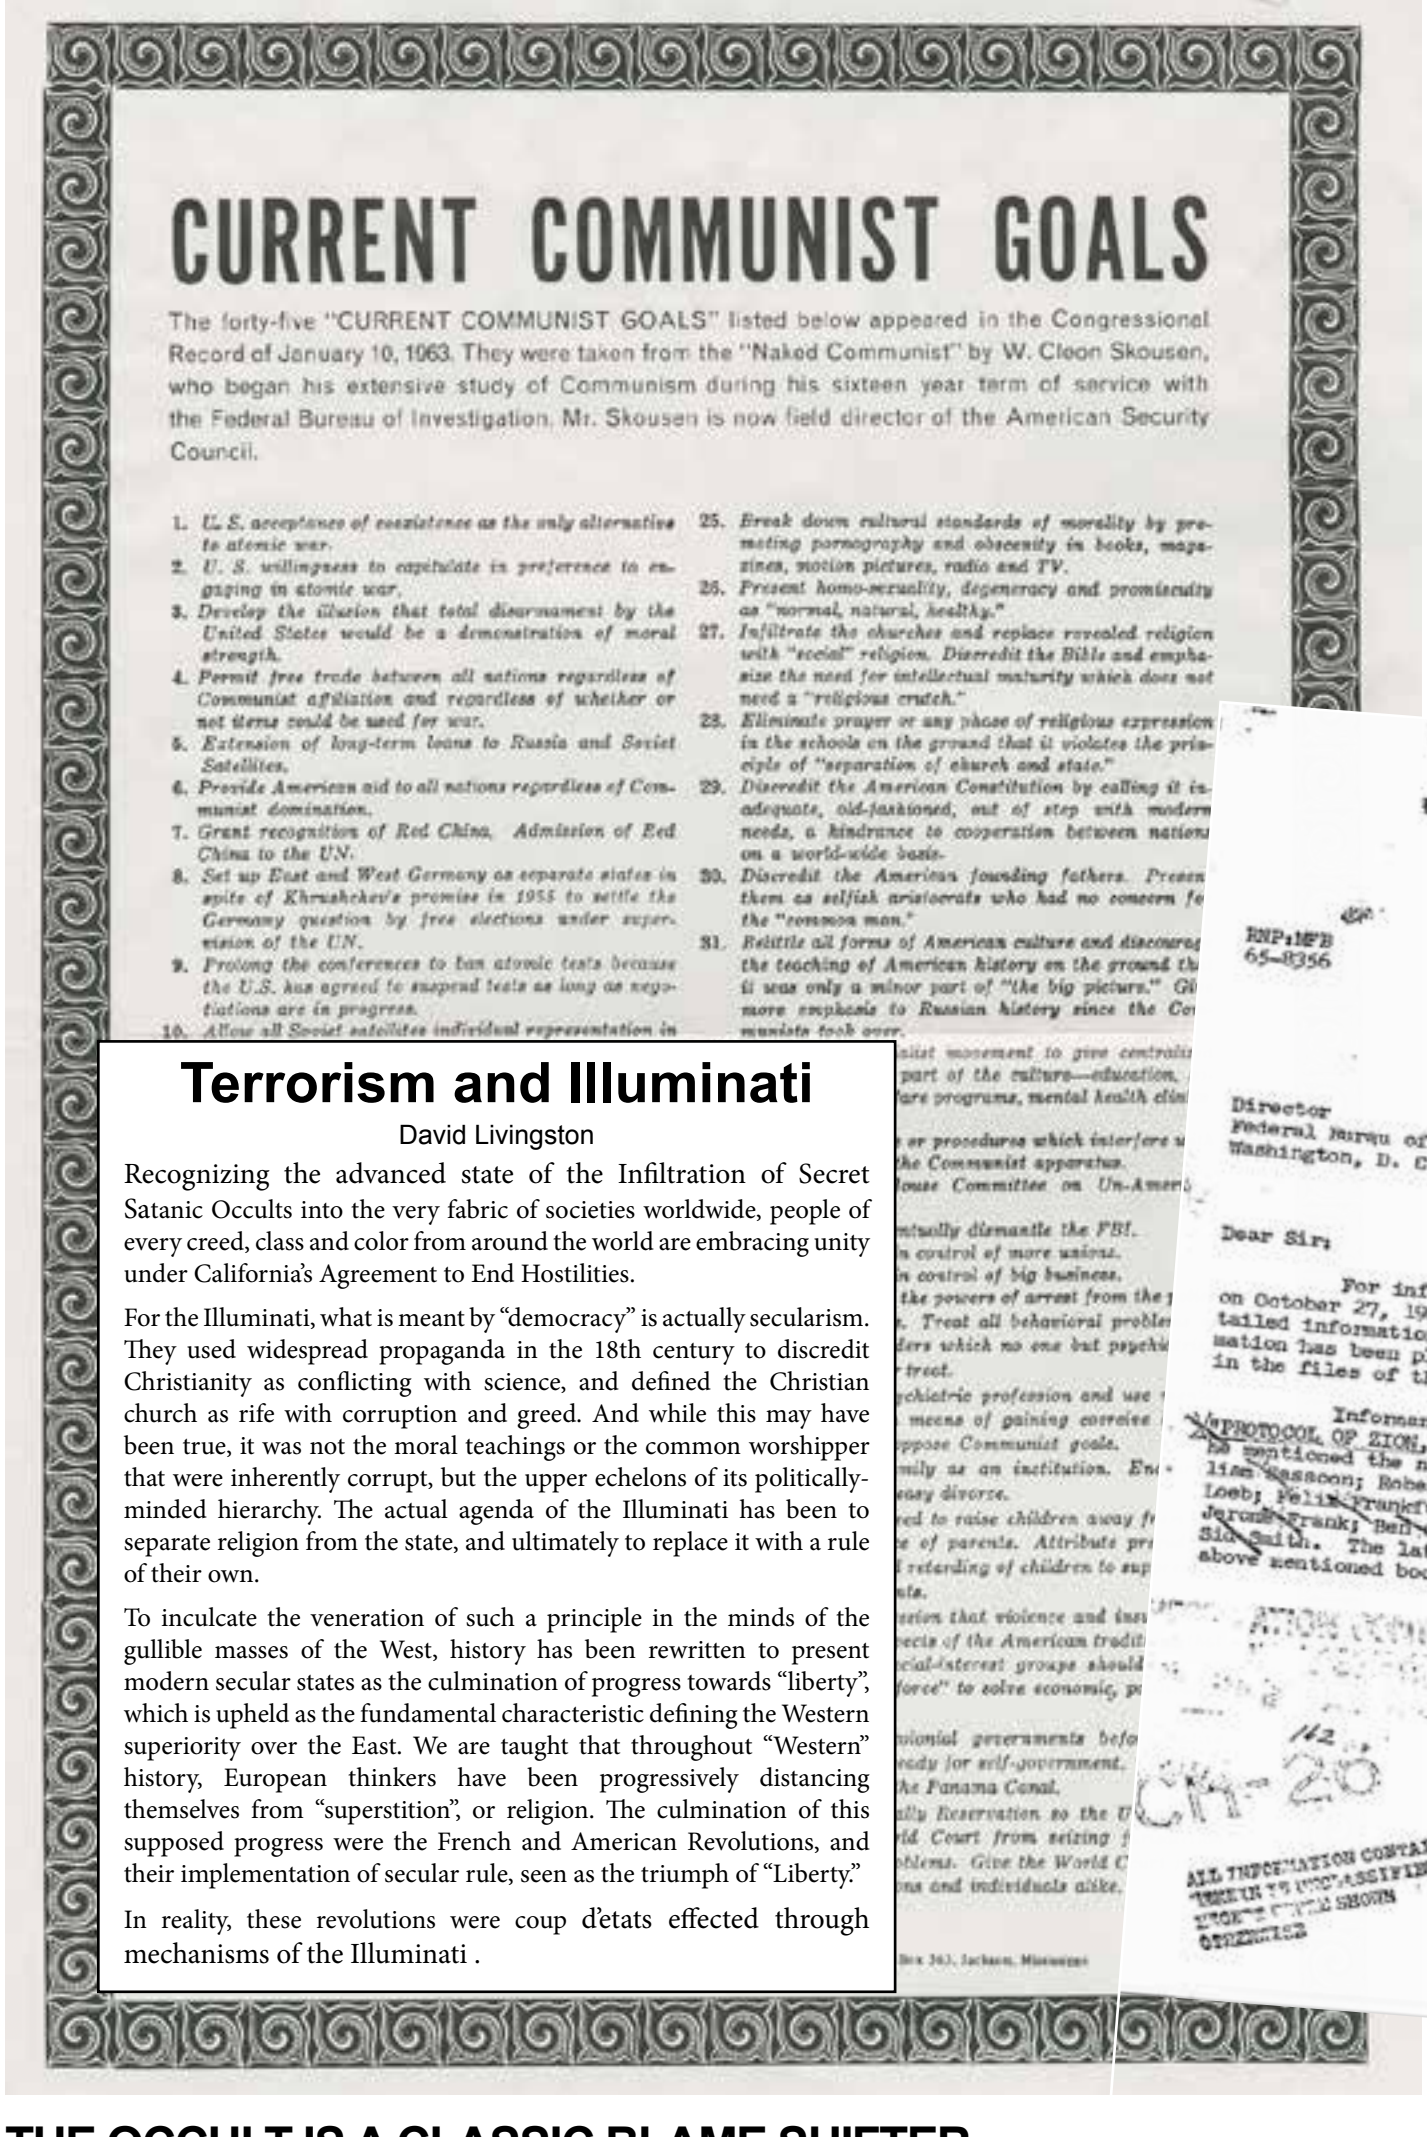
And the native Americans have been horribly hard by the occult as well. They are also being imprisoned in mass, in states like Montana, and it seems were also victims of the occults sexual perversion and particularly targeted by the biological warfare.Covid slammed native communities, which was ignored by the occult-controlled media altogether.

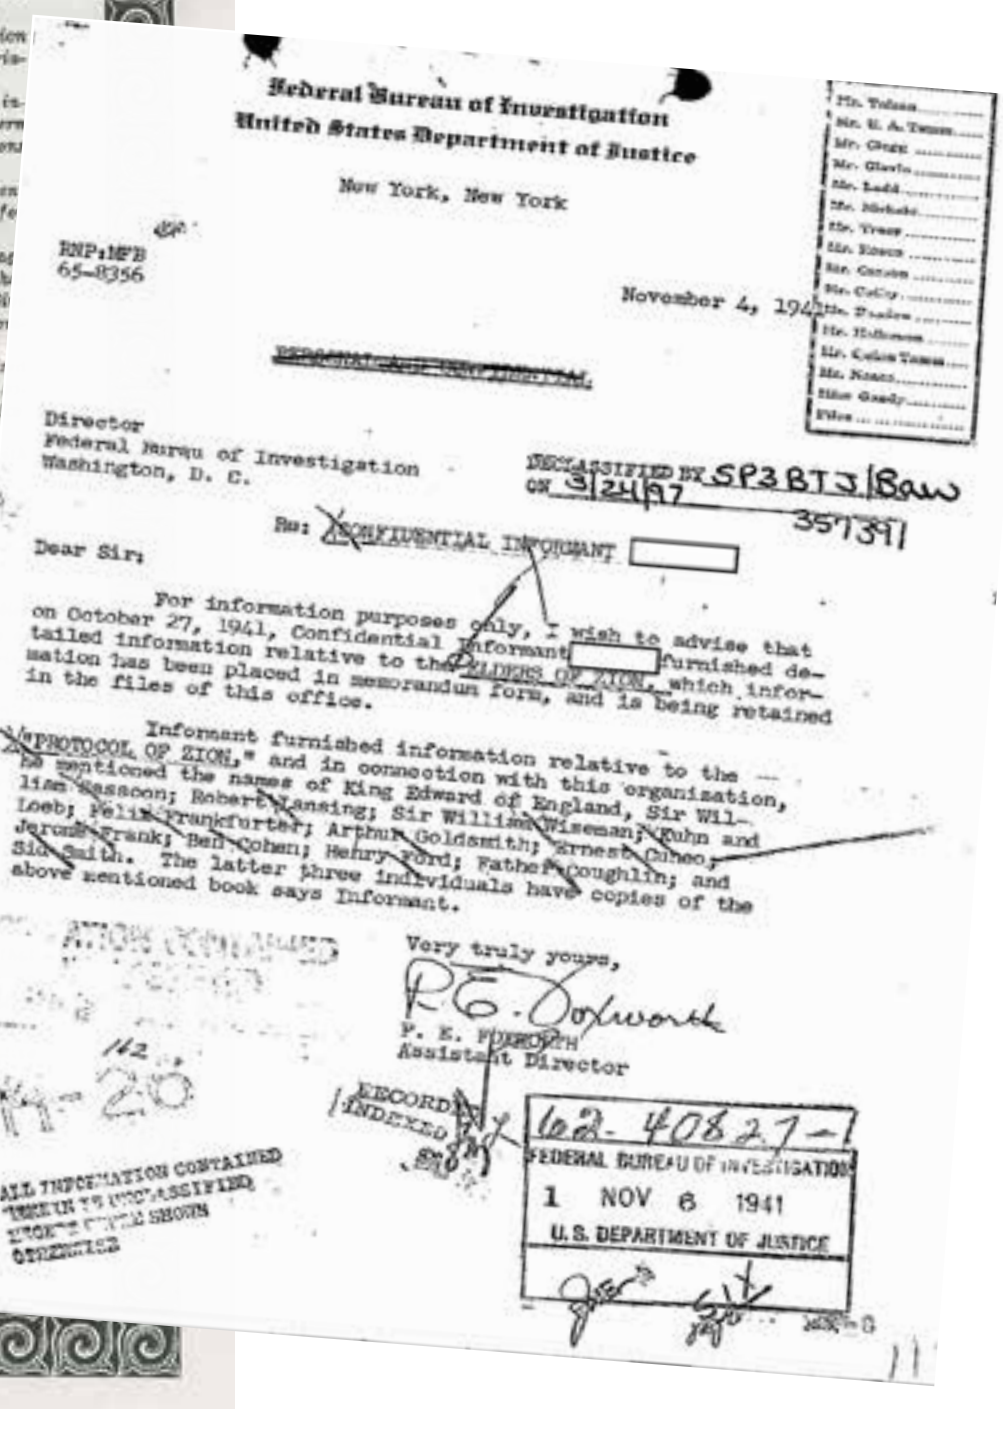
This is how John Arnold and Satan create chaos. And this is how deception and mind control are used, through dark psychology - as their primary and devestating tools of warfare. Weapons that are pointed at our heads right now, as they continue to control the masses without a fight... OR SO THEY THOUGHT...



THE FBI DISSEMINATED THE PROTOCOLS OF ZION IN 1941

TO SET THE STAGE FOR WWII





Terrorism and Illuminati

David Livingston

Recognizing the advanced state of the Infiltration of Secret Satanic Occults into the very fabric of societies worldwide, people of every creed, class and color from around the world are embracing unity under California's Agreement to End Hostilities.

For the Illuminati, what is meant by "democracy" is actually secularism. They used widespread propaganda in the 18th century to discredit Christianity as conflicting with science, and defined the Christian church as rife with corruption and greed. And while this may have been true, it was not the moral teachings or the common worshipper that were inherently corrupt, but the upper echelons of its politically-minded hierarchy. The actual agenda of the Illuminati has been to separate religion from the state, and ultimately to replace it with a rule of their own.

To inculcate the veneration of such a principle in the minds of the gullible masses of the West, history has been rewritten to present modern secular states as the culmination of progress towards "liberty", which is upheld as the fundamental characteristic defining the Western superiority over the East. We are taught that throughout "Western" history, European thinkers have been progressively distancing themselves from "superstition", or religion. The culmination of this supposed progress were the French and American Revolutions, and their implementation of secular rule, seen as the triumph of "Liberty."

In reality, these revolutions were coup d'etats effected through mechanisms of the Illuminati .

THE OCCULT IS A CLASSIC BLAME SHIFTER THEY ARE TRYING TO BLAME THE POLITICANS AND LEGAL SYSTEM, IT'S THEIR WAY TO EXTERMINATE THE JEWS

Dr. Ross (husband of Cathy O'Brian)

"Very recently the head of the intelligence oversight committee, Nancy Pelosi, stood up before the cameras and for the first time I saw a politician be 100% honest. And I almost fainted. She said that the intelligence oversight committee was a joke. It was a joke because of the 1947 National Security Act. The same National Security Act that was imposed upon our case in open court.

She said it's a joke because we're supposed to be the Oversight Committee, [yet we lack] the proper clearance to look at what could be terribly wrong... With projects of the intelligence community and the Department of Defense, she said, "All we see is black ink. [redactions] We can't do our job"... She said the intelligence oversight committee is strictly a fraud.

We know this to be a fact because by the time our testimony had reached Congress, I saw what it looked like, and it didn't resemble anything that we sent them. It was all blacked out.

"Hitler's use of propaganda was incredibly effective. He used it to the fullest extent and was able to impose his will on an immense mass of people. And the Germans were a highly educated people." Alex Huxley

"THE CLEAR PURPOSE OF THE [PROTOCOLS IS TO INCITE HATRED OF JEWS AND OF ISRAEL."

According to the US Department of State's "Report on Global Anti-Semitism" (2004), "The clear purpose of the [Protocols is] to incite hatred of Jews and of Israel." In the United States and Europe, neo-Nazis, white supremacists, and Holocaust deniers endorse and circulate the Protocols. Books based on the Protocols are available worldwide, even in countries with hardly any Jews such as Japan.

Many school textbooks throughout the Arab and Islamic world teach the Protocols as fact. Countless political speeches, editorials, and even children's cartoons are derived from the Protocols. In 2002, Egypt's government-sponsored television aired a miniseries based on the Protocols, an event condemned by the US State Department. The Palestinian organization Hamas draws in part on the Protocols to justify its terrorism against Israeli civilians.

The Internet has dramatically increased access to the Protocols. Even though many websites expose the Protocols as a fraud, the Internet has made it easy to use the Protocols to spread hatred of Jews. Today, a typical Internet search yields several hundred thousand sites that disseminate, sell, or debate the Protocols or expose them as a fraud.

NOBODY IS LEFT OUT OF OCCULT DIVIDE AND CONQUER TACTICS

"Islam does not pose a threat to the West it is the contrary that is correct. Islamic terrorist organizations are hotbeds of imposters in service of the west... Islamic terrorists are connected with Western power through an intricate network of secret societies. While outwardly claiming to adhere to disparate religions these actual terrorists follow .. in the same occult doctrine, the worship of lucifer, and the belief in the use of religion as a disguise to deceive the masses." David Livingstone

THE WEAPONIZATION OF PROPOGANDA

"Propaganda is a truly terrible weapon in the hands of an expert." Adolf Hitler, 1924

NEW YORK TIMES PUSHING THE AGE-OLD DIVIDE & CONQUER TACTICS DEVELOPED BY SATANIC BLOODLINES.

Years of article titles reflect a pattern and concerted, yet hardly detectable effort under one of the CIA's Campaigns of Tension. These same patterns are evident in Washington Post, LA Times and other mainstream media outlets, showing a concerted effort, which effectively kept Jewish money from flowing into the African American communities.

- **Anti-Semitism Is Back, From the Left, Right and Islamist Extremes. Why?** Kingsley, P. (2019) Kingsley insists that anti-Semitism is back and everywhere. He further explains how it is used in politics today to create anti-Semitic attitudes. Additionally, the author quickly notes how newspapers have used headlines to stereotype Jews.
- **Anti-Semitism is rising. Why aren't American Jews speaking up?** Weisman, J. (2018) Weisman explains that lately, the rise against the Jews should arise forcefully and take a stand against this bigotry. The author asks the Jews population to ask for the necessary support and apparatus to fight back without fear.
- **What do Jewish and Black people owe each other?** Kulwin, C. M. (2020) The author tries to put across that the Black community owes the Jews for all the time they have been there for them, such as supporting their civil rights movement for the longest time. He, as a rabbi, has heard so many sentiments that revolve around the lack of support from the African Americans to the Jews.
- **Anti-Semitic assaults tripled in 2018, says a new Anti-defamation League report**. Kaleem, J. (2019) The author explains how anti-Semitism is not dropping or going out soon but is rising every time.
- **Negroes are anti-Semitic because they're anti-white**. Baldwin, J. (1967)Baldwin argues that African Americans express this feeling of betrayal in the form of anti-White sentiment, which he argues is being mistaken for a particular prejudice towards Jews, or anti-Semitism.
- **Black charges of Jewish racism in the entertainment industry.** (1990) The report proves some form of closeted rivalry among the Jews and the black in the film industry.
- **Whoopi Goldberg was wrong… and right.** Wiesen, J. (2022) The article explains how the Jews are no different from the other white community that has always stereotyped the black communitys.
- **Why people love accusing Jews of genocide.** Rosenberg, Y. (2022) The article reports that the Jewish was responsible for exterminating billions of individuals. It further explains how one Louis Farrakhan's allegedly mentioned that the Jews were responsible for promoting vaccines to sterilize the black community. The author says that the Jews are not that innocent when it comes to genocide, and they are more than capable of justifying a subsequent genocide.
- **"Entrenched anti-Semitic views" are rare among whites and Asian Americans, common among blacks and Latinos.** Bernstein, D. (2014) The article tries to justify anti-Semitic views across different races. The author explains that anti-Semitism is quite common among the Latinos and the black community, but the White and Asian population lacks such stereotyping.
- **Most visible Jews fear being targets as anti-Semitism rises.** Stack, L. (2020)The author explains that there has been a rise in anti-Semitic incidents. The tension between African Americans and Jews is very high. This is because the black community is solely responsible for most of the incidents that involve anti-Semitism and not extremists and jihadists, as assumed earlier.
- **The Crisis of Anti-Semitic Violence**

Left-wing columnist Michelle Goldberg claimed anti-Semitic violence helped "shore up" a system of "apartheid" and "discrimination" by Israel against Palestinians by making it more difficult to break the conflation between Israel and the Jewish people.

"This violence also threatens to undermine progress that's been made in getting American politicians to take Palestinian rights more seriously," Goldberg wrote. "Right-wing Zionists and anti-Semitic anti-Zionists have something fundamental in common: Both conflate the Jewish people with the Israeli state. Israel's government and its American allies benefit when they can shut down criticism of the country as anti-Semitic."

- **The New York Times tips its anti-Semitic hand** https://spectatorworld.com/topic/new-york-times-tips-antisemitic-hand/

Minutes before the vote closed, Ms Ocasio-Cortez tearfully huddled with her allies,' ran a heartrending report in this morning's New York Times, describing the House's 420-to-9 decision to approve funding for Israel's Iron Dome missile defense system.

'The tableau underscored how wrenching the vote was for even outspoken progressives, who have been caught between their principles and the still powerful pro-Israel voices in their party, such as influential lobbyists and rabbis'

After years of trying to wake up the world to the rising tide of antisemitism, those on the front lines combating Jew-hatred welcomed the headline on the front page of The New York Times this week: "Antisemitism Is Back, From the Left, Right and Islamist Extremes." In the days since the attack, the F.B.I.'s head-in-sand approach, along with so much of the media's strange pattern of omission, has been the chief topic of discussion in every Jewish circle to which I belong. How can it be, we ask ourselves, that Jews should be victimized twice? First, by being physically targeted for being Jewish; second, by being begrudged the universal recognition that we were morally targeted, too? And how can it be that in this era of heightened sensitivity to every kind of hatred, bias, stereotype, -ism and -phobia, both conscious and unconscious, there's so much caviling, caveating and outright denying when it comes to calling out bias aimed at Jews?

The CIA Goes To Hollywood: How America's Spy Agency Infiltrated the Big Screen (and Our Minds)

Paul Barry, a CIA "entertainment industry liaison officer" Jenkins interviewed, says that, "Hollywood is the only way that the public learns about the Agency." Think about that: it's not that Hollywood is in bed with the CIA in some repugnant way, but that the Agency is looking to plant positive images about itself (in other words, propaganda) through our most popular forms of entertainment. So natural has the CIA–entertainment connection become that few question its legal or moral ramifications. This is a government agency like no other; the truth of its operations is not subject to public examination. When the CIA's hidden persuaders influence a Hollywood movie, it is using a popular medium to spin as favorable an image of itself as possible, or at least, prevent an unfavorable one from taking hold. If incestuous enough,

PREDICTIVE PROGRAMMING

The use of fictional movies or books as a mass mind control tool to make the population more accepting of planned future events. Alan Watt defines Predictive programming as a subtle form of psychological conditioning through media to acquaint the public with planned societal changes to be implemented by our leaders. When the changes are put through, the public will already be familiarized with them and will accept them as natural progressions, thus lessening possible public resistance and commotion.

Before WWII, Nazi members of the U.S. Bund Association and the Tavistock Institute implemented a media campaign in the U.S. to neutralize potential adverse reactions to the attrocities that were about to take place. The successful propaganda campaign turned the public from being strongly anti-war in 1913 to willing participants of WWII through the arts of manipulation with the willing cooperation of the media.

THE CIA USED TO INFILTRATE THE MEDIA. NOW THE CIA IS THE MEDIA.

The CIA used to infiltrate the media. Now the CIA is the media.

By Caitlin A. Johnstone, April 16, 2021 Excerpts

https://mronline.org/2021/04/28/the-cia-used-to-infiltrate-the-media-now-the-cia-is-the-media/

Back in the good old days, when things were more innocent and simple, the psychopathic Central Intelligence Agency had to covertly infiltrate the news media to manipulate the information Americans were consuming about their nation and the world. Nowadays, there is no meaningful separation between the news media and the CIA at all.

.... On Thursday, the Biden administration announced that U.S. intelligence only had "low to moderate" confidence in the story after all. Translated from the jargon of spyworld, that means the intelligence agencies have found the story is, at best, unproven—and possibly untrue. So the mass media had aggressively promoted a CIA narrative that none of them ever saw proof of. There was no proof, because it was an entirely unfounded claim from the very beginning. They quite literally ran a CIA press release and disguised it as a news story...

... This isn't Operation Mockingbird. It's so much worse. Operation Mockingbird was the CIA doing something to the media. What we are seeing now is the CIA openly acting as the media.

This is bad. This is very, very bad.

It's just an immense globe-spanning power structure, doing whatever it wants to whoever it wants. A totalitarian dictatorship in disguise.

A little research into the many, many horrific things the CIA has done over the years will quickly show you that this is true; hell, just glance at what the CIA was up to with the Phoenix Program in Vietnam.

DEMOCRACY REQUIRES FREE MINDS TO MAKE CONSCIOUS CHOICES PROPOGANDA IS A THREAT TO DEMOCRACRY

"But the danger it seems to me in a democracy is this. Democracy depends on the individual voter making an intelligent and rational choice for what do you regard as his enlightened self interest in any given circumstance? But dictatorial propaganda is to try to bypass the rational side of man and to appeal directly to these unconscious forces below the surface. So that you are in a way, making nonsense of the whole democratic procedure which is based on conscious choice based on rational grounds." Alex Huxley

"With new techniques of propaganda, they will bypass the old rational side of man and appealing to his subconscious and his deeper emotions and his physiology. And making him actually love his slavery. I mean, I think this is the danger." Alex Huxley

The New York Times (NYT) was criticized Sunday after running an opinion editorial depicting Nation of Islam leader and prominent antisemite Louis Farrakhan in a positive light.

The article, by Howard University assistant professor Natalie Hopkinson, recalled his role in providing advice to African-American women in the Million Man March to counter "critiques that the Million Man March was exclusionary and sexist," and in helping the community organize to vote in elections.

Nation of Islam leader Farrakhan delivers anti-Semitic speech https://edition.cnn.com/2018/02/28/politics/louis-farrakhan-speech/index.html

Farrakhan has led the Black Nationalist group Nation of Islam since 1977 and is known for hyperbolic hate speech aimed at the Jewish community.

During the speech in Chicago, Farrakhan made several anti-Semitic comments, including, "the powerful Jews are my enemy."

"White folks are going down. And Satan is going down. And Farrakhan, by God's grace, has pulled the cover off of that Satanic Jew and I'm here to say your time is up, your world is through," he later said.

The word "Them" on that placard can mean only one thing: Jews. Not Israel. Jews. It expresses the oldest negative myth about the Jewish people, older even than the notion of blood libel or Jews secretly controlling the world: that Jews are Christ-killers. Now, you may want to criticize the Israeli government and its policies. But that sign perpetuates not a modern, but an eternal sense of the wickedness of the Jewish people. It must do, as Benjamin

THE WEAPONIZATION OF MYTHS & RUMORS

BLAME SHIFTING ENABLED THE OCCULT TO MANUFACTURE DIVISIVE MYTHS

THE PHANEACIAN GRUDGE

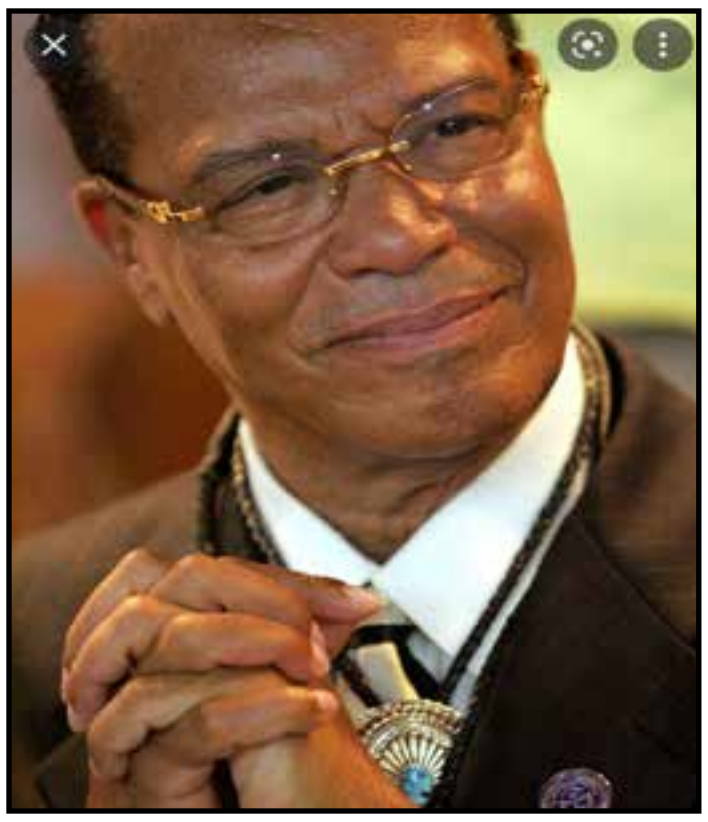
A historical grudge led the occult to support the oppression of Palestianians, including the the movement of Jews into Palestine.

TWO BIRDS WITH ONE STONE

Exploiting all involved, applying various modes of mind control to the occult, the occult was able to kill two birds with one stone. With the help of Farrakhan to disseminate their lie, blaming the Jews for the plight of the Palestinians, and pushing the manufactured myth around the Protocols of Zion. In this way they effectively had African Americans blaming the Jews for oppression of the Palestianians, while effectively obstructing money from the Jewish community from flowing to the prison abolition and other African American organizations, based on a manufactured rumor that African Americans are anti-semetic.

It is occult practice to demonize their victims, and hide behind other victims within their commonality. ie: White people who are not of satanic bloodlines. Then they engage in concerted efforts to misdirect anger, and finally trigger violence, so that their victims can do all of the dirty work.

An FBI informant provided the Black Panthers with weapons and training as early as 1967, so that they could then proceed to use their militancy against them. Other examples of COINTELPRO more recenly, would be how they would attend and sabatoge Black Lives Matter rallies by starting violence.



DIVIDE AND RULE

From Wikipedia

Divide and rule (from Latin dīvide et imperā), or divide and conquer, in politics and sociology is gaining and maintaining power by breaking up larger concentrations of power into pieces that individually have less power than the one implementing the strategy.

Elements of this technique involve:

- Creating or encouraging divisions among the subjects to prevent alliances that could challenge the sovereign
- Aiding and promoting those who are willing to cooperate with the sovereign
- Fostering distrust and enmity between local rulers
- Encouraging meaningless expenditures that reduce the capability for political and military spending
- Historically, this strategy was used by empires seeking to expand their territories.

A RUMOR CAN GO A LONG WAY - AND BE LETHAL

"So what you find is that the substance of the protocols came from the Right of Memphis Isreal founded by Giuseppe Garibaldi, who was the head of the Carbonarie who was part of the Illuminati. (Inteviewer: So the protocols came out of turn of the century Russia.) Yes. I think the best way to understand the protocols is by reading George Orwell's book, 1984...

Orwell revealed the significance in 1984. Winston, the protagonist starts to suspect that things are not what they see. A guy befriends him and then shares with him the book which finally reveals to Winston, that everything he had suspected was going on. There was a conspiracy to keep people in the dark. But what happens is, the book was a trap, and it was used to catch him, snare him and neutralize [kill] him. That, I think, is the secret to understanding the protocols.

There's a great documentary by Abraham Foxman called Defamation bout Theodor Herzl and anti semitism, which talks about Herzl's recommendation to use anti Semitism to advance the illuminati agenda." David Livingstone, Youtube Interview (https://www.youtube.com/watch?v=N8Q2veumH2Y)

"The Protocols of the Learned Elders of Zion constitutes one of the most infamous documents of antisemetism. It consists of the supposed minutes from 24 seesions of a congress held by representatives from the "twelve tribes of Israel" and led by a Grand Rabbi, whose purpose was to plan the conquest of the world. This congress never took place. The pamphlet is actually a crude forgery created by Okhrana, or secret police, of Imperial Russia.

The Protocols first appeared in 1903 and it incorporates many of the most viscious myths about the Jews handed down over the centuries.

...It still serves as a staple for numerous fundamentalists, conservative, neofascist and antisemetic groups in the United States and throughout the world. Indeed, what the real Communist Maifesto was for marxism, the fictitious Protocols was for antisemetism.

It enabled antisemites to see their nemeisis, the Jew, as both an intrinsic element of

UNFINISHED LETTER REGARDING THE RISK ASSESSMENTS...

Dear Ms. Holtzman,

Thank you for responding to my phone message. And more importantly, for your invaluable work in the past and present, bringing light to dark truths in regards to the Nazis that were ushered into this country after WWII, and your efforts to expel them. This letter is related to the direct impact and ripple effects of the Nazi war criminals which remained, and specifically a request for your ideas and suggestions regarding justice for one group of people who are still suffering as a result of the Nazi ideology which I believe drives the Prison Industrial Complex today.

I am the Executive Director of California Prison Focus (CPF), an all-volunteer, thirty year-old grassroots, human rights organization, based in Oakland, California. Our mission is to expose and end human rights violations against people incarcerated in California by working in solidarity with and elevating the voices of the people that are most impa¬¬¬¬¬¬¬¬¬¬¬¬¬¬¬¬¬¬¬cted. Our mission shifted slightly in 2018, but for thirty years our primary focus was as a watchdog organization focused on ending long term solitary confinement in California prisons. Through prison visits and extensive written correspondence with people in California's solitary confinement units (SHU), I developed a powerful relationship with some of the most highly educated, insightful and principled thinkers I have ever met. These men, who I sometimes refer to as the Nelson Mandela's of California, became my teachers.

In 2011 there were over 500 people who had been enduring prolonged solitary confinement torture at Pelican Bay State Prison for between 10 and 40 years. Many were not in solitary confinement because they had engaged in misconduct, but rather on discriminatory and tenuous allegations of affiliation with a gang [Ie: including some whose members identify their group as a political party, but have nevertheless survived decades of persecution behind the CDCR's deceptive designation of their political party as a gang.] As a result of severe psychological distress after decades of a tortured existence with no end in sight, these isolated yet determined individuals, organized the world's largest ever peaceful prison protest. Ultimately, in 2013, the organizers of the California Prison Hunger Strikes and others put their lives on the line, starving themselves for up to 60 days. They were joined by 30,000 other imprisoned men and women in California – according to CDCR numbers - who shared or could relate with their plight. Thousands of others outside of California joined in solidarity, from children in equally devastating solitary confinement units in Washington State to the men being similarly tortured at Guantanamo Bay.

The California Prison Hunger Strikes reached global attention and California courts agreed with what the strikers had been saying for decades [Read about the Ashker v. Brown Settlement in Prison Focus (www.prisons.org) or on the website of CPF partner and ally, The Center for Constitutional Rights] – that indefinite terms of solitary confinement were not rehabilitative nor just. When upward of 2000 people who had been painted out to be the worst of the worst were finally released from California SHU into General Population after the hunger strike and Ashker lawsuit settlement in 2015, there was no obvious spike in violence, except when provoked by prison guards. (See "Excessive Use of Force has Brutal Consequences for Southern Hispanics Confined at Pelican Bay State Prison", August 2022, Prison Focus, Issue 62, pg. 2)

The Nelson Mandela Rules, adopted in 2015 by the United Nations, define solitary confinement as the "confinement of prisoners for 22 hours or more a day without meaningful human contact". The Mandela Rules classify solitary confinement in excess of 15 days, as torture and concludes that the practice should only be "used as a measure of last resort, to be used only in exceptional circumstances". Despite the obvious - that being trapped in a concrete box the size of a parking space under conditions of extreme abuse and deprivation is cruel and unusual punishment, for any amount of time, no less for thirty-plus years - the United States government refused to endorse the Nelson Mandela Rules. While the names and descriptions of these SHU torture units are often changed, the fact is, U.S. prisons continue to torture people in solitary confinement/sensory deprivation units for months and years at a time on a mass scale, reflecting the Nazi extremist ideology that defines the American carceral system today.

Since 2015, a pattern of targeted retaliation against the organizers and many participants of the California Prison Hunger Strikes - has become evident. CDCR correctional officers have an arsenal of tools at their fingertips, to impose retaliatory death by indefinite sentencing for people who were not sentenced to die in prison.

One such tool, is the Personality Risk Assessment (PRA), also referred to by prison staff by the euphemism, "Psych Evaluation", was allegedly developed at UC Irvine, but in reality, the tool appears to have been developed by John Gittinger, (b. 1909), former Navy lieutenant and non-Ph.D Director of Psychological Services at the state hospital in Norman, Oklahoma. Gittinger was the protege of high-ranking

FEDERAL BUREAU OF INVESTIGATION OR GLOBAL NETWORK OF SURVEILLANCE AND SABATOGE?

CORRUPTION ATTRACTS CORRUPTION AND GROWS LIKE A VIRUS

THE FBI IS A PRIVATE GLOBAL CORPORATION. THEY DO NOT PROTECT, THEY CONTROL

The FBI is a private for profit corporation just like NSA. It is a private corporation. And it is not federal. It is global and has branch offices worldwide. The FBI is a foreign owned global corporation.

The FBI is a private for profit corporation just like NSA. It says Federal Bureau of Investigation and the Federal part is just as big as a lie as the Federal Reserve. It is not federal. This is a private corporation.

They are not a police service. They are a foreign owned private cooperation, running in the US. They are not policing, they are controlling. They are running a genocide.

Let's start with the logo because you will see 13 pentagrams here in the logo. Now the first question is, while the American flag has 50 Satanic pentagrams [aka stars], why does this one only have 13 Satanic pentagrams? It just so happens that there are 13 satanic - as in Mafia - bloodlines. So I pose the question: Could it possibly be the case that the US was carved up between the 13 mafia families and the FBI was actually created to police their private ownership - as if you Americans are actually private property, [like the police were created to protect the "property" of the slave owners.] I would say that the FBI is there to provide private thugs for these mafia families, and it's in their logo.

The links to Switzerland crop up over and over and over. And, you know, if you look at maps, I probably won't be able to bring it up this quickly. But if you look at maps of the Second World War, you know, with with all the the Axis powers and so on all the country in the throes of war and will be devastated. Basically all across Europe, you will see, you know, maps of Europe with the entire the entirety of Europe, up in flames, apart from one tiny tiny tiny little country, which is Switzerland, which was all fine. How come none of these fascist dictators and Nazi dictators in Italy, Spain and Germany, all surrounding the country, never thought "Why don't we just go into Switzerland and get all the loot from the Swiss vaults?" It's because the entire thing was coordinated from Switzerland. That was the HQ (head quarters) of the operation. That's where all the Nazi loot was going, to Switzerland.

And after the Second World War when they had all this loot, then they could really start buying up the U.S.. And you can see, they have.

CAPITALISM IN THE HANDS OF PSYCHOPATHS

[The reason the system is NOT working] has nothing to do with capitalism. It's to do with the fact that the Crown Corporation - this global organized crime monopoly - took over the currency. They replaced gold currency, which was a stable global currency that had zero inflation over centuries, with a fake paper currency, and then systematically imploded the value of the paper currency versus gold.

"So, in a sense, how poor you are, is a measure of how many organized criminals you are supporting with your day labor."

What does this Mean?

So the fact that one income is not enough to support a family anymore - even though even neanderthals managed to support a family by the man hunting and the woman raising children - what that means is that the nuclear family unit, is not just supporting their family. It is supporting the family plus a massive big cartel of organized criminals. That's why your money is not enough.

Your income is paying for armies of total bums and criminals. And that's just how hard you work.

A secret organization will always succumb to the criminal element... So a secret agency by nature becomes corrupt.

Subsequently she taught nuclear physics and particle physics at University of Oxford. Eventually Dr. Horton expanded her research from particle physics into medical physics and the physics of complex human systems. As part of the latter, she conducted systems analysis research of the English legal system, economies, the financial system, currencies, as well as white collar crime and organised crime.
Dr. Horton's first experience of Secret Services and their boundless criminality was in Communist Romania, where she was born to Hungarian-German parents. Growing up as a young child, she experienced the non-stop terrorism of her family by the Romanian Secret Services Securitate, an organisation known for its brutality and uneducated idiocy. Dr. Horton's family were a prime target of the Secret Service thugs as they were highly educated and refused to take part in the snitching and informant criminality that was used by the mob networks of the Secret Services to take over the society in Romania.
During her time at the University of Oxford, Ms. Horton began to experience some of the same tactics that her parents had experienced in Romania. Eventually she learned that she had become the victim of criminal operations by the British Intelligence agencies, and became one of the only individuals ever to take them to court, for years of assaults with Direct Energy Weapons and other targeting tactics.

PREDATORIAL PSYCHOPATHY SPREADS THROUGHOUT A SYSTEM LIKE CANCER

Due the nature of how people with no moral constraints who seek power, naturally move up with in any system, if external boundaries do not prevent them from doing so. And since corruption drips down as psychopaths move up, pyschopathic behavior naturally spreads throughout a system. In that way, it moves

But not everybody who is selfish is Satanic.

Cliniacally psychopathic satanists learned how to manipulate people's brain markers as a form of mind control and invisible warfare. Using chemicals and other methods, satanists manufactured grandiose thinking, a characteristic associated with narcissism and lacking empathy.

In other words, Satanists manufactured and spread their own pathology of selfishness amongst us, as a form of psychological chemical warfare.

People with narcissistic personality traits also lack empathy and suck the energy from those around them when boundaries are not present.

BUT NOT EVERYBODY THAT LACKS EMPATHY IS SATANIC.

So what do we do?

Easy. **Be nice!** It is critical to de-normalize the satanic pathology of selfishness - while not demonizing people around us who may be physically incapable of feeling empathy, but who are NOT Satanists.We are, afterall, ALL victims of MKULTRA.

A REAL PSYCHOPATH LACKS EMPATHY

Excerpts from Dr. Robert Hare's book, *Snakes in Suits: When Psychopaths Go To Work.*

Psychopaths also a grandiose individual has a very powerful sense of self or believes that he or she is the center of the universe better, smarter than everybody else. The psychopaths also very manipulative tends to manipulate, con and deceive other people to try and mold them into something that they can use. Remember, the psychopath is really a predator and as a predator, you're trying to groom and put your prey in the right position for where you can make some use of this particular object is the way they would see them.

Psychopath lacks empathy. It is very difficult or impossible for a psychopath to put himself in-side the emotional skin of somebody else. They lack remorse and diffusion of responsibility is the name of the game.

Their behavior puts other people at risk all the time.

They are often charming individuals who have a clinical name: psychopaths. Their hallmark is a stunning lack of conscience. Their game is self gratification at other people's expense....

Considering that the prevalence of psychopathy in our society is about the same as as schizophrenia, which is a devastating mental disorder that brings heart wrenching distress to patients and families alike. The personal pain and distress associated with schizophrenia however, is small compared to the extensive personal social and economic carnage wrought by psychopaths. Pscyhopaths cast a wide net that nearly everyone is caught up in, one way or another. Not surprisingly many psychopaths are criminals, but many remain out of prison, using their charm and chameleon like abilities to cut a wide swath swath through society, leaving a wake of ruin lives behind them. [They may] be a callous, self centered, remorseless person profoundly lacking in empathy. A deeply disturbing inability to care about the pain and suffering experienced by others... a prerequisite for love. A person who functions without the restraints of conscience is the very qualities that allow humans to live in social harmony.

A person who functions without the restraints of conscience is the very qualities that allow humans to live in social harmony.

Psychopathic killers, however, are not mad according to accepted legal and psychiatric standards. Their acts result not from a damaged mind but from a cold, calculating rationality, combined with a chilling inability to treat others as thinking and feeling human beings, the majority of psychopaths managed to ply their trade without murdering people. So by focusing too much on the most brutal note newsworthy examples of their behavior, we run the risk of remaining blind to the larger picture.

ONGOING VIGILENCE NEEDED

Throughout history, when the secrets and criminal activitiy of the illuminati have been exposed, activities of the organizaion have been temporarily suppressed, and made to appear as if it's been permanently, disbanded. But instead, it consistently evolves, always to arise again in a different shape or form.

The ultimate goal however has remained the same: the creation, through subversive means, of a global fascist state, and world domination. Thus vigilance must remain constant. Like Spring cleaning, exposing and disposing of the natural build up of dirt, should take place on a regular basis.

THIS IS HOW A PSYCHOPATH THINKS

Power is our currency, our DNA, our God. We control the world. We provide the blueprint and we give the instructions. We are right here, hiding in plain sight, buying and selling favors, blackmail, treason, deceit, stocks and trade. We work the magic of drunken evenings with senators and chiefs of staff. We shake down demons and negotiate

INSINCERITY DETECTION is a survival mechanism

Since psychopaths usually display a flawless mask of charm and sanity, the question becomes:

HOW TO DETECT PEOPLE WHO DO NOT HAVE EMPATHY?

RULE #1: LISTEN TO YOUR INTUITION

"They may understand at some sort of super superficial level that this person is going through what could be construed as an emotion by other people, but they don't understand it." Dr. Robert Hare

Intuition allows us to sense the facts of nature before the facts reveal themselves. It is instinct to sense threats.

Intuition is a human defense mechanism

that defends us from predators.

People who do not listen to their inside voice - who silence their intuition - are less likely to pick up on a person's lack of sincerity, or any other threat.

They are more susceptable to the dangers of psychopathy.

When entire populations have been tricked or drugged into silencing their intuiton, entire societies become susceptable to collapse.

Chemicals - both illegal street drugs and legal pharmaceutics - supress peoples' intuition.

This is the objective of chemical warfare.

This has been the basis for all witchhunts throughout history.

The actual "witches" are mystic satanists who are driving the opoid and pharmeceutical industry today.

THE RISKS OF 5G ARE WORTH OUR ATTENTION

The manipulation that comes through this 5g system is profound.It's absolutely off the charts. What people need to understand is that it's all military grade technology. It's not just about monitoring. It's not just about surveillance. It's also about social control: crowd control, mood control, emotional control... It's about psychological manipulation through electromagnetic radio waves and not just a psychological control, but also physical control, at all levels you can think of, right across the spectrum.

It's way beyond what many people are considering. They have the capability of manipulating vast sections of population, targeted areas of population or they can target people individually. The nanotech is in everything. Anything that the nanotech is in can be manipulated through this 5g system.

The first generation wireless, 1G was voice. The second generation 2G allowed both talk and text. Third generation 3g, the internet in a limited way. In today's technology 4g, completed that digital migration but [few people understand] the details of what 5g is going to become. When you do your research, you will find that it is worth knowing where it is going because the 5g towers that are going up everywhere.

Wireless radiation has biological effects period. These effects are seen in all life forms, plants, animals, insects, microbes. In humans, we have clear evidence of cancer. There is no question. That is why it is very important that people watch both sides. As positive as what the right hand is offering, you always to pay attention to what the left hand is doing.

Just because a lot of people think something is right doesn't make it right. Just because a lot of people think something is good, doesn't mean that it is good. It will be impossible to exist in a city or to walk outside without being exposed. There's going to be a cell tower in front of every few houses and this means that your personal choices whether or not you personally use a cell phone or hold it 10 inches away from your head, you cannot escape the radiation exposure.

This is not a random series of events that have brought us to this point. All of it has been done by design to lead us to a certain point. Not a lot

Who is rolling this system apparently for our benefit. When you look at the internet, look at what it's become. It's becoming something that we never wanted. We wanted the internet there so he could have access to information we could have fast communication with each other but now it's becoming a digital barrier between us and reality. Now information is being removed from us. It is becoming something that we must interface with in order to access the real world around us. [Now your stuff is] in cyberspace and you don't actually have access to it on your own computer, which means you can be locked out of all of your stuff at any time, while they say it's for your security.

I mean, this is ridiculous, right? They are removing our access to everything around us by creating this digital interface. They say, "We're locking you out of the system because you've changed location for the day. And so we don't think you are who you are. So we need access to all your devices and your cell phones and everything we can get to try to track you and triangulate you everything we can on you before we can let you have access to your own things again." That's what they do and they call it security. But it is not keeping you safe, it is keeping tabs on you and making sure they can [control you] and you're agreeing with it by going along with them. And when you've got kids that are growing up into this system and everything that they do is online. Everything they know is online all their bank accounts, their shopping, their friends, Instagram, all their connections to everything their electricity bill. It's all online and even their car keys, access to their house becomes a digital then any threat of being locked out of that is going to stand as a major obstacle to these people ever thinking for themselves in their lives.

Between us and the real world is the threat of us being locked out of that interface is going to be a totally complete system of absolute control. That's how you get people folks, you get them addicted to the tech and you make the tech essential in their lives and then any threat of being locked out of that tech makes these people walk between the lines, and under their control.

"It is military grade technology. And what it's about is control. Ultimately it is a weapon system. It's a surveillance system and a weapon system. You can have people on the surveillance and then you can weaponize it and target certain individuals for elimination or a heart attack, cancer or whatever you want to do to them." 5G Awareness Paarl

Paranoia is feeling the threat but NOT having all the facts. Pyschopaths exploit paranoia via their targeting.

PRISONERS GIVEN TOOLS TO DO THE DIRTY WORK OF CORRUPT OFFICIALS

A note written by a California prisoner, at the bottom of a flyer regarding the organized stalking and electronic harrasment of targeted individuals, which was mailed to California Prison Focus to inform us about the targeting of prisoners by prisoners. He stated this: "I spoke with Drew and he agreed that this is what is. It's inside prison being controlled by other inmates."

SATELLITE TERRORISM

TOTAL LOSS OF PRIVACY

Surveillance is usually carried our first unannounced secretely for years - without the targets ever being able to detect that their innermost details have been collected and stored and that their own eyes themselves are made to act as cameras giving the latest details about themselves and the places and persons they visit. These devices are suspected to be authorized to access government satelites and are linked to supercomputers for data analysis and harvesting purposes. Victims have no privacy anywhere on the planet (bathrooms and bedrooms included).

HARMFUL EFFECTS

The targeted people's physical health, hygeine, peace of mind, career and social credibility, family, friends and other relationships - all these get seriously downgraded and systemically made to fade out via the torture program. A primary goal in these 'slow-kill', 'no touch'/'soft kill' programs is to remove Targeted Individuals from the job workforce - so that they are in range at home for longer times to facilitate more testing, refining of weapons and for training more

THE TECHNOLOGY IS MORE ADVANCED THAN THEY WANT US TO KNOW

"There are 1000s and 1000s of victims in the U.S. and Europe. And I'm not aware to this day of a single police investigation ever having taken place anywhere in the world. So that tells us something it tells us that the police is directly involved in targeting and certainly their surveillance networks and the Intel surveillance networks are heavily involved in gang stalking and housebreaking and hacking anybody on that list." Dr. Katherine Horton

ORGANIZED STALKING

"Organized Stalking is a form of terrorism used against an individual in a malicious attempt to reduce the quality of a person's life so they will: have a nervous breakdown, become incarcerated, institutionalized, experience constant mental, emotional or physical pain, become homeless, and/or commit suicide. This is done using well-orchestrated accusations, lies, rumors, bogus investigations, setups, framing, intimidation, overt or covert threats, vandalism, thefts, sabotage, torture, humiliation, emotional terror and general harassment. It is a "ganging up" by members of the community who follow an organizer and participate in a systematic "terrorizing" of an individual." Mark M. Rich

Estimates of how many people are being targeted worlwide range from 10,000 victims (Vice, 2022) to 2 million victims..

THE 'MISDIRECT' VERSION:

Organized stalking is a form of **GOVERNMENT** harassament and surveillance. Mental health "experts" see organized stalking as a delusional form of paranoia. **Victims insist that their experience is based in reality.**

ORGANIZED STALKING

Excerpt

It its with a heavy heart that I am in front of you now to make this video. I am a victim of covert harassment and electronic harassment and gang stalking.

I'm what's called a targeted individual. There are 1000s of targeted individuals in the United States of America, subjected to some pretty heinous treatment, which I'll detail here.

You can find out more about what a targeted individual is simply by googling or YouTubing the words 'targeted individual' or 'gang stalking' and you'll... hear the stories of other targeted individuals.

The goal of gang stalking is literally to drive a targeted individual crazy. It's a very comprehensive program and it's sadly it's a government program [Intel Agencies]. Its roots are in MK Ultra and COINTELPRO which should have been eliminated, but unfortunately, they're still around. They are not only still around, they are far more comprehensive than they were even [back in the day]. The goal is literally to isolate the person; to make them destitute, and financially unstable to the point where they can't take care of themselves. Many target individuals live in homeless shelters and on the street.

We demand an explanation for these activities and compensation for pain, suffering and illegal torture. A similar letter has been sent to the Air Force Space Command in Colorado Springs, and the DHS.
As leaders in the DOJ and FBI, we demand that you immediated CEASE AND DESIST your illegal activities, including the use of government personnel and any external groups, which may also be participating. Such operations are in violatio of Article 32 of the Geneva Conventions (Psychological torture) and numerous Federal & State laws
This CEASE AND DESIST ORDER is to inform you that your conspiracy to commit torture, harassing, stalking and intimidation tactics are illegal and will not be tolerated.
You may have already violated numerous Federal laws, including..."

THE GOAL IS TO CREATE A STATE OF LEARNED HELPLESSNESS AND DEPENDENCE... *PROLONGED* MENTAL HARM

The aim of the CIA's family of interrigational abuses was certainly not benvolent.

The aim was to assault the target with endlessly creative forms of physical violence, psychological stressors, environmental manipulations and abusive conditions of confinement, while systematically dismantling the target'e ability to cope with pain and distress by subjecting him to unpredictable and uncontrollable circumstances; To make the target child-like, submissive and perpetually fearful, and to deprive him of free will. This is self-evidently mental harm.

And the target is supposed to remain in the broken state during subsequent days or weeks... In the CIA's words that we quoted earlier, "The goal of interrogation ***[Or U.S. prison parole hearing and/or other torture programs, like that targeting activists.]*** is to create a state of learned helplessness and dependence conducive to the collaboration of intelligence in a ...sustainable manner... ***prolonged*** mental harm.

INFORMATION ELIMINATES PARANOIA... AND THAT'S THE POINT

The exploitation of Paranoia is a key element to the occult strategy, used to CONTROL.

Paranoia is a natural response to sensing danger, but not knowing exactly what or where the threat is coming from. Information relieves **paranoia**.
If the threat persists, the paranoia may turn into a different feeling, also key to our survival: **fear**.
As a victim of targeting gains information regarding a threat, such as the technologies that are being used in organized stalking. Unless the threat is eliminated, the paranoia turns to fear, driving a person to apply the information in determining a subsequent action to take in eliminate the threat.

Paranoia and fear are feelings that contribute to critical defense mechanisms. We can no longer let ourselves by manipulated and controlled by these feelings, which are tools that are meant to serve and protect us, not to be used to manipulate and destroy us.

caballeon is a compilation of hermetic teachings.

The Caballian is premised on the theory that there is an intelligent thinking substance that pervades all space and time. By coming into harmony with this intelligent stuff, you can to a large extent, control what you manifest in your life. Our material and seemingly solid surroundings have been shown by science to be made up of particles of energy and empty space, which too is energy or information. Even our bodies are comprised of these particles of energy, yet all appear and feel seemingly solid. Perhaps the solidity and tangibility of Reality is merely our interpretation of the information that we receive through our five senses, fooling our consciousness into believing our is as we perceive it, when really, it's our interpretation of the information...
The electromagnetic spectrum involves vibration of certain wavelengths. Some we can perceive, for example, visible light, and others we can't, such as UV light and radio waves. Regarding our emotions, and our own vibrational state, the Caballian says, they teach that all manifestation of thought, emotion, reason will or desire or any mental state or condition are accompanied by vibrations, a portion of which are thrown off and which tend to affect the minds of other persons by induction. This is the principle which produces the phenomena of telepathy, mental influence, and other forms of the action and power of mind.

"I didn't feel funny in the lockdown. I hadn't spoken to anybody in like three weeks. ... I forgot how to act. I forgot what I was about. What am I? I'm this thing made up of component parts. And it kind of dismantles your humanity to be isolated like that." Meryll Streep

"Somebody asked me how do I deprogram myself. Well, do the opposite of what you were forced to do. For example, (instead of suppressing or ignoring your feelings), be aware that being very physical, expressing it with your gestures, with your tears, with your anger, punching cushions, and talking about it is very good. Because typically what psychopaths do is that they want to keep all of that in. To keep up the facade. Don't. If you're not allowed to swear. Swear. "

"My first year of college wass 68 years ago. One class I took was political science. My textbook outlined the few steps to overturn a democracy:

1. Divide the nation philosophically.
2. Forment racial strife.
3. Swarm the nations's borders indiscriminately and unconstitutionally
4. Engender the military to weaken it.
5. Overburden citizens with more unfair taxation.
6. Encourage civil rioting and discourage accou ability for all crime
7. Control all balloting.
8. Control all media.

LESSONS FROM KAFKA

Why We Should "Just Say No" to Totalitarianism

Franz Kafka was a writer, born in 1883 into a middle-class German-speaking Czech Jewish family in Prague, the capital of the Kingdom of Bohemia, then part of the Austro-Hungarian Empire. Kafka lived through the disintegration of the Austro-Hungarian Empire, to which Kafka lost three younger sisters and his nieces and nephews, all of whom were murdered in one of the over 15,000 extermination camps that was established during the mass extermination of the 1940s. His stories should be a reminder to us here today.

Kafka expresses his feeling that the modern world is a tangled web of bureaucracy and legal system that is used to neutralize and control people, and cause individuals to feel powerless and defeated.

His stories all feature a lonely protagonists battling to be accepted by a group, community or authority. Kafka expresses his feeling that the modern world is a tangled web of bureaucracy and legal system that is used to neutralize and control people, and cause individuals to feel powerless and defeated.

Amerika, also known as The Man Who Disappeared – which, like most of his stories, he never completed to his satisfaction - was the first novel he wrote.

America is the story of a man arrested for a crime, that he had no idea he had committed and by people who never identify themselves. He's not even sent to prison, so he's free while trying to work his case. Justice is twisted here. It's the man's job to prove himself innocent, not the authorities to prove him guilty.

The detectives who work the case Kafka turns things upside down and takes the reader into a complete nightmare where we don't know what's going on. He gets a lawyer who makes things much more difficult for him and almost becomes like a slave master the way he controls his clients. He approaches others to seek help, but him but nobody is able to.

Finally on his 35th birthday, Joseph is arrested again by original two men and executed outside the city without ever finding out what his crime was.

THE STATE IS AFRAID OF YOUR THOUGHTS - THAT IS YOUR POWER

"The most powerful weapon in the hands of the oppressor is the mind of the oppressed..." - Steve Biko

"Instead of trying to avoid conflict or whining about the injustice of it all, consider an option developed over the centuries by … strategists to deal with violent and acquisitive neighbors; reverse intimidation. The art of deterrence rests on three basic facts about war and human nature:

First, people are more likely to attack you if they see you are weak and vulnerable;
second, they depend on the signs you give out, through your behavior both past and present;
third, they are after easy victories, quick and bloodless. That is why they prey on the vulnerable and weak." – Robert Greene

"Whenever I feel physically trapped I think about the power of thought. The mind is a beautiful and eternal place, and no one can ever reach it if you don't let them... The state is afraid of your thoughts, and that is a huge and delightful thing." (Anonymous. Advice from Turkey)

'MISDIRECT' ANALYSIS FOUND ON YOUTUBE:

Lesson 1: There is beauty to be found in failure.

Lesson 2**:** Accept the lack of meaning and absurdities in our lives.

Lesson 3: Ultimately we are alone. Don't feel

Lesson 4: Be useful to others, but don't expect too much.

Lesson 5: Life is full of ironies. Kafka's books can be read as dark comedies. so illogical and comically stupid that you can't help but laugh in the face of it all. Sometimes all we can do is laugh and that is ok. (It's ok to cry too.)

Food for example, is supposed to keep us alive. But in some rich countries, there are so much food that it has become a major killer through obesity related illnesses. Modernity had promised everyone more free time but people in affluent countries are the busiest of all. The justice system was supposed to protect the weak, but it has to become like a spider web that only catches those who are vulnerable. In the face of life's terrible Kafka-esque ironies, it's okay to laugh a little.

Lesson 6: You can't know everything. Western civilization or modernity is predicated on the idea that through science, we can know everything. In other words, there is an absolute truth that we can discover. In a way Kafka tells us that knowledge is never absolute.

Lesson 7: Kafka shows us that human life is pretty ordinary..... He believed humans are a just another species among millions of other species, no more special or divine than any other. He believed that the egocentric notion of human life was imposed on us.

Lesson 8: Don't give up the fight. In the past, Kings used to discipline people with brute force and physical torture. But in the modern world, authorities and companies have created walls around them which we call bureaucracy or institutions, that threaten our freedom. But Kafka's heroes never give up. Despite the regime creating one obstacle after another, despite the odds being stacked against them and brutal consequences, they continue their struggles to the very end. Kafka's heroes never give up.

(Despite his pessimism, Kafka wasn't a defeatist. A defeatists would not be writing or telling stories. A defeatist would do nothing. Kafka wrote about the oppressive environment around him consistently until his very last breath.)

Lesson 9: Kafka shows us that if our notion of humanity is based on a myth and illusion, so is the power once we penetrate it. In other words, nothing lasts forever. And that's ok. Authorities may have the resources but individuals have their wit and dogged persistence. Alienation is universal. Individuals are sometimes alienated from their families, communities and even from themselves.

In today's world most of us don't even know where our food is coming from. Modernity turned us into commodities or piece of data. Our information is used as product and sold by social media companies. We track our own very movement every day and pass that information to these giant media companies to sell us products or manipulate us in some way.

Lesson 10: Tell stories. Despite all his pessimism, doom and gloom, Kafka didn't resign. He dedicated his life to the art of storytelling, using every free hour of his time to write and tell stories... Writing was Kafka's craft, but also his escape.

So Kafka teaches us that despite the fact that life has no inherent meaning, is full of failures and obstacles, you can still tell stories. Tell your stories, great stories, and if you fail, fail beautifully. .

DEREGULATION

In June 2016 "a bill to implement the U.S.' very own de facto Ministry of Truth had been introduced in Congress. As with any legislation attempting to dodge the public spotlight, the Countering Foreign Propaganda and Disinformation Act of 2016 marks a further curtailment of press freedom and another avenue to stultify avenues of accurate information. H.R. 5181 seeks a "whole-government approach without the bureaucratic restrictions" to counter "foreign disinformation and manipulation..." The bill further chips away at press liberties in the US, and sets the stage for future which hunts and website shutdowns, purely as a result of an accusation that any one media outlet or site is considered as a source of "disinformation and propaganda" is shut down by the government. But in 2017, Obama signed into law the 2017 National Defense Authorization Act (NDAA) which authorized $611 billion for the military in 2017. Later in the year, the "Countering Disinformation and Propaganda Act" passed in the Senate, - quietly inserted inside the 2017 National Defense Authorization Act (NDAA) Conference Report. Shortly thereafter, it was ever so quietly signed into law.

"When we control the weathe, we control the world."
Lyndon B. Johnson Matt Landman:

Frankenskies shows what they're capable of and what they're likely still doing. ....Professor Charles Hatfield was hired by the city of San Diego to try to make it rain. In 1914 he built a tower 35 feet tall and sprayed chemical haze into storms causing the clouds empty. The clouds dumped so much rain [in the subsequent storm] that he was sued by the city for damages. So in 1914 we can make it rain. By the time you get to the 50s it's evident that the weather can and likely is engineered and controlled by the Air Force or the powers that be. In the 60s the engine started to evolve and become more efficient... Once we get to modern day, the aerosols that they spray from jets takes us to a new concept called geoengineering, which is saving us from global warming by spraying the skies with chemicals to dim the sun. And all of that gets wrapped up in this concept called chemtrails, which is aerosolized chemicals or metallics being sprayed from jets in the atmosphere for different purposes.

By the time you get to the 50s it's evident that the weather can and likely is engineered and controlled by the Air Force or the powers that be.

There's a lot of different things going on. There's the shorter trails and the medium trails and there's drones. Gases and different things are being mixed together...But that's kind of like deeper down the rabbit hole for people who are just learning about the subject. There's so much to it...

THE WEAPONIZATION OF ALCHEMY, NUMEROLOGY, MYTHOLOGY AND MYSTICISM

The war is here now, and real information is critical to decision-making when defending ourselves against real threats. So while lacking absolute expertise, here are some concepts to understand in the warfare that is being used against us.

STRATEGIES BUILT ON CONCEPTS OF SPACE, TIME AND MOVEMENT

Hermetic warfare tactics are based on "Diabolical Megaliths" which allow them to "pin down" natural forces, using the forces of nature to meet their agenda.

TIME

Warfare strategies of this fraternal orders rely on concepts of alchemy (polarity), as well as vibrations and magnetism (laws of attraction) and patterns within nature, reflecting movement of both matter and information, through space and time.

Applying these concepts to warfare tactics, our enemies rely on graduality for purposes of normalizing concepts and lies that serve their hidden agenda. They gradually feed into myths over time, through control of the publishing and media industries and through every possible mode of misinformation.

They rely on human nature that dictates the movement of information over time, to create buffer zones in the movement of information, along with mergers, acquisitions, acronyms and name changes to create confusion and obscure reality, relying on concepts of group memory and the movement of information over generations.

They also rely on the movement of information between people over time, as the basis of their whispering campaigns, used in conjunction with surveillance and targeting to discredit people and silence ideas.

Their strategies of war rely on old plans which rely on patterns and predictability. Thus our defense needs to rely on unpredictability and spontenaeity.

They are not expecting Unity, which changes the patterns and flow of information through space and time. Unity also throws off their divide and conquer tactics.

SPACE

The functionality of our executive thinking skills and health of the human egos is based largely on the proper bal

GOING DARK: IMPACT TO INTELLIGENCE AND LAW ENFORCEMENT AND THREAT MITIGATION [Funded by U.S. government's: Office of the Director of National Intelligence]

"The Department of Justice (DOJ) has publicly noted that the prevalence and sophistication of encryption and the use of new applications (apps) are degrading the ability to collect information pertinent to national security. More specifically, these technologies are diminishing both law enforcement and the Intelligence Community's (IC) ability to lawfully intercept data in motion as well as access stored data.

....This paper presents the findings of a team of public and private sector analysts focused on the going dark problem and its attempt to collectively address the national security concerns resulting from barriers to data collection. The team arrived at the key findings through extensive qualitative and quantitative research which included conducting interviews on going dark with subject matter experts within the private sector, the intelligence community and law enforcement agencies. It is important to note that the findings, statements, and views expressed in this paper belong solely to the team and do not represent or reflect the position of the U.S. Government or any commercial entity. Recommomendations include: * Increase and enhance partnerships across the intelligence community and law enforcement agencies [Data-sharing], * Increase public-private sector partnerships; and * Create government liaison officers tasked to manage relations with both the private sector on specific cybersecurity and privacy issues.

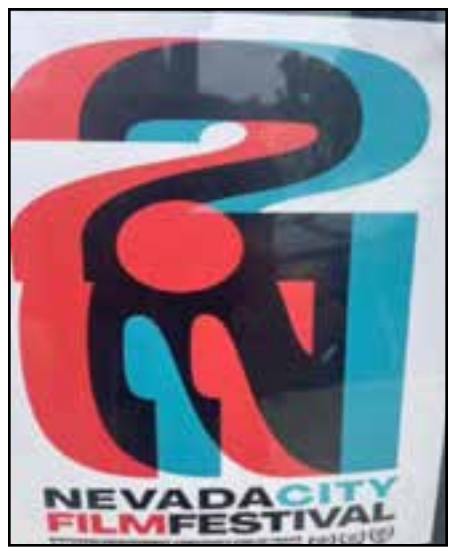
WEAPONS OF NORMALIZATION AND GRADUALITY

In New York, another urban area that people are being pushed into, the police car sirens now sound like more like a bomb sirens and creates the intended effect.

It only took a couple years of fires to numb Californians to a sound that could indicate danger or warfare. Roadblocks are popping up all around California. Flashing blue lights are being normalized by having them in Walmart parking lots and on road sides, while people in positions of quasi-authority are normalizing florescent clothes as indicators of authority and power, so when chaos hits, we will police eachother.



PHOENICIAN WAR TACTICS ARE LARGELY GEOGRAPHY-BASED

NONCONFORMITY LOWERS THE COST OF DISSENT

Someone has to be the first to pierce the bubble. But who's going to risk the slings and arrows of their peers? They'll suddenly be the odd man or woman out. But what we have to remember is this: when totalitarianism rises, the point isn't seeking validation of our peers. It's risking the disapproval of them. And should we all be able to undertake that, then the costs of dissent will be lowered.

When totalitarianism rises, the point isn't seeking validation of our peers. It's risking the disapproval of them. And should we all be able to undertake that, then the costs of dissent will be lowered.

So intellectuals, scholars, and the rest of us, have to learn to ditch the consensus bias we're prone to. When it comes to establishing a criterion for totalitarianism, the consensus bias is more harmful than helpful. It slows societies down and prevents them from responding fast enough to a social cirus that's growing at epidemic spped."Uumair Haque

FAKE SCIENCE PUSHES THE HIDDEN AGENDA OF PSYCHOPATHS

"Any sufficiently advanced technology is indistinguishable from magic."

Witchhunts have occured throughout history by these same nefarious forces, to silence those who do not conform with the prevailing social or theological order, that is usually established to meet the agenda of those already in power. Using invisible weapons of targeting to create fear along with the dissemination of misinformation and manufactured stigmas. Fear may then be misinterpretated by well-intentioned family members or cops who were miseducated as either mania or as being under the influence of narcotics.

Thomas S. Szasz, MD, who's written several books that were historically ignored by mainstream media, addresses the phenomenon of manufacturing and stigmatization of mental problems, describeing the notion of witchcraft being used to enforce principles of rule-following behavior and to deny moral, personal, political and social controversies by pretending that they are psychiatric problems.

Michael Hoffman II in his book, Secret Societies and Psychological Warfare, explains that the current witchunt was created to usher in a world devoid of spiruality and nature. He explains the subjectivity of science, in that it is fundamentally about the uses of measurement. What does not fit the yardstick of science is discarded. Scientific determinism repeatedly exludes some data from its measurement and fudges other data in order to support the self-fullfilling nature of its own agenda.

The cryptocracy, he goes on to explain, has successfully harnessed to its own ends the huge potential for promoting secret occult agendas to the public, by presenting them as unassailable, "objective scientific truth." Since the bogey of "Science" instills in secularists a sort of blind reverence, opponents of political and occult agendas promoted through the propoganda of scientism, are quickly stigmatized.

This process is observed in the Renaissance, which was informed by a secret gnosis whose core dogma was a momentous new change in man's attitude toward nature: the alleged "perfection" of a "flawed" creation by the intervention of the "omnipotent" human brain, thus giving birth to the monstrous world of machinism, industrial pollution, ugliness and the modern way of death, we have come to term, "the rat-race."

Thus to create a chemical-dependent world ruled by scientism and manufactured pathologies, and a future that resembles the matrix, feelings and intuition which allow us to be loving, creative beings, with the capacity to develop meaningful human relationships, a healthy sense of agency and strong defense mechanisms, have been systematically broken down through fake diagnosis, stigmatization, institutionalization, electric shock, forced intake of chemicals and other forms of torture, all serving the self-serving agenda of warfaring predators.

HISTORY OF OCCULT TERRORISM

The plot for a series of World Wars in the twentieth century, culminating in a third against the Muslim world, was devised in the 18th century, by American Civil War general, Albert Pike, then Grand Master of Scottish Rite Freemasonry, a primary adjunct of the Illuminati. Though the final plot has been reserved for our time, the conspiracy is affiliated with an occult lore that dates back to at least the 6th century BC. This lore begins with a heresy, known as Kabbalah, which disguises itself as Jewish, but is a pact to seek world domination, and the eradication of religion in favor of the worship of Lucifer.

According to their own accounts though, the Illuminati represent the descendent of Atlantis. These Fallen Angels interbred with humans, producing a supposedly superior race called "Aryans." They regard themselves as inheritors of a centuries-long tradition of preserving their occult knowledge against organized religion. Throughout the centuries, they have been intermarrying with one another, to preserve their "sacred" bloodline, and to transmit their esoteric knowledge from generation to generation.

Despite the imminent threat posed by this historically predatory network of Luciferian-worshipping individuals, both massive and looming, the vast majority of Americans remain ignorant to the existance of this highly secretive network and the criminal means by which it functions.

Fronted by the powerful banking dynasties of Europe, the Illuminati currently exercises supremacy over the world's governments, economies, and even cultures. Adopting any disguise to suit their nefarious objectives, they straddle between fronts of legitimacy - philanthropy, the medical, child welfare and prison industry - and illegal activities - arms, drugs and sex trafficking. Intertwined with the world's intelligence agencies and international crime syndicates, they have devised strategies to secretely control every aspect of our lives. They work hand in hand with the Freemasons and other secret societies, and have been responsible for the emergence of numerous cults, who contribute to their shared objectives.

The Illuminati relies on demoralizing societies by promoting every vice, sexual depravity, greed and war, in to deliberately destroy the social fabric that holds people together.

Despite all the fear mongering, the Muslim world does NOT pose a threat to Americans. Islamic terrorists are connected with Western power through an intricate network of secret societies, rooted in the same occult doctrine, the worship of Lucifer, and the belief in the use of religion as a disguise to deceive and control the masses. Terrorist groups were created, to artificially foment militancy in the Muslim world, in order to create a so-called Clash of Civilizations intended to support the hidden agenda of the Illuminati to foment a global war. [This is a similar tactic to the FBI's Violence Project which fomented mili-tancy and tension between different groups within the Black Power Movement, funneling guns into the movement, covertly creating a culture of militancy, while outwardly using the militancy of the movement to delegitimize and weaken it.]

The International Conspirators, currently targeting the United States, and ultimately the entire free world, can no longer be ignored. They have already been playing this one-sided chess game with our lives, in a game we never agreed to play, for far too long. The solution requires we end the game immediately as we are rapidly nearing a point of no return.

SATANISTS AND PEDOPHILES ARE A PRODUCT OF UNDERGROUND SECRET SOCIETIES GONE AMUCK

David Icke

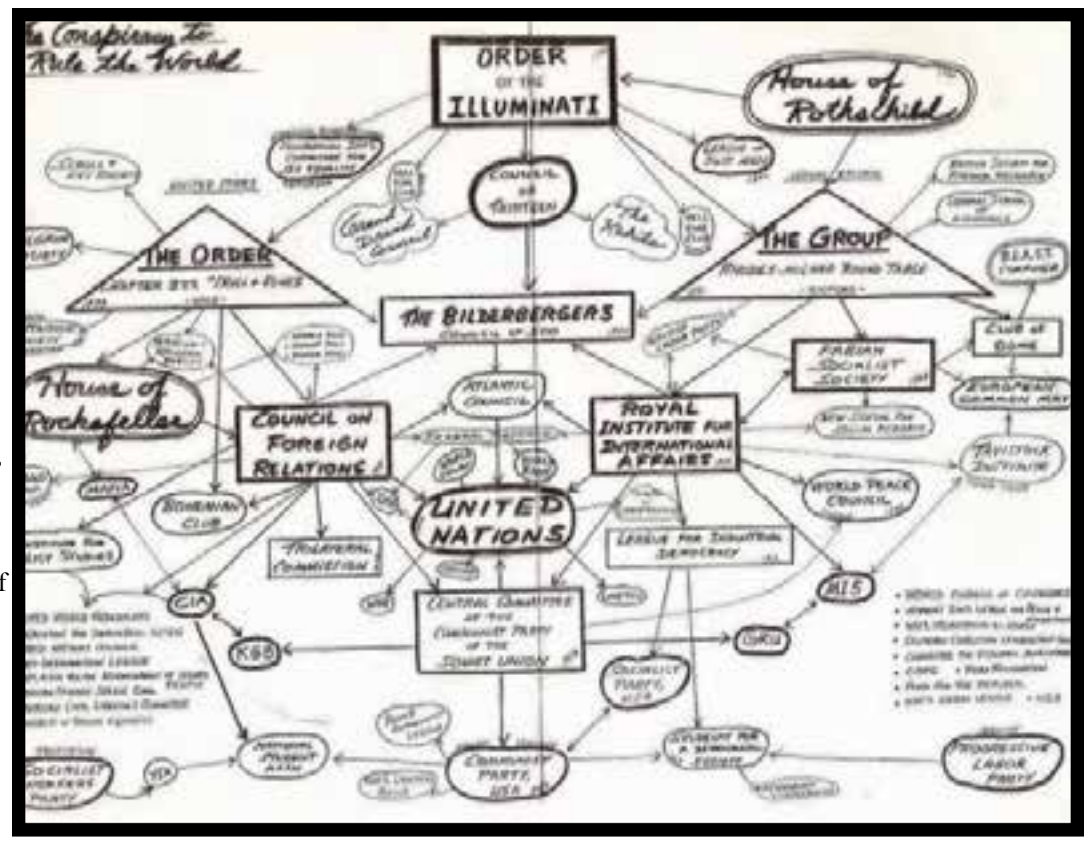
In simple terms, there is a predator race... feeding off humanity. They turn humanity into a slave race. They demand human sacrifice. That's where Satanism comes in. They feed off human energy, particularly off the energy of children... nefarious [beings, that] manipulate the collective human mind, warping our perception of reality...

The Isle of Wight is a world within a world, with Freemasonry and Satanism at the ancient family lines and landscape make it a powerful spiritual hub... This stone is the main one where apparently satanic rituals happen on a regular basis. It's called it's called the Longstone. ...Is the center point of this energy that they're trying to tap into.

There is a network of Freemasons Satanists and pedophiles that run this island... It's funny that you come on a sunny day like this... it's a nice day and there's families around. But do you see the stones? On Halloween and during these ritual periods, it's a totally different story.

....What they would do, among many other things... You'd have them in their robes, and hoods, all around here and you probably would have a sacrifice on this this is the altar. It's horrible. But let's get the truth out. What they're doing is manipulating the sacrificee. Then when the sacrificee realizes nobody is coming to help...At midnight or something, when no one is around, they sacrifice the victim and they drink the blood immediately, which has this chemical substance in it. And they go crazy. I've talked to people who've been at these rituals, and about how once the sacrifice happens - when the blood runs - these people go crazy with blood.

Stanley Kubrick was an insider. He was a great filmmaker, and his last movie was called Eyes Wide Shut. He died soon after it was presented to executives of the film company and was given no fanfare whatsoever when it came out. And they took 25 minutes out of it, which he had refused to do. He filmed a ritual with Tom Cruise in it, in which I only found out more recently was a Rothschild mansion. You had the orgies going on and you had the people being killed but that was such a mild version. In the real version, there's blood everywhere.



WHO ARE THE "THEY" ?

The term "conspiracy theory" was coined by the CIA. In conjunction with use of the publishing industry and hollywood to muddy the waters between fact and fiction, as well as the manipulation of minds and myths, using words and language and the creation of secret societies and secret agencies to veil their criminal activity, a massive syndicate of illegal activity has been successfully committing crimes against humanity for over 100 years, with the intention to bring America to it's knees. But who are "they"?

The real mobility come from ancient bloodlines of the Papal States. They financed and created the holy corporation of the Vatican, called the Holy See, and held leadership positions within it since it's inception. The Holy See is the oldest and most criminal corporate entity in existence. Running the largest intelligence network in the world, they have been conspiring to enslave us all, for centuries. Considering themselves sovereign princes, these families are relentlessly unscrupulousness, using murder, rape, kidnapping, robbery and all kinds of deception on a large scale, without restraint. They believe that some people are born to rule and others to be ruled, while the vast majority of a given population should be condemned to oppression, servitude, or slavery, which continues to be the theological position from which they operate.

Connecting to corporations and governments worldwide through papal and royal statutes, they control politics, police, business, and organized crime. The same year that the professor of ecclesiastical law and practical philosophy at the University of Ingolstadt, Adam Weishaupt, created the Order of the Illuminati, was the same year that they created the United States was created as a corporation.

They create and run religions and secret societies. They finance bankers and entrepreneurs to work for them, while authorizing and issuing the creation of laws, agencies, the military, companies, and universities. They finance and run organized crime syndicates as if they were commercial enterprises. The Roman Curia or Papal Court is the highest organized council in society and is directly supervised by the princes of the Colonna and Torlonia families. The Pope claims temporal power or ownership over the Earth and also claims Papal Supremacy or Papal Rule and Papal Infallibility. Infallibility means incapable of being wrong. Their goal remains, to lead us towards their agenda of a "New World Order".

"The great strength of our order lies in his concealment, he decreed, let it never appear in any place in his own name, but always covered by another name, and another occupation." Adam Weishaupt (A founding member of the illuminati in the late 1700s)

The foundation of secret societies is secrecy. The games and abuses of secret societies are without end. Men desire status, and offering them access to secrets, real or imagined, is a way to manipulate them. The ultimate goal is manipulation, trickery and coercion. Novices in the secret order are told what and how to think. They must obey without question. There is no room for patriotism or religion, only absolute loyalty to the order, and one's superiors.

While secret society's and occults of static nature have been exposed and disrupted in the past, they have never been exterminated. Today they are running rampant, behind the curtain of our world's so-called Secret Intelligence Agencies. The strength of these secret societies lies in their perfected mastery of diception and concealment.

The organizations hide behind any facade or group of people that they can, including organizations, religions and entire races even. This is how they infiltrate and destroy all good things. They are masters of manipulation; of sabotaging the good intentions of people and groups in a way that positive agendas are quietly replaced with nefarious agendas, and the group or individual unknowingly ends up providing the shields and tools to achieve that which ultimately aims to undermine their strengths, and/or exterminate them.

For example, when Adam Weishaunt looked for an existing secret society to serve as a cover to hide behind, he infiltrated Freemasonry. When the public is already accustomed to something, they take little notice of it. Gradually the lodges were turned into vehicles for Illuminati propaganda and expansion.

MONOPOLIZERS OF THE SEA INFILTRATED EVERY NOOK AND CRANNY OF OUR WORLD

The founders of Amway, were a Director and past Chairman of the Board of the U.S. Chamber of Commerce; and the Director of the National Association of Manufacturers. Clearly there was a hidden agenda, described below:"On the surface Amway is a company which markets soaps, cleaners, vitamins... But Amway does something else too. It sells a motivational system, a cause, a way of life..., it represents a value system which has changed the lives of several million people in the United States alone.

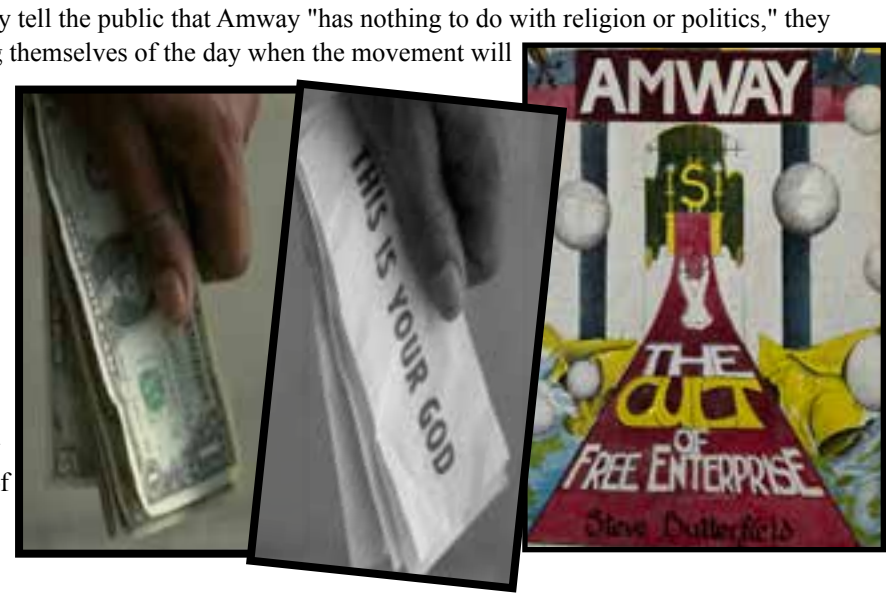
Amway offers to its distribiutors not only the dream of wealth, but a born-again religious experience ... a total pre-packaged pursuit of happiness in which all authority comes from the top down... The employees who run the operation are divided into a class system which excludes collective bargaining by design. At the bottom of the hierarchy are the "temporary" helpers.. . who often work 40 hr weeks but receive no benefits.

Amway offers a total pre-packaged pursuit of happiness in which all authority comes from the top down...

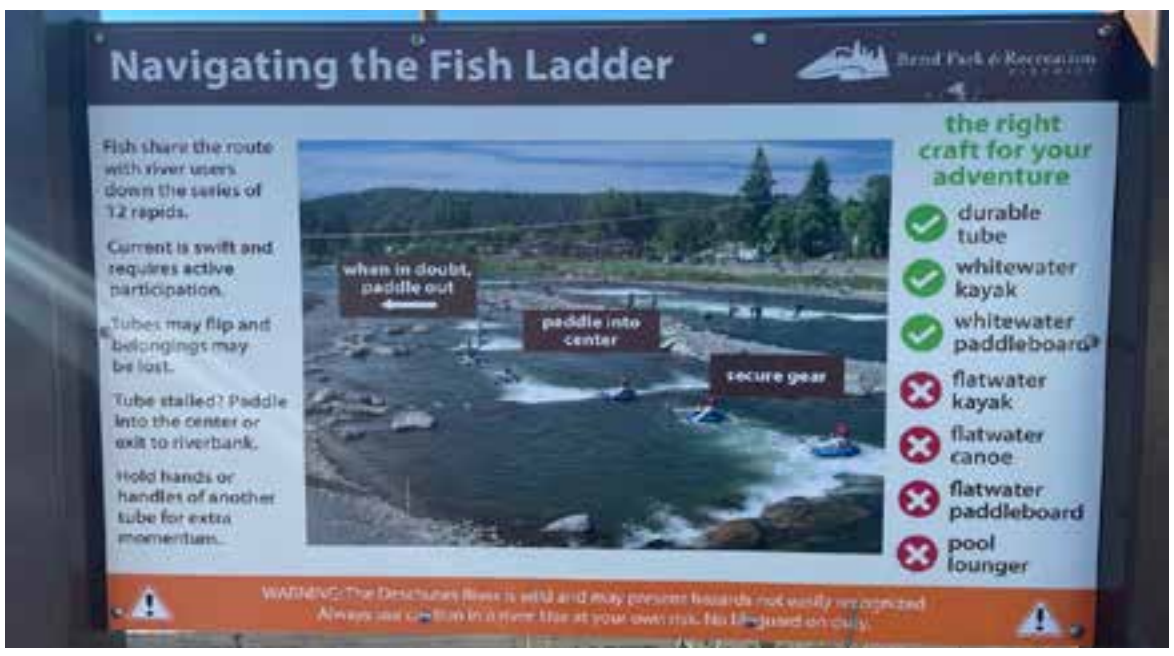
The current media image of the corporate magnate is a cousin to the modernized mafioso: slightly gray at the temples, clad in a tie and coat, weilding life-and-death power over the world's energy and food resources, ordering the assassination of opponents in educated euphemisms such as "terminate him with extreme prejudice."

And while they may tell the public that Amway "has nothing to do with religion or politics," they talk privately among themselves of the day when the movement will be big enough to "turn this country around and make it what we want it to be..."

The ideology of "free enterprise" as applied in a context dominated by the giant corporation parallels the ideology and business model of the CIA.



ENVIRONMENTAL WARFARE



The truth may hurt - but the lies will kill us.

"Well, I do think that there are a number of impersonal forces which are pushing in the direction of less and less freedom. And I also think that there are a number of technological devices which anybody who wishes to use, can use to accelerate this process of going away from freedom, of control being imposed. Another force that is diminishing our freedoms is the force of what may be called over-organization. As technology becomes more and more complicated, it becomes necessary to have more and more elaborate organizations, more hierarchical organizations. And incidentally, the advance of technology has been accompanied by an advance in the science of organization. It's now possible to make organizations on a larger scale than was ever possible before. And soon as you have more and more people living their lives out as subordinates in these hierarchical systems controlled by bureaucracies. I feel very strongly that we mustn't be caught by surprise by our own advancing technology. This has happened again and again in history when technology has advanced. This changes the social condition. And suddenly people have found themselves in a situation which they didn't foresee and doing all sorts of things they didn't really want to do.: Alex Huxley

EARTH FREE OF SECRET OCCULT SOCIETIES

EARTH CONSUMED BY THE INFLUENCES OF SECRET SOCIETIES

ed.
[Note: Ottos Ambros, who developed Zyklon B and Sarin at IG Farben during WWII was jailed in 1948 for mass murder and slavery at Auschwitz, yet was back doing research at multinational pharmaceutical and biotechnology company Grunenthal in the 50s, and the chair of their advisory board by 1970. In 2010 Grunenthal acquired Gedeon Richter Pharmaceuticals.
Richter, who's founder was murdered by Nazis during War War II, was nationalized and renamed Kobanya Pharmaceutical Company in 1948. It changed it's name back to Gedeon Richter at the end of the 1980s. In 2019 the firm joined Hikima Pharmaceuticals in signing an exclusive license agreement to commercialize Cariprazine in the treatment of patients suffering from schizophrenia. (thepharmaletter.com) We now know that the guidelines for diagnosing schizophrenia were developed by psychopathic SS Nazi war criminals, who intentionally lied about the disassociative disorders (bipolar and schizophrenia) under the insidious hidden agenda of MKULTRA.) Pharmaceutical companies like Gruenthal and Richter, have made billions of dollars off of the misguided diagnosis of the disassociative disorders, along with Civica, Inc., the generic pharmaceutical company founded by John Arnold, who has been the primary funder of the Nazi-derived risk assessments, made billions of dollars from the pandemic, who is a shareholder in the fleet company Hafnia Phoenix that travels to all of the worlds opium ports, and consequently, who's descendants were also the primary shareholders of the Royal African Company, which is the primary fleet company that drove chattel slavery. It appears the Arnolds continue to drive slavery today, though under a different name. Grunenthal also employed Nazi war criminals, Dr. Ernst-Gunter Schenck and Dr. Heinz Baumkotter, and Nazi propogandist, Martin Staemmler. (australianjewishnews.com, July 16, 2015, Lawyer uncovers thalidomide's Nazi shadow.)]

Of the hundreds of thousands of Americans who continue to suffer daily from the injustices of our draconian carceral system, the targeted group of organizers described above and listed in the addendum, those advocating for their freedom under the Strategic Release Campaign and the Institutional Restitution Campaign – continue to suffer the brunt of what is nothing less than a long drawn out ideology-driven genocide. In 2015 when the tortured elders were finally released back into General Population after decades of deprivation, they received no support whatsoever. They struggled to cope with the cognitive, physical and psychological challenges of SHU PTSD. Now, due to the retaliation, they continue to languish behind the walls. Some of these individuals were targeted victims of over-policing and government corruption before they even got to prison. All of them are victims of psychological, chemical and other covert forms of targeted warfare, implemented domestically by American Intelligence agencies.

Guinea Pigs are treated better:
Mandela found solitary confinement to be "the most forbidding aspect of prison life. There was no end and no beginning; there's only one's own mind, which can begin to play tricks".

California prisons have a long history of dehumanizing practices that reek of Nazis ideology, even before WWII. Leo Stanley, was the chief surgeon of San Quentin for almost forty years, and said to be "obsessed with Eugenics". He performed over 10,000 human experiments on his incarcerated patients between 1913 and 1951, including experiments with the bodies of those who passed away from the failed experiments. Some of his more twisted experiments including taking genitalia from animals and transplanting them to inmates who had had their genitalia removed. (https://historyofyesterday.com/the-medical-experiments-that-had-animal-genitals-transplanted-to-humans-dc535e3665ae)
American Intelligence Agencies were using "total isolation" as a form of psychological harassment as a "special" interrogation methods under the Acronym Artichoke and Project Kubark(?). A declassified U.S. intel memo written in 1955, refers to "total isolation as an operational tool of potential."
Some of the elders, and organizers of the hunger strikes mentioned above, have shared with me their own memories of human experimentation behind the walls. [Paul Jones, recalled that he only agreed to the experiment when the guards announced that people could go see a film if they agreed to participate. Paul said he agreed to because they had been on "lockdown" for three weeks, with no other opportunity to leave his cell. However, as he was waiting in line to be a tested on, another guy came out with blood dripping down both sides of his forehead. Paul chose to forgo the film and returned to his cell.]
Alex Cockburn and Jeffrey St. Clair stated in their 1999 book, "Whiteout: The CIA, Drugs and the Press" that "MK ultra was never designed to be pure research. It was always intended as an operational program, and by the early 60s these techniques were being fully deployed in the field". I can't but wonder if the men confined in the SHU indefinitely were simply an extension of MK Ultra. Whether or not it was, officially, we may never know, but we do know that at the time these individuals had been placed in solitary confinement indefinitely, (to be re-evaluated for release from solitary confinement every 6 years) our intelligence agencies had already been, for decades, intensely interested in and funding research on extreme isolation and sensory deprivation as a means to control human behavior. The negative and often devastating effects had already been well documented, and the CIA had already developed sensory deprivation as a method of interrogation, based on the research of Dr. John Zubek and Donald Hebb, and as was implemented through Project Kubark. Other documented studies on sensory deprivation had already taken place at Princeton University, Duke University, Harvard Medical School, University of Michigan, University of Pittsburg, New York University, Oklahoma VA Hospital, Richmond Virginia VA Hospital, at the National Institute of Mental Health, among others Nevertheless, CDCR, whose mission it is to facilitate rehabilitation – proceeded to torture these men for decades, behind the false pretense that they are the worst of the worst, and that these men would receive rehabilitative programming. (footnote)
Research had already concluded that sitting in a group setting, admitting personal weaknesses develops a sense of dependency... (Need to find the source of this)
To this day, CDCR has not acknowledged the torture they inflicted on these individuals, nor offered them support nor reparations. They people have paid their debt to society many times over, and despite a concerted effort on the part of CDCR to break their spirit, despite decades of torture, these people remain determined, and hopeful that they will see justice in their lifetime, in the form of a fair opportunity to demonstrate that they are not a risk to public safety.
Unseen HATE CRIMES taking place on the daily, behind prison walls, can be far more extreme than the police brutality against non-incarcerated individuals witnessed by the public via cell phone footage.
"He was a fine looking man, but you wouldn't have been able to recognize him after they got through with him. It seems like they just did things to him for a vengeance, and when I talked on the phone to them about it at San Quentin, they said everyone was glad he was dead. And you could tell they were, by what they did to his body." George Jackson's mother after the death of her son.
"They really hate Blacks up here" CPF correspondent writing from Pelican Bay State Prison, 2022
While almost 100 Nazis were investigated, prosecuted and/or expelled for crimes against humanity, it is my understanding that only one of the 1600 scientists ushered into America by our intelligence agencies, was expelled.
I came to learn that the experiments taking place in the death camps during the holocaust never ended, but were merely continued on other vulnerable populations of people in America, under the direction of these same Nazi war criminal/scientists. As I understand the top notch scientists were sent to NASA, others were put into influential positions at mental institutions and orphanages, and heading psychology departments of Universities throughout the united states. Evidence indicates and/or proves that these scientist ended up in over ____ universities, including most of California's UCs and America's Ivy League Schools. Ironically, thousands of Jews continued to be experimented on in American Universities, under MKUltra who braught LSD to America's college campuses, and in other ways that may or may not have yet to be exposed. Thus, tragically and – were it not intentional, I would say ironically - is that Jewish students who attended those Universities were being educated by the very war criminals that had tortured and murdered their parents or grandparents. I know at least one Department Head at UCLA continued in his position through 1989. My own father, sister and brother were educated in those very Universities which had secretly put their education into the hands of known Nazi war criminals. Likewise, my nephew who graduated from the medical school at UC Irvine, was most likely taught by the students of Nazis who could killed our descendants.
Several of the elders described above, have shared testimonies with CPF of their experiences with the scientists who were practicing both mental and physical experiments on them, in the 60s and 70s. While the radiation, electric shock and other experiments on vulnerable populations – usually targeting communities of color, were taking place in this country – both inside prisons and out – before and after WWII. Records document that in 1918, at San Quentin Prison in California, Dr. Stanley conducted an experiment on "Bluebeard" Watson, one of the most notorious serial killers in California history, convicted of murdering seven of his alleged 22 wives. He was sterilized and believed to Nazi sociopath, Dr. Stanley Gottlieb, who served two decades as the senior scientist presiding over some of the CIA's darkest secrets, including MKULTRA. [MKULTRA consisted of over 150 covert projects under the CIA's psychological warfare program, an outgrowth of Operation Paperclip, targeting mostly unsuspecting human subjects at more than 80 American institutions, including prisons, mental hospitals, orphanages and on over 50 of America's top-rated college and university campuses. Journalist Stephen Kinzer, who spent several years investigating the program, calls the operation the "most sustained search in history for techniques of mind control."] The nature and extent of the programs were closely held secrets, often concealed from both the Congress and the American people. As the CIA's Inspector General wrote in 1957: "Precautions must be taken not only to protect operations from exposure... The knowledge that the Agency is engaging in unethical and illicit activities would have serious repercussions..." 2, 6
MK-ULTRA, according to Gottlieb was intended to explore 'various techniques of behavior control in intelligence operations designed to program or deprogram a subject's memory. Gittinger developed the PRA as a psychological roadmap, or a eugenics-oriented tool of social control. [As you are aware, several of the high-ranking Nazi scientists that remained in the United States under Project Paperclip, had raped, tortured and murdered both adults and children before being put in charge of American Associations (and curriculums), hospitals, prisons and university departments.]
In MKULTRA....., describes the work of John Gittinger. "Gittinger developed personality tests that were used by the CIA in determining the best approach toward manipulating and compromising individuals, including... converting high-priced fashion models into espionage prostitutes, killers and so much more (See MKUltra article, footnote 6,7) Gittinger was apparently a "specialist" at making his victims lose touch with external reality, no doubt in conjunction with Gotlieb's LSD...Gittinger ... was especially interested in those (personalities) with vices and weaknesses... who would be most susceptible..." Gittinger worked closely with Harris Isbell who ran the MKUlta mind-control drug program at the Lexington, Kentucky Detention Hospital, a prison for people suffering from addiction who were serving sentences for drug violations, would send Gittinger hundreds of people who could be pushed to "uncontrollable urges", especially of a sexual or murderous nature. Or both." It is no wonder that while UC Irvine claims it developed the "Risk Assessments" to address the needs of individuals in its custody, claiming to address high recidivism rates (66% within the first 3 years of release), the "Risk Assessments" are being used to deny parole from the more educated, self-determined elders who were tortured for decades in California SHU, and who statistically pose a less than 2% risk of reoffending, due to their advanced age.
His specialty was working with layers of the psyche, which is why he preferred to perform his research – continued straight the concrentation camps. on children, whose minds were easier to manipulate. Gittinger, who worked under Sid Gottlieb, created the system, assessing personality and predicting future behavior, called - at that time - the Personality Assessment System (PAS). It was highly classified. Because Gittinger based much of the PAS on ideas that genetic differences existed, his work was not accepted by mainstream psychology, and is still not today. Nevertheless, the U.S. Government supported it under the auspices of the Human Ecology Society, and use it to today in U.S. Board of Parole rooms, and in the parole denials of the men tortured in California SHU.
When Dr. Robert Hare sued the government for misuse of his research (which obscures the fact that the tool is being used as a eugenics measure to achieve racial superiority an control – the ultimate hate crime. Dr. Hare and his family survived what appeared to be an assassination attempt against his family. (footnote) You can learn more about the algorithms being used to control the outcome of the risk assessments, which mathematician and author Cathy O'Neil refers to as Weapons of Math Destruction (WMDs) - in Prison Focus Issue 63, pg. 2)
Another form of retaliation is to incite violence on the yards, causing injury, death and new sentences, while conveniently feeding CDCR's fierce propaganda machine that parallels that of Nazi Germany's propaganda minister, Joseph Goebbels. Many scholars believe that the Nazis tactical use of propaganda acted as the driving force behind the dehumanization of Jews and other persecuted groups, leading up to the Holocaust, exactly how propaganda has been used in the United States to both dehumanize Americans convicted of a crime, while feeding into the age-old tactic of dive and conquer, on which corruption relies. (See Prison Focus, Issue 58, pg...)
There is another striking similarity that parallels the Weapons of Mass Deception which paved the way for the holocaust. Much like the San Quentin of today, the ghetto-camp Terezín, confined a number of famous poets, painters, musicians, composers and scholars and had an unusual amount of cultural activities, became a propaganda tool to hide what was really happening. Kurt Gerron, a prisoner who had been a well-known actor and director, was put in charge of the filming of a propaganda film called, "The Führer Gives a City to the Jews", then was sent to his death two weeks after it's release. (https://www.facinghistory.org/holocaust-and-human-behavior/chapter-9/terezin-site-deception) WWII propaganda campaigns in Germany fostered a national identity forged in hate and racism, while the Bund Society and Nazis in the United States, pushed similar hidden, insidious agendas, partnered with the cooperation of and/or partnership with the U.S. Government, via both Hollywood and the dissemination of printed propaganda. (https://www.nytimes.com/2013/06/26/books/scholar-asserts-that-hollywood-avidly-aided-nazis.html)
Aside from the Weapons of Math Destructions and Weapons of Mass Deception, our prison system relies heavily on a form of surveillance, known by people in prison as "snitching". This is a fine-tuned tactic of psychological warfare, used to create an environment of mistrust in which violence can be easily triggered at the drop of a dime. This is also reminiscent of Nazi Germany, where the tactic was successfully applied in order to get people to turn their own neighbors over to the SS Officers, to be exterminated. It was also one of the main strategies used against American citizens under FBI's Cointelpro and CIA's Project Phoenix, which led to the normally hospitable villagers of rural Vietnam to turn against their own people, turning those deemed by outsiders to be their enemies - who showed up at their door in need – over to officials to be imprisoned, tortured and/or killed. Similarly, 1030s...
It is not surprising either that Robert D. Weide concluded in The Invisible Hand of the State: A Critical Historical Analysis of Prison Gangs in California, that prison staff and administration played a significant role in the formation and proliferation of prison gangs and the provocation of violence between them. So while it is true that there is a great deal of violence between groups in U.S. prisons, it seems evident that it is coming from the top down, rather than as a result of a violent or criminal mentality on the part of those who are swept into the violence. Of course, this sort of hate-driven environment is not conducive to the well-being of any group or individual behind the prison walls, including the guards, nor the communities that people return to. The report is significant in that it reveals how institutional policies – while often invisible to outsiders – concludes that it is the prison staff and administrative policies that perpetuate division and violence between groups. His work supports the divide and conquer tactics, and are in fact the keystone of sustaining the social hierarchy behind the prison walls, just as institutional racism sustains the social hierarchy in the "free" world, which enables mass incarceration. [Unfortunately, since the psychological and economic welfare is largely unrecognized by unsuspecting Americans, the energy of the well-intentioned masses has been successfully misguided, and remains focused on manufactured tensions between people, rather than the systemic inequalities and hate that is coming from the top down.] https://journals.sagepub.com/doi/full/10.1177/0963721417724239
The chemicals used today to sedate, control and/or kill people in U.S. prisons reflect yet another clear link between US prisons and the Nazi death camps and ideology. The development of hydrogen cyanide, the lethal gas deployed by the Nazis, under the trade name Zyklon B, to murder more than 1 million people in extermination camps, is currently being used for lethal injections and sedation in U.S. prisons. These chemicals were developed by the same international conglomerate, once known as IG Farben. The U.S. temporarily distanced itself from IG Farben right before WWII, and reemerged after the war as American IG. (The Crime and Punishment of I.G. Farben, Joseph Borkin) This is also the entity, now called BASF, which produced the hydrochloride used to make crack cocaine, and lysergic acid diethylamide (LSD), both secretely funneled into targeted communities across America in the 70's. They are behind the DDT which almost drove the California Condor and multiple bat species to extinction, the thalidomide which gave rise to thousands of birth defects to children in over 46 countries, the dioxin used to make Agent Orange, which caused at least 150,000 Vietnamese children to be born with serious defects and continues to affect millions of Americans and Vietnamese today (footnote: aspeninstitute.org), and Sarin, the nerve agent used as a chemical weapon against the people of Syria. The ever-evolving conglomerate describes itself as "combining economic success with environmental protection and social responsibility", and continues to monopolize the chemical, plastics, pharmaceutical, energy and (technology? Need to check and footnote that) industries today. [https://www.theatlantic.com/international/archive/2017/04/sarin-syria-assad-chemical-nazi/522039/] (Mansantos?)
Twenty-three 3rd Reich government and IG Farben executives came to trial in the Nuremberg Trial of IG Farben, 27 August 1947 - 30 July 1948. While 12 or 13 IG Farben employees received prison sentences - none for more than eight years -no Farben executives, who set up the Auschwitz prison camps and factories where 20,000 to 25,000 IG Farben workers died at their jobs, were ever execut-

MKULTRA & MONARCH MIND CONTROL

MONARCH MIND CONTROL IS A TOOL OF THE OCCULT

Monarch Mind Control is a form of mind control which creates a mind control slave by utilizing the human brain's trauma response of dissociation to create a form of Multiple Personality Disorder (MPD) wherein various triggers can cause the slave personality to surface and respond to commands given by the master ("Handler" in Monarch parlance).

PSYCHOPATHS UNDER PROJECT PAPERCLIP SERVED THE AGENDA OF THE OCCULT

George White later wrote of his OSS job that it was,

> "*to stimulate the pecs badboy beneath the surface of every American scientist, and to say to him, throw all of your normal law abiding concepts out of the window. Here's a chance to raise Mary hell.*"

It was in this atmosphere that the search for Mind Control began. This bizarre man would be an active participant in that search over the next two decades. His name is George White, and OSS captain who had formerly been with the Bureau of Narcotics.

In his diaries seen here publicly for the first time, white left a legacy of the darker side of American intelligence work. He received his early OSS training at the British run school at Oshawa, Canada, the same school where Ian Fleming, the creator of James Bond was trained. White referred to the school in his diaries as the Oshawa School of Mayhem and his former OSS colleague Mike Burke.

Very compelling fella. Mysterious fellow, almost mystical fellow... He also knew a great deal about the swifter elements of society, the gamier side of life. And he was very impressive in his technical knowledge of, of the underworld, so to speak."

DECEPTION USED TO MANIPULATE PEOPLE

This is how you get good people to serve the agenda of the occult

The doctors that I worked with - some of them [were under] Project Paperclip. They [said that they] believed that by the year 2000, our penitentiaries and our mental institutions, for the most part would be emptied out... that what we were involved with, had nothing to do with torture. [Editor's comment: They are masters of exploiting people's good intentions.] (Later) I was mad as hell. I felt like that I had been duped. I had felt comfortable because I was working with brilliant scientists... but many of them had been duped too. Mark Phillips

'There are active "Manchurian candidate sleepers" throughout the world today. Mind control technology has been known about for decades and there are a range of usable technologies, from electrode implants to brainwashing... The sleepers will be activated in ever increasing numbers to carry our killings... and assassination, as the Illuminati plight gets more and desperate as the deep state/military industrial complex/octopus/criminal cabal/swamp gets taken down, and the illuminati take ever more risks to bring about their New World Order...

So as a ballpark figure... about 6% are mind contolled slaves. (1 in 16 people)" Fritz Springmeier

The way you create Manchurian Candidates is you divide the mind... It's part of what the Intelligence Community was looking at. If you're going to get an assassin, you going to get somebody to do something [while the surface or "host" alter doesn't know anything about it], the mind has to be divided.... I suspect you get down to more central programs the deeper you go.

People ask, "What's the purpose of all this?" My best guess is that the purpose is that they want an army of Manchurian Candidates, tens of thousands of mental robots who will do prostitution, do child pornography, smuggle drugs, engage in international arms smuggling, do snuff films, all sorts of very lucrative things and do their bidding and eventually the megalomaniacs at the top believe they'll create a Satanic Order that will rule the world. **The interesting thing is how many of these patients report having relatives in NASA, in the CIA and very high up in the Military.**

Dissociative Personality Disorder

I must digress for a moment to discuss a condition generally referred to as Multiple Personality Disorder or Dissociative Personality Disorder, a condition in which a person develops several distinct personas or personalities within his or her mind, generally totally closed off from each other, and most often created as a defense mechanism to protect a vulnerable mind from destruction due to horrors it has experienced. **In simple terms, a tortured mind that witnesses and experiences unspeakable horrors, events too terrible to live with, will create an additional personality in which this mind will live, closing off the other from consciousness. It is the horrors themselves, consisting of every manner of physical and sexual abuse, torture, drug and electroshock treatment, perhaps witnessing the deaths or killings of other children, that force the creation of these multiple personas, this apparently being quite easy to accomplish when done to children at a young age.**

[Editor's note: Victims of trauma-based mind-control with MPD are used to disrupt the activities of certain organizations, including human rights and prison abolition organization, California Prison Focus (CPF). One self-confessed victim of sex trafficking spent decades working with our group and others within the prison abolition movement. But even while helping with office tasks and other certain tasks, she simultaneously, quietly, consistently and systematically worked to dismantle the infrastructure of the organization by consistantly feeding into whispering and tension campaigns to obstruct our mission.

Whispering Campaigns and Campaigns of Tension (COINTELPRO) sabatoge programs that don't meet the hidden agenda of the occult.

A second individual who attended a national prison abolition conference ended up volunteering for several months with CPF. She too reported an abusive, difficult childhood and displayed evidence of having multiple personalities, like signing off her letters to CPF correspondents using multiple different names. As a whole, she used the groups limited resources for her own needs, and seemed to be more of a liability than an asset. After she left we received a letter from Scientology stating that she had missed her recent audit. It seems she had been programmed to disrupt the movement.

PROGRAMMED MULTIPLE PERSONALITIES

Multiple Personality Disorder (MPD)

Acknowledging one's multiplicity is a courageous and powerful act.

MPD is the characteristic human response to severe, chronic childhood trauma; a highly creative defense mechanism which can be key to one's survival under certain adverse conditions. All systems, including the human mind, are composed of subsystems, and it is normal for these subsystems to function fairly independently at times. According to Dr. Colin A. Ross, M.D.,"Multiplicity is not necessarily the problem with MPD: rather is the conflict, self-destructiveness, abnormal amnesia, and abnormal personification of the part-selves." Dr. Colin A. Ross, M.D.

MPD can teach us a great deal about both the traumatized as well as the normal, healthy mind.

It is often highly treatable. When accepted and understood, it can be made to work for an individual rather than against them. The treatment goal may be integration or cooperative function based on negotiation between non-integrated alters, allowing for improved function, healthier relationships and over reduction of pain and suffering.

The short book, Living With Yourselves, is a self-help manual written by someone with MPD, offering a balanced, sensible perspective on MPD and approach to healing. The book is designed to "help those with multiple personalities and other dissociative states live with the condition."

The host personality is the one who spends most of the time living in the world, while the others (called alter personalities or alters) are the ones reading over the host's shoulder. (IMAGEHERE?)

People with multiple personalities have a psychiatric condition that is caused by severe childhood trauma such as rape, incest, physical torture, or ritualistic abuse, sometimes at the hands of a satanic cult. It is a condition of having two or more separate persons or personalities who inhabit the same body. It is a highly effective method of dealing with pain, trauma, fear and often life-threatening situations.

It is not demonic possession!

To defend against fear, dissociation techniques are learned in childhood. Dissociation is the normal ability to "leave" the body in stressful or boring situations. Everybody does it. Daydreaming, highway hypnosis or simply "spacing out" are examples. Multiples, however, take "normal" dissociation to a different level, one in which the "self" seems disappear, or "leaves," and other "selves" take over to handle a variety of situations.

Multiples live complicated lives. Alters may come "out" at inopportune moments. Time loss can be frequent, severe and frightening. Therapists are often uninformed or disbelieving. Movies, propaganda and literature muddy the waters between fact and fiction creating confusion around the condition and it's historical context.

MIND CONTROL EXPLAINED

In fact, one thread that ran through all facets of Gottlieb's MKULTRA program. and stated clearly in am MKULTRA document from 1955, was a search for "substancs that will produce total amnesia and loss of memory [even at the cost of] permanent brain damage" in individuals who been thus conditioned by CIA psychiatrists, the amnesia including not only the actions performed by their alternative personalities but the very fact of their ever having been programmed.

GREENBAUM SPEECH

D.C. Hammond, June 25, 1992 (Excerpts)

Does mind-control programming really exist?

In Chicago at the first international congress where ritual abuse was talked about and I recall many people listening to an example given that somebody thought was so idiosyncratic and rare, and all the people coming up to the guy afterwards saying, "Gee, you're treating one, too?" You're in Seattle, Well, I'm in Toronto... Well, I'm in Florida... I'm in Cincinnnati." It wasn't too long after that I found my first ritual abuse patient in somebody I was treating... The case made me curious about the use of mind-control and hypnosis and other brainwashing techniques and starting studying some of the literature on it.

Then I decided to do a survey, and from the International Society for the Study of Multiple Personality and Dissociation folks I picked out about a dozen and a half therapists that I started surveying them. I ended up doing hundreds of dollars worth of telephone interviewing... What I got out of that was a grasp of a variety of brainwashing methods being used all over the country. I started to hear some similarities. Whereas I hadn't known, to begin with, how widespread things were... and there were a lot of people reporting some similar things... When you start to find the same highly esoteric information in different states and different countries, from Florida to California, you start to get an idea that there's something going on that is very large, very well coordinated, with a great deal of communication and systematicness to what's happening. So I have gone from someone believes ritual abuse is real and that the people who say it isn't are either naïve like people who didn't want to believe the Holocaust, or they're dirty.

Myself, as well as a few others that I've shared with, were hedging out of concern from death threats. I finally decided to hell with them. If they're going to kill me, they're going to kill me.

So I'm going to give you the way in with ritual-abuse programming... the essentials. I would guess that about 2/3rds of ritual-abuse patients have some of this programming. I think the distinguishing characteristic is if they were raised from birth in a mainstream Cult, or if they were a non-bloodline person, meaning neither parent was in the Cult, but Cult people had a lot of access to them in early childhood...

Project Paperclip

Here's where it appears to have come from. At the end of WWII, before it even ended, Allen Dulles and people from the Intelligence Community were already in Switzerland making contact to get out Nazi scientists... who had been doing mind control research in the concentration camps [before victims were ultimately sent to their death]. The scientists were brought to the United States. Along with them was a young boy, a teenager, who had been raised in a Hasidic Jewish tradition and a background of Cabalistic mysticism that probably appealed to people in the Cult, because by the turn of the century Aleister Crowley had already been introducing Cabalism into Satanic stuff.

They started doing mind-control research for Military Intelligence in military hospitals in the United States. The people that came, the Nazi doctors, were Satanists. Subsequently, the boy changed his name, Americanized it some, obtained an M.D. degree, became a physician and continued this work that appears to be at the center of the Cult Programming today. His name, Dr. Green is known to patients throughout the country.

Description of Mind-Control Programming

What they basically do is they will get a child and they will start this, at about two and a half after the child's already been made dissociative. They'll make the child dissociative not only through abuse, like sexual abuse, but also things like putting a mousetrap on their fingers and teaching the parents, "You do not go in until the child stops crying. Only then do you go in and remove it." [teaching compliance as responde to crisis, was the over arching mission of MKULTRA.]

They start in rudimentary forms at about 2 ½ and kick into high gear it appears, around six and a half, continuing through adolescence with periodic reinforcements in adulthood... In one patient... the early programming took place on a military instillation. That's not uncommon. (We find a lot of connections with the CIA.) The child will be put typically on a gurney. They will have an IV in one hand or arm. They'll be strapped down, typically naked. There'll be wires attached to their head to monitor electrocephalograph patterns... They'll be given most commonly I believe, Demerol. Sometimes it'll be other drugs as well depending on the kind of programming. They have it down to a science where they've learned to give so much every 25 minutes until the programming is done.

Then they will describe a pain in one ear, their right ear generally, where it appears a needle has been placed, and they will here weird, disorienting sounds in that ear while they see photic stimulation to drive the brain into a brainwave pattern with a light pulsing at a certain frequency... Then after a suitable period when they're in a certain brainwave state, they will begin programming... This patient was then in a private Cult school where several of these sessions occurred per week... She would go into a room, get all hooked up. When she was in the proper altered state, with electrodes already in place, one in the vagina for example, and four on the head... sometimes on other parts of the body. Then they'll begin, and they would say to her, "You're angry with someone in the group." She'd say, "No, I'm not" and they would violently shock her. They would say the same thing until she complied and didn't make any negative response...She said typically they would go about 30 minutes, take a break for a smoke or something, then go back... The sessions might last 30 minutes, they might go three hours. She estimated three times a week.

Programming under the influence of drugs in a certain brainwave state and with these noises in one ear and them speaking in the other ear, usually the left ear, associated with right hemisphere non-dominant brain functioning, and with them talking, therefore requiring intense concentration, intense focusing. Because often they'll have to memorize and say certain things back, word-perfect, to avoid punishment, shock and other kinds of things that are occurring.

They would also use other typical brainwashing techniques, standardized types of hypnosis, and sensory deprivation which we know [from decades of CIA/FBI-funded research] increases suggestibility in anyone. It's not uncommon for them to use the sensory-deprivation chamber before doing certain things. They did a great deal of that.

Sometimes suggestions are given vigorously and repetitively after LSD... One patient explained that at 12 years old she was strapped down, given something to kind of paralyze her body, then given a large dose of LSD while all the suggestions from three years earlier were reinforced. They did it again when she was 16 years old. There were a number of cases like that, with powerful drug effects and suggestions.

There's also a lot of Cabalistic mysticism mixed all into this. And the Satanism comes in the overall philosophy overriding all of this.

While most of the victims receiving treatment for MPD ritual abuse are women, there are some men coping with this as well.

THE HEROS ON TV ARE NOT REAL THE HEROES ARE YOU AND ME

CATHY'S STORY

I found out that he had a young woman and her little girl in his charge. And those were the words I said, "What is he doing? Child and adult prostitution? Money laundering?"

And this child and mother were being used as drug mules... When I got back, I reported the incident to the department state of someone that I know. And that someone didn't call me back the next day and it was never mentioned again... forget about it. It didn't happen. [At the time] That was shocking... Now I realize how naive I had been.

And then I went I met Kathy... and I saw that 1000 mile stare, no no color in her eyes. Just big black pupils and a perpetual smile. And I thought, "wow, that's very sad." So I began to make some inquiries to see what I could do about getting her out, and her daughter who was only about seven or eight years old at the time... Nobody was interested in helping. I had no help. The only people that I knew to go to for help were the very ones that were capable of doing something like this... So I went another channel and I was very fortunate to have found the people that I needed to get some help. It took nine months.But most doctors don't have nine solid months to devote to one patient. Well, that's what I did. I had nothing left to lose. I had [already] lost $2.2 million out of my bank accounts. My back was against the wall. Fortunately, they threatened to kill me many times. And when they threaten to kill you that means they're not going to do it. So I really wasn't concerned about that. All I wanted to do in the beginning was get back to my work. I just wanted to get Kathy and her daughter out of that situation and get them help.

.... I was very fortunate. Because when Kathy came together she came together and became who she is today. And you know, we don't have a chance to have many heroes in life. But I have a hero. And she's my hero. I'm very, very, very grateful to have the opportunity to introduce the love of my life and the hero of my life because of how many people she's helped.... The book that Kathy wrote about how she was deprogrammed and how she recovered helps people at all levels. And I'm not talking about the kind of abuse that Kathy had necessarily, I'm talking about all levels - like all of us that were traumatized by 9/11. But all of us who have been traumatized by just living on this planet, she's helped 10s if not hundreds of 1000s of people.

...what's important is now they identify me with something good instead of something bad. And that's a good thing. I'd like to take this opportunity right now to introduce Cathy O'Brian

CATHY O'BRIAN

Love is the greatest motive for me to speak out on this subject, because it is my love for humanity that compels me to bring this truth to light. I'm deeply concerned for our survival, if we don't get this information out.

The experience that I had could have left me very bitter and vengeful and hateful, but it is none of those negatives that compel me to speak out - I find that those kinds of negatives - outrage - can actually hinder my ability to think clearly. Besides negativity tends to feed the energy of the criminals that are [out of sight, while secretly] controlling our government right now, manipulating the minds of all of us.

Now that I'm free to speak out, now that I know love, it feels so good to realize that there are good people in this world; That there is good and bad running through everything - like in a church and yet a church was so much a part of my abuse. So again, there's good and bad in everything. There's good and bad in government. There's good and bad even in the CIA.

Mark Phillips - my husband - was some powerful evidence to me that there are people within the intelligence agencies who have integrity and soul and compassion. And that was a real eye opener for me...

MORTAL HEROS IN OUR MIDST

MORE INSIGHT INTO THE VAST REALM OF MKULTRA

WARNING: This has some graphic and disturbing content.

Cathy O'Brian continued....

My whole world was one where I couldn't see beyond my experiences. At that moment I couldn't even think to hope anymore.

I lost that ability at about age six. How it happened was that I was born into a multi-generational sex abuse family. Like so many other people, there certainly is nothing rare about it. Child abuse is so pervasive on our planet. All we need to do is open our eyes and look around us to see how widespread that it is. The sexual abuse that I experienced led to a heightened sexuality, which is very common in a situation like that. So many of these children end up on the streets, as prostitutes, with their sexuality being even further exploited. It's atrocious.

The extent of the abuse is going on for systematic deliberate reasons that have become just a so-called "norm" - a natural part of our society. Because after three generations of sexual abuse, it becomes autogenic [?] within a family unit. That's why I said and I'm from a multi generational and Sexual abuse [not sure exactly how she referred to it?] family. My mother was sexually abused. My father was sexually abused, and the sexual abuse goes all up the family tree. I don't see that as an excuse for abusing me sexually whatsoever. I ended up with a 100th monkey syndrome - where I didn't have that natural propensity to continue that abuse or to even accept it and to think that it's the way things should be. As a matter of fact, it was so traumatic to me that I developed Dissociative Identity Disorder - formally termed Multiple Personality Disorder.

It's not that I can think to judge my father, when he abused me, it wasn't like that at all. I mean, I was so very young. It happened as far back as I can remember. He often bragged that he substituted his penis for my mother's nipple. So it was very early on. I also know that my father was like that with my brothers and sisters that came along in later years. So it was way before I could morally judge such a thing or before I had any kind of mental concept of how life should be... instead, my brain automatically kicked in. When the abuse occurred, it began to compartmentalize the trauma of the event [the abuse], so that the rest of my mind function could normally. My father's sexual abuse of me was horrific because it suffocated me and it caused a lot of pain as very, very young infants at the same time it put my sexuality into survival mode; the equivalent of breathing or eating or drinking. It became a very strong base instinct.

A SURVIVOR OF THE GLOBAL SEX TRADE SPEAKS OUT:

THIS IS WHAT A HERO LOOKS LIKE

(Editor's note: This has been edited only slightly for clarity.)

"Hi everyone, this is Katie Grove. In this video I'm going to do something a little bit different. Not too long ago I made a video in which I [explained] the MKULTRA programming. In this video, I would like to share with you guys a breakthrough that I just had on my deprogramming process around this stuff.

Specifically, on musical programming and the origins of melodies that kept coming up and repeating over and over in my head, sometimes for days.... It doesn't happen that badly anymore. But songs used in my programming, being stuck in my head and being repeated to the point of bringing me to near madness is something that I have dealt with a lot.

Before I started deprogramming myself in the way that I have been for the last four years since I woke up, and I had come at those songs with anger, suspicion and aggression. I hated having to deal with this music coming up. I labeled it Satanic and demonic and failed, a lot of the time, to meet it with the energy of mindfulness that I known to be what actually dissolves mind control programs. So I'd hindered my process by my own anger...

But today, I had this experience where a part of me came forward and started singing the melodies from these programs in extremely soulful and beautiful voices. And memories started coming back to me about these melodies being sung to us by monks and Gregorian chant and in rituals in which the music itself was beautiful. This is in stark contrast to the way that the songs play out in my head, on the surface, in the programming, where they're very mechanical. They're very emotionless except for this real energy of fear and trauma, that - like I said, I have labeled as satanic or demonic - and met with a lot of anger.

I am not saying that what was done to me in this programming was ever good- It was done by very violent sadistic people. However, what I have discovered is that the original programs were installed in me around this music in ways that were intentionally designed to be beautiful to me as a small child. The ritualistic chanting - with the incredable male and female voices - would truly speak to my spirit.

I remember these traumas happening around the ages of four or five, although I'm sure it was done earlier. I remember as a four year old, being deeply in love with the sound of the beautiful music, and this is how these core programs were installed. My love for the beautiful music, and for the beautiful people singing them was manipulated.

My love for the beautiful music, and for the beautiful people singing them was manipulated.

Over time, these melodies were repeated over and over again. In ways that became increasingly traumatic and less beautiful.

"I think it's a real misconception that people have that survivors who are enslaved and mind control cannot emanate love or act out of love and loving energy. And that is just not true. And so what I want to convey in this video is that it is through the manipulation of a small child's love for beauty and nature, out of a small child's innocence out of this innocence that children are manipulated and modified to control that children are programmed."

What I'm going to do is I'm going to sing from these alters the songs as we remember them first being sung and I want to demonstrate just how beautiful a program can originally be before it is twisted into something empty and meaningless, that becomes a source of torture for a monarch slave.

And I want to say that the songs can be very triggering for people. There are no words....

(After several minutes of singing)....

I'm sorry that my voice kind of broke. [It creates] all these intense body sensations for me, like my hands are going numb and tingly. And I feel such an adrenaline rush just released. So sorry, I'm talking with my hands moving around so much, but I kind of can't control it. My nervous system feels all over the place. And I feel like I want to move my body in all sorts of strange ways to release the trauma.

So I'm going to stop this here and I'm going to go do the bodywork,

THEY EXPLOITED OUR EGOS IN ORDER TO STEAL OUR MINDS

Hey there. This is Katie Grove and I'm going to make a difficult and painful video in which I share some things that I need to get out into the world. This is going to be extremely graphic and for my feeling if if you cannot handle hearing about graphic descriptions of child sexual abuse then I do not recommend watching this video...

You can look into ... the unfathomable size of this enough and Child Sexual Abuse film industry... As a survivor of child trafficking, I feel such devastation and horror.

....I remember going through a period of time when I was 18 when I was terrified to be in public because I was terrified somebody would recognize me from those films. Shortly after I woke up (at 18 years old) to being programmed, when I was discovering that I had been trafficked. The thing that catalyzed this terror of being recognized was finding Child Sexual Abuse image of myself at the age of maybe 11 or 12.

...In the image I was wearing a red ginger wig, sitting on the face of a Latina girl who I figure had been trafficked from Central America, who was wearing blue eyeshadow and had her hair tied up in a high ponytail. She was very skinny. I had I was thin too but nowhere near as thin as her because I was the child of traffickers, so was slightly better fed. I was the centerpiece of the image and on the website that I found it on, it had over a million hits.... After I found that image, I was terrified to go outside.

I did not find that picture because I was unwillingly looking at Child Sexual Abuse images I want to be clear about that. I was still living as a traffic slave to a handler, becoming conscious of my abuse and deprogramming myself. I was still being used by this man (my "handler"). I didn't even become consciously aware in my front personalities that I was the child in the image. [At the time] I just shut down without knowing why. I dissociated from the awareness that the people in the photograph were even children. Like I knew it, but I was too programmed to think critically about it. So I just kind of blocked the whole thing out of my mind.

One day, however, after a recovery meeting for survivors of child abuse, I was sitting at the donut shop across the street eating a sandwich, and all of a sudden the image came into my head, the photograph crystal clear in my eidetic (word?) memory. Suddenly I was deeply and profoundly aware that the child was me... I integrated the parts, and I started sobbing. I left and went home I think... I don't remember. But it took me about eight months, I think, to integrate enough to become conscious that I had seen a child sexual abuse image of myself. Later more memories came back.

WARNING. EXPLICIT: That image being a screenshot in a snuff film in which I had been forced to rip out the girl's eyes and snapped her neck after being used to sexually assault her.

I was able to force those words out just now with some dissociation but now I'm feeling the pain. And I'm horrified at having spoken of it. I feel like I'm kind of looking at myself through a fog through a window or something. It's just the only way that I know how to do this. But even if I do so dissociatively forcing the words out does help me it does help me heal. And hopefully it helps others too.

....I was able to start to come to terms with what I already known about my father, which is that he had been sexually abusing me for an extremely long time. Those pictures were... indicative and implied sexual abuse. They were illegal.

....There was a third photo that I'm pretty convinced had something graphic in it, but (for a long time) my mind was blurring it out...I had blurred out a part of the image that was red, like there was a red mass on the ground... I was maybe nine years old... and I had on bright white tights and a miniskirt... My hair was kind of covering one of my eyes, and my other eye was bulging. I looked like I was on meth. I looked terrified and... I was obviously posing for a sexual picture... It just screamed child slave child traffic. It was horrifying. I mean, I really can't begin to explain the level of exploitation that I was obviously experiencing during that time. Just by looking at my face.

The brokenness, the guys makes me want to vomit just thinking about a child experiencing that not even connecting it to myself just thinking that a child could experience that when I describe it. It feels like I'm talking about someone else. And it makes me sick...

KATIE GROVE: MONARCH/MKULTRA PROGRAMMING ROOTS ITSELF IN CHILDREN'S INNOCENCE

...But after some time, I think it was over a year. I was able to see what [I had blocked out].

I'll save the worst (picture) for last. I was three years old... and there was a row of stuffed animals behind me that I understand I know to have been representative of alters of mine, having been created in the torture based mind control. I was to internalize the stuffed animals in the torture based mind control and they were to make up the dissociative system created for me by my programmers, being my father and my mother and others. There was one in particular with the Elmo doll that appeared in the other picture that I (had blocked out)....

....My dress was bunched up between my legs because between my legs was clearly a phallic object that had been inserted inside of me. And my little skirt thing had formed around my genitals in a way that made it extremely obvious that something was splitting me open and there was wet stains around it which I assumed to have been from lubricant and my legs were bent in this weird way. I was holding the object in with my thighs very tightly.

There is nothing like seeing child pornography of yourself. Especially when it's in your parents home or when it's on the internet has over a million hits. I read some of the comments on the one online. I wouldn't recommend that to anybody if they find themselves in that position.

So the final picture - the one with the thing between my legs - I took to the police. The image I took the police was of me also at three years old lying in a chair that my parents called the punishment chair. And next to me was the severed head of an Asian girl I would guess to have been Cambodia. East Asian certainly. It was blue and bloated. The image was pretty dark. There was a swash of blue liquid behind her. grainy hard to define and she had a severed hand sewn over her mouth and severed foot sewn to her neck the neck hole and I have stuffed animals in front of me in the chair lined up. Elmo was directly in front. As I said Elmo was my protector, author.

The memories are overwhelmingly clear and I've spoken to people from my childhood before who haven't said anything I could print out and necessarily take into a court of law as proof of what I went through. But he said plenty plenty to confirm. What I went through what we went through I believe that I did all the right things with the images. As soon as I became aware of what was in them, I followed the steps I felt were necessary to both protect myself and to see some kind of justice. If it was possible, be done to the people that did this stuff, but there was none to be had. Like I said I went to the police. And I mean a copy and paste an account of my interactions with the police about the self image that I wrote in the description of one of my first testimonies about all of this. One of the first videos I posted on my channel. My Testimony traffic and program. I wrote an account in the description of this experience of how I was rejected by one of

....The cops refused to acknowledge what was in the picture. He's kind of staring at the ground while his partner asked me questions about the image... then he kind of went ballistic and on on about I'm interrogating me about my mental health and what medications I was on and where I was seeing a shrink and threaten to call the mental health authorities on me. I'm ashamed of how I handled [it]. I was so terrified. Nothing came of that except more MKULTRA abuse, which I don't want to go into... But I was not incarcerated in a psychiatric hospital or anything like that.

My programming trying to sabotage me every moment and I said some things that undermined my credibility. Not that I'm not credible... Anyone who knows ritual abuse, mind control and child trafficking would have known that I was telling the truth.

The things I said that undermined my credibility were part of me having been programmed. But I'm still so angry at that cop.... It's horribly traumatizing to be interrogated for coming forward for child abuse and to be treated like you're lying.

I was already staying in a halfway house I had been programmed to go to, but it was for people with mental health issues...[where I have worked] so hard to rebuild myself...

My intention was to find the picture and turn it over to somebody in law enforcement... despite the overwhelming guilt and terror of all of this and the so called choices I made when I was still under programming, still under duress, unfathomable fucking duress... I was making all these decisions and going through all the dissociation in the programming to keep me from actually reporting this stuff and I just I'm still torn apart by guilt I'm just torn to fucking shreds by guilt. I wish that I could have done something...

I remember thinking I want to post this stuff online and and expose this to the world through the internet.. but I can't do that because they're illegal.

Or in the court of law, but what are they going to do? It is the CIA.

OPERATIONAL USE OF MAGIC BY THE CIA

When we don't understand the language of the globalist psychopaths, we remain powerless to make change

This article includes excerpts from a 2009 Harper-Collins publication titled, The Official C.I.A. Manual of Trickery. The book, based on an actual document prepared by John Mulholland for the CIA in the 50s, is described as "whimisical and creative". While it claims to share with the public the methods of deception used by the CIA in the past, it includes one **Misdirect** (half truth/full lie) after another to lead the unsuspecting reader astray. The truths that obscures the hidden agenda is invisible, unless critical thinking is employed to remove the **Misdirects**. [Editors comments are in a diiferent font.]

The truths that obscures the hidden agenda is invisible, unless critical thinking is employed to remove the Misdirects.

Once the **Misdirects** are either recognized or removed, one can begin to replace the distorted truth with the actual truth, and understand the tactics that are being used against Americans and people worldwide, right NOW, to steal the magic out of our own lives - if not to exterminate us altogether.
The hidden agenda is apparent immediately, inside the cover of the book it states that the book does not reflect the official views or positions of the CIA or any **U.S. Government** agency [Misdirect: It's the Gloablists *not* the U.S. Government] and then it is stated that the book was, however, "reviewed by the CIA to prevent the disclosure of classified information". [attempting to boost the validity of the lies.]

As the head of MKULTRA, Dr. Gottlieb and "his chemical staff" were authorized to continue work on multiple the "development of biological, biological and radiological materials capable of employment in clandestine operations to control human behavior..." Here's a brief description with Misdirects included.
CAN YOU FIND THE B.S.?
"Dr. Gottlieb and his chemists expanded [B.S.] their research during 1953 [B.S. – it was already implementation by then] to counter another unanticipated Soviet threat [B.S. – it is the psychopaths themselves that are the threat] ... Mind control appeared to allow the Communists [B.S. – psychopathic globalists], using a combination of psychological techniques and newly [B.S.]. developed pharmacological compounds, to remotely alter a subject's mental capacities and control his 'free will'.... America's leading scientists and private institutions agreed that the secret MKULTRA programs were critical to our nation's security."
The scientists investigated ways to incapacitate dogs [Misdirect: Humans] using a powerful tranquilizer... Research produced an assortment of potential offensive capabilities involving incapacitating, lethal, and untraceable toxins... However limited research and lack of scientific data in the 1950s... presented a problem for MKULTRA researchers... [They did plenty of research during the holocaust.] and the underlying science underlying remains a mystery. [B.S. – Rather was being used as a deadly weapon against us at that time and increasingly so ever since.] MKULTRA aim[s] to protect American assets from psychological or psychopharmaceutical manipulation. [B.S. - Rather, in order to gain control of American assets, psychopaths are relying on both psychological or psychopharmaceutical manipulation.]
In 1964, Gottlieb wrote in a letter, also including in the description, " It has become increasingly obvious over the last several years that the general area – of biological and chemical control of human behavior – had less and less relevance to current complex operations... and prove to be too unpredictable ... to be operationally useful." [This could not be further than the truth!]

New Agency, Different Psychopath, But Chemical Warfare is Nothing New
KGB Officer Nikolai Khokhlov revealed the use of cyanide-tipped bullets in a public press conference in 1954. And when the assassin of Ukranian leaders Lev Reber and Stephen Bendara, assassinated in 1957 and 1959, revealed that he had poisoned his victims using a cyanide gas gun, he himself was also killed by radioactive thallum. From the beginning of MKULTRA, CIA scientists re-

Mastery of invisibility is ultimately indistinguishable from magic.
Illusion is a means to divert one's attention from something else. Illusions are mental not visual, and therefore based on a manner of thinking and psychology. Those unfamiliar with the craft of magic may not always recognize that which is often hidden in plain sight. [Strategic misdirects] and other methods of deception become even more effective when performed in full view.

[*"There's a 99 page document called the Tropospheric Aerosol Program, launched in 2001, from the Department of Energy. It helped me understand... There are primer planes that are spraying chemicals that later get mixed [with chemicals from other planes] ... It was like, 'Oh wow, they are mixing chemicals right in front of us.*" Matt Landman]

The following excerpts have been pulled and edited and had Misdirects removed. Included are some of the strategies that Americans should be aware of, in order to better protect themselves from weaponized illusions.

Employing Craft and Stage Management Techniques

- "They had created formulas [and methods] that enabled [them] to embed invisible messages in otherwise innocuous correspondence. They conceal [via shape shifting], reformulating liquids into a solid form that looked like aspirin tablets and then repackaged into pill bottles that would pass unnoticed..." [This is what they do with their lies.]
- As part of the broader program, confidentiality regarding the operational use of the techniques of magic was essential...Multiple layers of security were created, including formal secrecy agreements, 'sterile' correspondence using alias names and cover companies [i.e.: philanthropic foundations and organizations Recently, the CIA has infiltrated multiple mainstream media platforms that people are still trusting to be a harmless source of real information, and not the vehicles they have become, for lethal propaganda and weaponized lies.]
- Information Compartmentation practices (I.e.: MKULTRA program participants rarely knew the ins and outs of the other programs. Tavistock Institute relied on this strategy in their use of education as a weapon of mind control, as apparently psychiatrists were not paying attention to the history of the American Psychiatry Association which created false diagnosis to conceal their mind control efforts.)
- Clandestine Delivery of Messages or Materials, or obstruction thereof: Ability to pass information among one another without any appearance of communication, rivaling their practice of torturing targeted individuals by cutting them off from communication or access to resources by creating circumstances that are out of the targeted persons' control, without the appearance of external causation, which makes due process nearly impossible, feeding into paranoid feelings experienced by the victims, rather than accountability of the abuser for their crimes.]
- CIA officers were instructed that their success, depended upon the fact that they are not known to be, or even suspected of being, tricksters... And while a magician plays to an audience that expects to be deceived, a spy or criminal is acting before an unwitting and unsuspecting target. Perceptions [of safety] can be readily exploited to deceive an unwitting target.
- A trick is a tool of deception, entailing one or more actions with a hidden agenda being added to other actions done for legitimate and obvious reasons. Based on this concept, psychopaths infiltrate legitimate organizations and then use them as a tool and cover for their own hidden agendas.[I.e.: When the intelligence agencies infiltrate the rallies of protestors to incite violence and secretely deligitimize the group.]
- While the book states that "plausible reasons" should be substituted for reality to conceal the true purpose of things, while spectator attention is lulled and diverted, what it fails to mention, is the 'plausible reliability' that it employs to create invisibility when targeting its victims under Cointelpro-type programs of today. (See pg...)
- By "lulling" the surveillance team with an unvarying pattern... the alertness of the watchers would eventually, and naturally, degrade. After [an extended period of time] of an unchanging pattern, the CIA officer would [make un unpredicted action] and people will not be alarmed by a brief variation in the pattern or fail to notice an abrupt irregularity. [Ie: Wartime use of propaganda for tactical purposes, such as feeding into the divide and conquer strategies that led Europeans into WWII, or those being fed into in America today.]
- Misdirects draw attention to visible details creating an illusion that mask the details that are

THE HISTORICAL ROOTS OF CIA-HOLLYWOOD PROPAGANDA

Pearse Redmond, March 2017
The ability to use movies that tell persuasive stories is a powerful tool, particularly if it is consciously used to legitimize war, assassination, and illegal activities and to undermine the core principles of democracy. The U.S. Central Intelligence Agency (CIA) and the U.S. military have made use of that tool for almost a century, starting with the War Department's quiet support for the movie Birth of a Nation in 1915 and continuing for a century, including such recent CIA-supported products as Homeland, The Agency, The Recruit, and many less likely movies and television shows. During World War II, this sort of propaganda was openly distributed, since there was a widespread consensus in support of that war. However, state-sponsored propaganda in the form of Hollywood movies continued throughout the Cold War up to the present. The production of movies that completely distorted the political meaning of George Orwell's and Graham Greene's novels were important examples of this practice. CIA involvement was covert, since the target audience was the American public and the ideological perspective being propagated often ran counter to democratic ideals. This article recounts the history of the process by which Americans came to accept the ideas continuously promoted by the government, often without knowing that their favorite movies and television shows had been vetted or even altered by agents of the CIA or the Pentagon. Since these practices violate federal laws, the public at least has a right to know that we are being subjected to this sort of propaganda and how much tax money is spent to produce entertaining forms of disinformation.

"Some say that all this spook stuff, possession and everything else that's been popularized in the last twenty years in Hollywood is in order to soften up the public so that when a Satanic worl order takes over, everyone will have been desensitized to these things." Anonymous

What we say to ourselves shapes our thinking, our thinking frames what we believe, and what we believe determines our actions and therefore our reality. Just like the classical children's story, The Little Engine That Could, we can choose to support or defeat ourselves with our own inner dialogue.

BELIEF

"To succeed, we must first believe that we can." Michael Korda

Belief works like and "on" and "off" switch. (NEED IMAGE HERE). Beliefs allow you to tap into your deepest potential and work almost like magic. (Belief commands the mind into action or inaction. A belief is either empowering or limiting. What has ever been accomplished that wasn't rooted in the belief that it was possible? When you believe, you take actions to make it so.

REVERSE PSYCHOLOGY WORKS LIKE MAGIC

"May we extract their horrible fingers from every aspect of our being." Caitlin A. Johnstone

SCIENTOLOGY IS A FRONT FOR THE OCCULT

Evidence indicates that the father of Ron L Hubbard was abducted off the streets of New York by the Children's Aid Society, another front for the occult. It appears that he was a victim of trauma-based mind control, that certain populations of people were targeted for trauma-based mind control, iigh-tech invasive targeting.

We've always been discouraged to ask the right questions. We all knew Scientology was strange, but nobody was asking "Why". Scientology veils the drug, sex and arms trafficking, and creates victims of trauma-based mind control that are then sent out into the world to target and sabatoge organizations like California Prison Focus, which still continues to advocate for the drafters of the Agreement to End Hostilities, and ALL people iside those satanic walls. . It was created to sustain slavery, in every way.

THE PROOF IS IN THE PATTERNS

This compilation cannot prove the involvement of the Invisible Government and its agents in any given case. While this encyclopedia can only provide probability estimates in any given case, it does prove the existence of a pattern: It is hard to locate influential challengers to the Invisible Government who made it to old age. And, of the few who did, some were reduced to penury, smeared, or spent time in prison. Several of these people survived multiple attempts to sideline, silence, smear, surveil, harass, incarcerate, and kill them, prior to their death.

Politicians

HALE BOGGS - (Congressman,1914-1972) On the seven-member Warren Commission, there were three dissenters: Senator Sherman Cooper, Senator Richard Russell, and Congressman Hale Boggs. As Dallas journalist Jim Marrs pointed out, "The most vocal critic among Commission members was Hale Boggs who became frustrated with the panel's total reliance on the FBI for information.

BRONSON CUTTING - (Senator from New Mexico. 1988-1935) Cutting felt that private banking "was doomed by the New Deal because the government should control money and credit, without the interference of private banks." "The fight against the abolition of the credit power of private banks will be a savage one, for their power as a unit is without equal in the country."

JOHN HEINZ (Congressman from Pennsylvania,1938-1991) - outspoken critics of the Federal Reserve, had knowledge about George H.W. Bush's intimate involvement in the Iran-Contra-Cocaine triangle.

CHARLES AUGUST LINDBERGH SR. [Associated death: CHARLES AUGUST LINDBERGH, JR., 1930-1932] Some believe the murder of his grandson was a revenge and intimidation killing (this baby was the son of aviator Charles Lindbergh, a racist, a Nazi sympathizer, a despicable Russophobe—but also, like his father, an influential anti-war activist). The baby's father was adamantly opposed to WWII, and relied on his popularity to denounce it in many public forums. "FBI Director J. Edgar Hoover had his agents looked for anything that might discredit Lindbergh's reputation

HUEY LONG (Louisiana politician and presidential hopeful, 1893-1935) Ardent critic of the Federal Reserve

ALLARD LOWENSTEIN - (representative from New York, 1929-1980) Progressive, anti-war, congressman and vocal critics of the unwillingness of Los Angeles and Federal authorities to reopen the investigation into the June 6, 1968 assassination of Senator Robert F. Kennedy.

DR. LARRY P. MCDONALD - (Representative, Georgia, 1935-1983) In 1980, he called for a comprehensive Congressional investigation of the Council on Foreign Relations and Trilateral Commission (mid-level functionaries of the Invisible Government of the USA).

LOUIS MCFADDEN - (Representative from Pennsylvania, 1876-1936) Enemy of the Federal Reserve Syndicate, rightly accusing it among other things of deliberately causing the Great Depresson, and attempting to bring conspiracy charges against its Board of Governors.

LEO RYAN - California Representative, 1925-1978) Vocal critic of the CIA and was the author of the Hughes-Ryan Amendment, which, if passed, would have required that the CIA report to Congress on all of its covert operations before they commenced. Soon after Ryan's death, the Hughes-Ryan Amendment was quashed in Congress. (Some believe that the massacre at 'Jonestown' merely a smokescreen to distract attention away from Ryan's murder.)

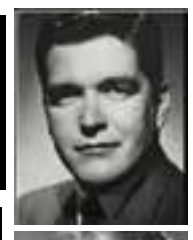
ALLARD LOWENSTEIN - (New York Representative, 1929 – 1980) A vocal critics of the unwillingness of Los Angeles and Federal authorities to reopen the investigation into the assassination of Senator Robert F. Kennedy

JOHN TOWER - (Senator, 1925-1991) Documents discovered in the Central Intelligence Agency's archives point to Bush and his allies within the CIA being upset with Tower over his findings as the chairman of the Tower Commission, named to investigate the culprits behind the Iran-contra scandal, Staunch critic of the Federal Reserve.

JIM TRAFICANT (Ohio Sheriff, 1941-2014) - began a grassroots campaign in July 2014, 'Project Freedom USA', to, among other things, put people pressure on Congress to get rid of the IRS and 'divorce' the Federal Reserve. (Multiple attempts to sideline, silence, smear, surveil, harass, incarcerate, and kill)

"The financial system has been turned over to the Federal Reserve Board. That board administers a finance system by authority of a purely profiteering group. That system is private, conducted for the sole purpose of obtaining the greatest possible profits from the use of other people's money. This (Federal Reserve) Act establishes the most gigantic trust on Earth. When the president signs this bill, the invisible governments by the monetary power will be legalized. The people may not know it immediately but the day of reckoning is only a few years removed, the worst legislative crime of the ages perpetrated by this banking bill." (Source: Lindbergh, Banking and Currency and The Money Trust, 1913)

"The drive of the Rockefellers and their allies is to create a one-world government combining super capitalism and Communism under the same tent, all under their control.... Do I mean conspiracy? Yes I do. I am convinced there is such a plot, international in scope, generations old in planning, and incredibly evil in intent." Larry McDonald (Died 1982)



"The Federal Reserve banks are one of the most corrupt institutions the world has ever seen. There is not a man within the sound of my coice who does not know that this nation is run by the International bankers. Every effort has been made by the Federal Reserve Board to conceal its powers, but the truth is-the FED has usurped the government. It controls everything here (in Congress) and it controls all our foreign relations. It makes and breaks governments at will." Conressman Louis T. McFadden, died 1936 (after 2 prior assassination attempts)

PAUL WELLSTONE-(Senator from Minnesota, 1944-2002) A principled idealist. He wanted to investigate 9/11. He angered the Federal Reserve Syndicate and the Invisible Government by being "one of only eight members of the Senate to vote against the repeal of the The Glass-Steagall Act in 1999, which effectively separated commercial banking from investment banking and created the Federal Deposit Insurance Corporation, among other things. He sought to limit bribery, a key supporting pillar of the Invisible Government.

"I'm for the little fellers, not the Rockefellers." Paul Wellstone

Others predicted Wellstone's murder: *"Anyone familiar with my work knows that I'm certainly not a conspiracy theorist. But to be honest, I know I wasn't alone in my initial reaction at this week's horrible and tragic news: that being my surprise that Wellstone had lived this long. Perhaps it's just my anger and frustration at losing one of the few reputable politicians in Washington, but I also felt shame. Shame for not writing in my column, months ago, that I felt that Paul Wellstone's life, more so than any other politician in Washington, was in danger. I felt that such speculation was unprofessional and would ultimately undermine my credibility. In the end, my own self-interest triumphed, and I never put my concerns into print. Neither did any other mainstream journalist, though I know of many who shared my concern."* Dr. Michael I. Niman

Journalists, Writers

DANNY CASOLARO - (1947-1991) Investigating the invisible government and Department of Justice spy software. (ie: the Intelligence gathering tools being used for social control today.) Alleged that the Invisible Government was bribing Iranian officials. The "Octopus" gave them $40 million to prevent the release of American hostages before the 1980 presidential election, in an effort to secure the election of Ronald Reagan."

BILL (MILTON WILLIAM) COOPER (1943-2001)
Radio show host. Accused the government of murdering President Kennedy. After the tragic events of September 11 unfolded, Cooper's radio show pointed his finger at the Federal Government, accusing the authorities of planning the terrorist move and duping America's citizens and the rest of the world into believing a fabricated story.

MICHAEL HASTINGS (1980-2013) A vocal critic of the surveillance state, referring to the restrictions on the freedom of the press by the government as a 'war on journalism'. Just before his death, Hastings indicated that he was preparing a profile of CIA director John Brennan.

But those that it will not break it kills. It kills the very good and the very gentle and the very brave impartially. If you are none of these you can be sure it will kill you too but there will be no special hurry." Ernest Hemingway

MARCUS GARVEY - (1888-1940) Promoted a movement of African redemption, aimed at ending Western exploitation of Africa. Understood the key links between economic and political freedom. [According to the M. L. King, Garvey "was the first man on a mass scale and level to give millions of Negroes a sense of dignity and destiny. And make the Negro feel he was somebody."]

MARTIN LUTHER KING (1929-1968) • MLK's assassination bears all the hallmarks of the Invisible Government, including King's prominence, opposition to American militarism, his defense of unions, and his planned multiracial poor people's march on Washington in 1968, the year of his death.

The Invisible Government responded to his peaceful but influential escape from his promoted and proscribed role of "civil rights leader" with smears, incarcerations, infiltrations of his inner circle, FBI surveillance, and threats. They tried blackmailing him into suicide and their lone assassin routine (by a "deranged" black woman). Eventually, they succeeded, staging King's murder and blaming it on an innocent man. (James Earl Ray was subjected to the CIA's behavior-modification program known as MK-Ultra. On April 4, 1968, a court extended the circle of responsibility for the assassination beyond the late scapegoat James Earl Ray to the United States government.)

The brother of James Earl Ray claimed that Jame's personality changed after his military service. The conspiracy researcher also notes that two hypnotists treated James Earl Ray before the assassination, a sign that he was vulnerable to suggestion.

Ray's two visits to Montreal in 1959 and 1967 show that he may have been part of the CIA-sponsored MK-Ultra sub-project at McGill University's Allan Memorial Institute conducted by Donald Ewan Cameron. Cameron's CIA-sponsored research involved hypnosis, and studying the effects of electroshock treatments and drugs, including LSD, on human behavior.

Also, it was discovered that Army records of other men who supposedly served with James Earl Ray's unit don't match up. It appears that the Army unit was fabricated to hide the CIA's behavior-modification program.

MALCOLM X - (1925-1965) Posed a threat to the status quo. Malcolm X argued that since the U.S. government was unwilling to protect the life, liberty, and the pursuit of happiness of black people, blacks should protect themselves *"by whatever means necessary."*

"It is well known that one of the most important missions of the United States military is supporting the drug trade. More research reveals how those drugs are used to destroy Americans, particularly those influential musicians who have the potential to derail US imperial wars or to demand greater social justice."

U.S. and British intelligence manipulated musicians to start using drugs to promote them to masses of young activists and potential activists. Then, when these musicians started sobering up and getting more into activism, evidence supported that intelligence murdered many of them.

BRIAN JONES (1942-1969)

Singer-song writer, founder and original leader of the Rolling Stones; Jones was very vocal about the US war in Viet Nam. He began sobering up in 1969, and threatened to further his anti-Vietnam War activism (like Jagger). When the US government denied Jones a visa to tour with the Stones, he threatened to form a supergroup with Jimi Hendrix and John Lennon, whereupon he was promptly murdered.

Witnesses claim that Jones was held underwater in the rock star's swimming pool until Jones had drowned. Four eye-witnesses, coerced into remaining silent, remained quiet for decades, but eventually revealed what they had witnessed.

The drug supplier to the band, known as the Acid King (David Sniderman) admitted he was an informant connected to the CIA. [During this time, the CIA and British Intelligence were in the process of bringing LSD into England and were actively trying to introduce the drug to musicians.]

How did the CIA and MI5 get David Sniderman to collaborate? As in so many other infiltration cases, the answer is simple: **blackmail**. David was caught carrying pot by Customs. 'Some other guys turned up – he implied they were MI5 or MI6 – and told him that he would get out of prison time if he set up the Stones.'

The British agents were in cahoots... with the FBI's notorious counterintelligence division, known as Cointelpro, which specialized in discrediting groups of targeted Americans deemed to be 'subversive'." JOHN LENNON (1940 - 1980)

BOB MARLEY (1945-1981) *" None but yourself can free your mind."*

Carl Colby, son of the late CIA director William Colby, delivered a gift to Marley - a pair of boots. Marley's cancer can be traced to the boots. According to a witness, 'He put his foot in and said, 'Ow!' … and he pulled a length of copper wire out – it was embedded in the boot." CIA's files on Bob Marley remain classified to the present day.

PETER TOSH (-) Marley's partner, was shot to death in 1987. Like Marley, Peter Tosh found the bloodshed and hypocrisy of death squad justice and CIA covert ops in the Third World unbearable.

"Until the ignoble and unhappy regimes that now hold our brothers in Angola, in Mozambique, South Africa in subhuman bondage have been toppled, utterly destroyed, everywhere is war." Bob Marley

OTHER VICTIMS

ARTHUR CARON

BEVERLY ECKERT (1951-2009) Her husband was killed in the 9/11 attack on the World Trade Center; Co-chairperson of the group Voices of September 11th. The official cause of death: Airplane crash (besides Eckert, 49 other people were killed).
uestioned the official account of the [9/11] attacks, sued the government, and consistently lobbied for an Investigative Commission."

"September 11 relatives who accepted settlements forfeited their right to sue the airlines, airports, security companies, or other US organizations that could have been faulted for negligence and inadequate security measures. This ensured that very little detail of the attacks emerged outside of the government-appointed 9/11 Commission." By contrast, in 2003, Eckert signed her death warrant when she refused their filthy lucre and penned My Silence Cannot Be Bought:
"I've chosen to go to court rather than accept a payoff from the 9/11 victims compensation fund. … The victim's fund was not created in a spirit of compassion. Rather, it was a tacit acknowledgment by Congress that it tampered with our civil justice system in an unprecedented way. … By suing, I've forfeited the "$1.8 million average award" for a death claim I could have collected under the fund. Nor do I have any illusions about winning money in my suit. What I do know is I owe it to my husband, whose death I believe could have been avoided, to see that all of those responsible are held accountable."

DEBORAH JEANE PALFREY

AARON RUSSO (1943-2007) Produced and starred in the documentary Mad As Hell, exposing the disastrous North American Free Trade Agreement (NAFTA), the federal government's complicity in the War on Drugs, and Rockefeller medicine. "The film correctly observes that the emergency we're facing is that America is turning into a totalitarian society and that its Constitution and principles of freedom are being destroyed. The film argues that Americans cannot allow their forefathers' struggle to have been in vain."

AARON SWARTZ (1986-2013) Co-founder of the democratic internet community Reddit (by 2016, Reddit had 542 million monthly visitors); software developer; political activist. In an online "manifesto" dated 2008, Aaron wrote: "Information is power. But like all power, there are those who want to keep it for themselves." He dedicated his life precisely to the goal of depriving the Invisible Government of that power.

PAT TILLMAN 1976−2004

Football star who idealistically (and naively) left a $3.6 million contract in response to the 9/11 disaster, enlisted in 2002 as a U.S. Army ranger, and served in Iraq and Afghanistan until his death. He bacame a poster boy for the veracity of the government's contrived version of 9/11, for genuine but misguided patriotism.

At first, the American government knowingly lied to Tillman's family and the American people, telling them that he died heroically in combat. A month later, under pressure from the family, the story changed, now stating that he was accidentally killed by his fellow soldiers.

He was advocating to for his teammates to vote Bush out of office in the forthcoming presidential election. Before the elections, he planned to go home and seek advice.

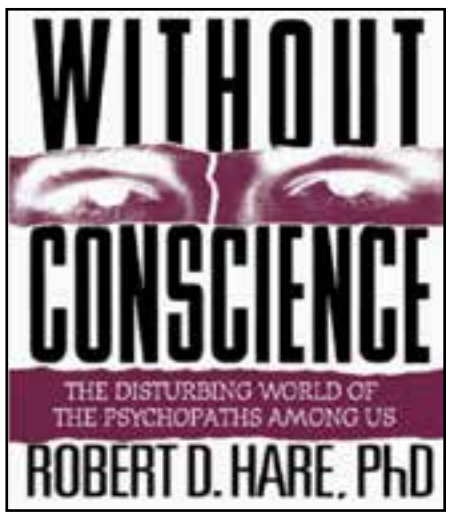
SCIENTISTS WHO HAVE BEEN SILENCED

"Human beings and the natural world are on a collision course." Worlds Scientists' Warning to Humanity



DR. ROBERT HARE

Excerpts from the introduction of his book:

Without Conscience:

"These are often charming. Individuals who have a clinical name psychopaths. Their hallmark is a stunning lack of conscience. Their game is self gratification at other people's expense. ...The prevalence of psychopathy in our society is about the same as as schizophrenia, but the personal pain and distress associated with schizophrenia is small, compared to the extensive personal social and economic carnage wrought by psychopaths. They cast a wide net and nearly everyone is caught in it one way or another.

Dr. Robert Hare. Pictured on the right, early in his career when he worked as the psychologist at the maximum-security British Columbia Penitentiary, tried to warn us.

Not surprisingly many psychopaths are criminals, but remain out of prison using their charm and chameleon like abilities to cut a wide swath swath through society leaving a wake of ruined lives behind them.

...[A psychopath] is a callous, self centered, remorseless person profound and profoundly lacking in empathy, the ability to care about the pain and suffering experienced by others. A person who functions without the restraints of conscience is the very qualities that allow humans to live in social harmony.

....Their acts result not from a damaged mind but from a cold, calculating rationality combined with a chilling inability to treat others as thinking and feeling human beings.

The majority of psychopaths managed to ply their trade without murdering people. So by focusing too much on the most brutal note newsworthy examples of their behavior, we run the risk of remaining blind to the larger picture; psychopaths who don't kill us but who have a personal impact on our daily lives.

....For everyday adults psychopath from a troubled background there is another whose family life apparently was warm and nurturing. Furthermore, most people who had horrible childhoods do not become psychopaths or callous killers. There are deeper, more elusive explanations of why and how psychopathy emerges (described in the book).

{This is a} concerted effort to develop an accurate means by which to identify psychopaths among us, for if we cannot spot them, we are doomed to be their victims, both as individual and as a society.

Lastly, is my hope that this book will help the general public and criminal justice system to become more aware of the nature of psychopathy, the enormity of the problem it poses and the steps that can be taken to reduce its devastating impact on our lives.

The breaks on the vehicle of Dr. Hare's vehicle were found to have been tampered with after he and his family survived a car accident.

MORE WHO WERE SILENCED:

JOHN ADAMS - In 1917, John Andrew demonstrated the technology to the United States Department of the Navy. He put a few drops of a crystal-clear concentrate into ten liters of both freshwater and sea water and challenged the investigators to test the mixture in an internal combustion engine. Boiling with indignation, he then left the test laboratory. When the test motor started, the significance of this ideal source of power became quite apparent. He was accused of being a fraud by the investigating commission, and subsequently murdered in his living room.

HERMAN ANDERSON (1918-2004) – Herman had an illustrious career as a scientist at NASA testing hydrogen powered rockets. He used this knowledge to create a water-powered vehicle which he believed would transform the world. He was allowed to drive it, but was banned from selling or manufacturing the vehicle in his home State of Tennessee. The official reason was that his original design car gave off too much radiation.

In 2008, a Japanese company called Genepax unveiled a water-powered car. They received a patent for the vehicle in Japan and demonstrated it to the press. The car is extremely efficient, able to drive at 50km/h for an hour on a liter of water. It runs on virtually any form of water too, even tea and soda. There was much fanfare given to the technology when first released, but eventually, Genepax stopped selling the cars due to lack of funds and currently only has a website that explains how to convert your car to run on water while offering plans for a conversion kit, offered with no warranty that your local government will allow the technology.

STANLEY MEYER (1940-1998) – The most famous water car inventor. The American created the 'water fuel cell', claiming that any car fitted with it could run purely on water. A local television station filmed him driving a dune buggy powered by the device.

The British Advanced Energy Institute reported, 'We recently sent a delegation to witness Stan's work, to really evaluate it, and came back saying "this is one of the most important inventions of the century."

In 1998, Stanley was murdered. He and his brother Stephen met two Belgian men at a restaurant who claimed to be potential investors. After drinking a sip of cranberry juice, Stanley grabbed his neck and ran outside, where he was violently sick. Stephen recalls, "I ran outside and asked him, 'What's wrong?'. He said, 'They poisoned me.' That was his dying declaration." Reportedly, a week after his death, the Feds came to Stan's home and confiscated his car and research equipment.

STEVE RYAN - In 2005, "60 Minutes" featured him demonstrating his water-powered motorbike. The footage shows Ryan fueling the bike with just water and then driving it 50mph along a highway. (the original copy of the 60 minutes clip linked to in the original article has removed from You Tube with the account one account being terminated for multiple copyright infringements.) Ryan's firm, BiosFuel were planning to sell motorbikes with the conversions in them. However, the company went quiet before announcing, 'Due to political and economical reasons, we are unable to sell the motorcycles.'

RICARDO AZEVEDO - created a motorbike that runs COMPLETELY off of water. Based in Sao Paulo, Brazil Azevedo demonstrated in 2015 by literally going to a local pond, filling up his water bottle, filtering the water, and pouring it directly into his fuel tank. Ricardo's Bike which uses electrolysis to generate Hydrogen for fuel.

THE JOE CELL – An Australian man, only identified by the name of Joe "X", has designed an Energy Cell that utilizes water for a fuel. Unlike the other devices that use water as a source of hydrogen, The Joe Cell uses electrically-charged water as the "gate" or medium through which to draw a special kind of energy from the atmosphere. The existence of this free energy (termed the 'ether') is denied by orthodox science but adhered to by alternative scientists like Nikola Tesla. Ken Adachi explains in detail how The Joe Cell works. Joe's experiments with various prototypes of his Energy Cell were recorded on amateur videos recorded in Australia from 1993-1997. Joe X was the victim of threats and harassment that succeeded in stopping him talking. However other researchers have taken his videos and manuals and tried to build the device. SOLUTION FROM MORTAL HEROS

"If you control the energy, you control the people."

"Yes, you can run your car on water. All it takes is to build a "water-burning hybrid" is the installation of a simple, often home-made electrolysis cell under the hood of your vehicle. The key is to take electricity from the car's electrical system to electrolyze water into a gaseous mixture of hydrogen and oxygen, often referred to as Brown's Gas or HHO or oxyhydrogen. Typically, the mixture is in a ratio of 2:1 hydrogen atoms to oxygen atoms. This is then immediately piped into the intake manifold to replace some of the expensive gasoline you've been paying through the nose for these last couple of months. These

KIMBERLY ANNE POLLAK AND MINISTER KING X Directors of California Prison Focus and Editor of Prison Focus. Targeted by the DOJ for giving voice to California's political prisoners who were tortured and silenced in California prison solitary confinement units for up to and over three decades. (See Hugo Pinell)

KIM POLLAK is a human rights advocate, turned investigative reporter, who found the root of the social cancer currently consuming the planet and its inhabitants by following the money funding California's eugenics-based Personality Risk Assessments, that were being used to deny parole to California's political prisoners, who have demonstrated that they would be a huge asset to their families and communities and society as a whole, while posing no risk to public safety. In doing so Pollak identified the machinations that the purveyors of injustice use to quietly control not only the lives of the two million Americans currently and directly caught up in the "criminal justice" system, but in fact that control the lives of all Americans, without physical domination or even the awareness of most people. Ms Pollak revealed the truth concealed behind the illusions which had been created through the tactical use of misinformation, time and space (ie: graduality, normalization, materialism, etc.) and manipulation of the human body, ego and mind, blinding the masses as we all were becoming increasingly and irreversibly tangled within their deadly web of deception. Pollak figured out the invisible riddle, that sometimes, the proof is in the patterns - not the pudding - and that without seeing the patterns, weapons of deception remain invisible. Pollak planted the seed that has brought the truth to you today.

THE TIME TO CREATE FREEDOM

PERSECUTION OF DOCTORS, PHYSICIANS AND SCIENTISTS

Following is a far-from-complete list of individual tragedies of noted physicians and medical scientists:

RHAZES (860–932 AD) devoted most of his efforts as a physician to the practice of surgery and to teaching at the medical school in Baghdad. He introduced the works of Hippocrates and Galen to the Arabic world. His "western" teachings, rational thinking, and fame as a medical writer and practicing physician brought Rhazes into conflict with the local hierarchy. He lost his teaching position, he was arrested, and his books were outlawed. His torturers hit his head with his books until he was blind. He died in extreme poverty

ABUMERON AVENZOAR (1093–1162) of Cordova was the greatest Spanish Moslem physician and thinker. Because he and his pupils dared to express opinions contrary to Galen, a favorite of every organized religion, and because they promulgated doctrines of a self-renewing world (emergent evolution and virtual denial of creation), Avenzoar was persecuted and forbidden to write or teach. In his later years he earned his living by manual labor.

GUIDO LANFRANCHI (1252–1315) also known as Lanfranc, was an Italian physician and surgeon who initially practiced in Milan. He was persecuted for political reasons and ultimately was driven out of Italy. He sought asylum in France and settled in Paris in 1295. He rapidly became known as the best surgeon in France. His published texts and high position in surgical circles earned him his reputation as the founder of French surgery.

ANDREAS VESALIUS (1514–1564) is remembered as a great anatomist and as a founder of modern medical science that is based on facts rather than traditions. He had a turbulent life. As a student he was expelled from the University of Louvain, Belgium. He sought temporary refuge in Paris and at last found his place in Padua, Italy. After his epoch-making work, the Fabrica, was published, his fame as an anatomist became greater with every passing year. After his name became known around the world he was appointed as a court physician in Spain. By dissecting the body of a Spanish nobleman who had died in his care, Vesalius found, when he opened the man's chest, that the heart was still beating. He was accused of murder and was brought before the Inquisition. The King commuted Vesalius's death sentence to a pilgrimage of penitence to the Holy Land. While on the passage back to Spain after his pilgrimage, he died in a shipwreck.

MICHAEL SERVETUS (1511–1553) a Spanish physician, discovered in 1545 the lesser circulation (the pulmonary circulation). Because he wrote a book in which he included certain remarks on the reform of Christianity, the book was regarded as heretical. He escaped from Spain and the Catholic Inquisition, but in Switzerland the Protestant Inquisition caught up with him. By order of John Calvin, Servetus was arrested, tortured, and burned at the stake on the shores of Lake Geneva together with copies of his book.

JOHANN G. WIRSUNG (1600–1643) a Bavarian monk and physician, discovered the excretory duct of the pancreas in 1642. Wirsung was envied by University professors and was subjected to incessant verbal insults. Jealousy led to a quarrel at the conclusion of a meeting, and he was shot to death by an assistant physician.

Galileo (1564-1642) The Italian astronomer and physicist Galileo Galilei was trialled and convicted in 1633 for publishing his evidence that supported the Copernican theory that the Earth revolves around the Sun. His research was instantly criticized by the Catholic Church for going against the established scripture that places Earth and not the Sun at the center of the universe. Galileo was found "vehemently suspect of heresy" for his heliocentric views and was required to "abjure, curse and detest" his opinions. He was sentenced to house arrest, where he remained for the rest of his life and his offending texts were banned.

HENRY OLDENBURG (1619-1677) Oldenburg founded the Royal Society in London in 1662. He sought high quality scientific papers to publish. In order to do this he had to correspond with many foreigners across Europe, including the Netherlands and Italy. The sheer volume of his correspondence caught the attention of authorities, who arrested him as a spy. He was held in the Tower of London for several months.

MARCELLO MALPIGHI OF BOLOGNA (1628–1694) is remembered as a founding father of anatomic pathology because of his pioneering studies on the liver, kidney, and spleen. His investigations received favorable comments outside the borders of Italy but on his home turf Malpighi was subjected to vitriolic attacks by his fellow professors. On more than one occasion, Malpighi was threatened and physically assaulted by his enemies. Ultimately, his attackers burned down his house and destroyed his library.

HENRY OLDENBURG (1615–1677) was a founder and the first secretary of the Royal Society, which was chartered in London in 1662. He vigorously solicited first-rate scientific papers for publication in the Society's journal. He was instrumental in publishing many writings by the Dutch scientists, Leeuwenhoek and Swammerdan, as well as by the Italian, Malpighi. Oldenburg's frequent and voluminous correspondence with foreigners attracted the attention of the authorities and he was arrested as a spy. He was jailed in the Tower of London for several months. Ultimately, he was released after Royal intercession.

ANTOINE-LAURENT LAVOISIER (1743–1794) a pioneer French respiratory physiologist, became a leading member in the pre-revolutionary French Academy of Science after his discovery that oxygen in inspired air is converted to carbon dioxide. Lavoisier opposed the election of Jean-Paul Marat to membership in the Academy. Years later, when Marat was a prominent leader of the French Revolution, he remembered Lavoisier. Lavoisier was arrested on trumped-up charges of financial irregularities and was tried by a revolutionary tribunal chaired by Marat. Lavoisier was guillotined on the day his trial ended and his body was buried in an unmarked grave [9].

JAMES WARDROP (1782–1869) a prominent Edinburgh surgeon, is renowned for his aggressive operative procedures and for his introduction of the term "soft cancer" (soft tissue sarcoma). He learned about soft cancers in Vienna, Austria, having fled from France in 1803, when Napoleon ordered that English residents in France be arrested and imprisoned .

RUDOLPH VIRCHOW (1821–1902) the most celebrated German pathologist, was throughout his life an outspoken champion of social and democratic reforms. In 1848, when he was an assistant pathologist, Virchow was a leader of an armed revolution in Berlin, demanding constitutional government, freedom of the press, and universal healthcare. The short-lived revolution failed. Virchow lost his job, was investigated by the police, and was banished from Berlin. To avoid formal prosecution and imprisonment, Virchow went to Würzburg in Bavaria, where he found an academic position, but had to promise that he would stay out of politics. He kept his pledge, but upon his return to Berlin in 1858, Virchow resumed his political activities and was elected a member of the German Reichstag.].

POWER LITERACY 101

WE HAVE A CHOICE

We are not helpless. And we have choices

We have to better understand and leverage the power that we have. We have to understand the basic dynamics of our power. Once we understand the WHAT, the HOW and the WHY of power, and realize that whether it is something that is done to us or used by us (like a tool), depends on how we respond to the situation. Power does not necessarily corrupt character so much as reveal it, and can be used as a tool when we understand it. See, power is like fire: in-herently neither good nor evil, but deployable for both and thus a phenomenon to understand and master.

How to maximize our power, organize communities, reframe the narrative and change the world.

Widen the lens: Where are the problems really coming from

Now wider still: Who's creating the solutions to choose from

Now wider still: Who are the solutions really benefitting?

How could it be different?

It is critical to ask the correct questions

For example: Now do secret criminal networks with hidden agendas exists, but rather how can we identify and exterminate them.

Who is trafficking drugs and guns American neighborhoods?

And can we identify and then protect ourselves from the divide and conquer tactics of psy-cho-paths?

How can we make the invisible visible?

Power is a language. Ignorance of the language of psychopaths is harmful to our well-being and in fact survival.

First we need to develop a literacy for their language: Magic, Illusion, deception, reverse psy-chology (irony)...otherwise all of their signs, notices, messages will remain undecipherable and their nefarious agenda will remain hidden, making us are an easy target for further deception.

Three Laws of Power

- Power of concentrates: That is, it feeds on itself and compounds (as does powerlessness).
- Power justifies itself. People invent stories to legitimize the power they have, or lack of.
- Power is infinite: There is no inherent limit on the amount of power people can create.

Laws 1 and 2 mean that all societies, left to themselves, gravitate towards a state of hoarded, monopolized, dramatically unequal power. But Law 3 tells us power is not zero-sum. New power can be created from thin air. Which means the powers that be can be bypassed, dis-placed or upended, at any time.

As long as the people know who they are fighting.

"We are the authors of our own liberation!" Eric Liu

"Not everything that is faced can be changed, but nothing can be changed until it is faced." James Baldwin

Be wary of calls for total "solutions: to the "problems"!

"The ones who are crazy enough to think they can change the world are the ones that do." Steve Jobs

"Giving up our values in the name of security is to lose the battle in advance." Christopher Pike

"It ain't what you know it's what you feel. Don't worry about being rigt, just be real."

"Power naturally flows to the top. We've established that. Where power flows to the top and stays there, without correction or recirculation, a society is likely to die a catastrophic

System justification theory

According to psychiatrists, these are the powerful tales we tell ourselves so we can feel better about our circumstances. We do it so we do not feel powerless. However, in doing so, we shrink the scope of possibilities and alternative arrangeeents and allocations of power.

People buy into the myths, lies and stories that propaganda has created specifically to misdi-rect our attention from the real forces underlying most human suffering: Psychopaths in powerful

How to Practice Power:

Change the Game:

- Adjust the arena
- Re-rig the rules
- Legitimacy and the power structure

Change the Story

- Describe the Alternative
- Organize the narratives
- Make your fight a fable

Change the equationally

Act exponentially

Act reciprocally

SOME WISDOM FROM THE STREETS

And thoughts to ponder...

- Take it rung by rung. If we fall down a few rungs, we keep on going. Sometimes in order to ascend we must descend.
- Our hearts are made of clay not stone. They are molded...
- We are the only species that shoots it's wounded. [But do we? Or just psychopaths? Are psychopaths – no empathy – fully human? What makes us human?]
- If you're going to believe in a God believe in a Big One. Why turn the switch on if the volume is not up?
- Wisdom is the *application* of knowledge. If you don't apply the lesson, you don't gain from it. Otherwise mistakes will be repeated.
- Without change, there is no change.
- We can't be stuck in our own box. Our own pandora's box. When it's busted open lives are ruined because people don't thought outside the box. (graphic?)
- Faith without work is dead. It's a dead promise.
- Let your yes be yes, and your no be no.
- A double-minded person is unstable in all their ways.
- God rather you be hot or cold than luke warm. He doesn't like double minded people who stradle the fence.
- You have to work, practice your faith. Stretch it and give it a work out.
- "Faith is the substance of things hoped for. (Power of thought), The evidence of things unseen.
- Leave your comfort zone, where extraordinary things are more likey to happen.

ATTACK BY STRATAGEM

In the practical art of war, the best thing of all is to take the enemy's country whole and intact; supreme excellence consists in breaking the enemy's resistance without fighting... Therefore the skilful leader subdues the enemy's troops without any fighting; he captures their cities without laying siege to them;

If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat... If you know neither the enemy nor yourself, you will succumb in every battle. **[Insight matters!]**

SOME CHANGE-MAKING STRATEGIES

Change the game: interrupt the cycle of self-perpetuating, compounding power. This means being able to diagnose the game as it is, and identifying which rules are rigged, and swarming the status quo with moves that disrupt the strategy of the status-quo powers. Don't try to beat the adversaries at their own game. Paralyze, bypass and undermine their strategy instead.

1. Adjust the arena
2. Re-rig the rules
3. Attack the plan.

Change the story: by rewriting the social contract of the situation. It requires envisioning and depicting an alternative, then activating or "weaponizing" the new narrative by using it as a basis for all organizing.

1. Describe the alternative
2. Organize the narratives.
3. Make your fight a fable.

Change the equation: Create power in positive sum ways. First exponentially by setting off contagions of attitude and action. Design experiences of mutual aid and reciprocity. Finally perform your power. Act it out, changing the theater of power, by deploying the power of theater.

1. Act exponentially
2. Act reciprocally
3. Perform your power.

Power is expressed in rules of decision: who has the authority to decide, what gets considered for decision and how decisions will be reached. Understand the decision-making processes, and insert yourself or your allies into them. In everyday life, rules are often over looked or simply considered fixed. But they are not fixed and can be remade, as long as we see them clearly.

ORGANIZE IN NARRATIVES

Using story to organize people and then allowing people to organize themselves into the story. Your narratives have to challenge the dominant story line of why things are the way they are. To do that, YOU HAVE TO STIR UP A NEW SENSE OF "US"; Provide an overarching explanation for who has what and why, and awaken the hero's spirit in every citizen.

Story teaches agency and empathy. Story gives pattern to the unknowable, as mythmakers ancient and contemporary know. It is the bonding agent in social cohesion. It is the catalytic agent for chang-

ANTI BULLSHIT COMPASS

More from Dr. Katherine Horton:

Our anti bullshit compasses work when they get fed the right information. Then they all point in the same direction. You know? So I say let's all the one thing that we can all align around is to be 'anti bullshit'.

Stuff that is centrally controlled, and is imposed on us and is really not helping. It's destroying people. It's making people unhappy, making people sick. You know, dividing people breaking up communities killing loved ones, relatives, you know, that's bullshit. So 5g, it's really easy to say 5g is bullshit. Because 5g is making a lot of people sick. And it's actually a pulsed microwave weapon from which you will get massive brain damage. Once we get the information about what 5g really is, all of us around the world, we will align y around this conclusion to get rid of 5g.

We don't just to be able to have our cars driving themselves. We don't need to give ourselves and our children cancer and damage our genetic material and that of the biosphere and the ecosystems around us forever. Right? So when you really whittle it down, and you get the right data, it's very clear what we need to get rid of first: One big central organized crime syndicate that's controlling the media and all of our governments. Let's call it the global anti bullshit coalition. Do you want to join? I don't have political affiliations. I'm not left or right, this or that because I don't think these divisions make sense. We should align around certain things that we consider to be desperately bullshit, and we need

EXAMPLES OF MISDIRECTS, REVERSE PSYCHOLOGY, MOCKERY AND THE MANUFACTURING OF GROUP TENSION VIA THE PUBLISHING INDUSTRY:

Again, the use of reverse psychology to feed into another destructive false narrative, being peddled in order to misdirect blame for health care inequities from the secret and illegal activities of the occult, to people who were equally duped by the lies we've been fed:

"If we in the U.S. were to establish equity of health care as a central norm, not just in words but in deeds, and not just in private but in public, then changes in our institutions and policy frameworks would follow. Legal and economic arrangements would magically move, like iron filings pulled across a tray by an unseen magnet beneath." You're More Powerful Than You Think, 2020

Instead of stating that "when we eliminate deception, we will a sense of trust. Instead the book states, "We can learn that truth makes sense. We can learn how to create the trust we're so hungry for... In spite of how hurt we are, in spite of how often we screw up, we still keep trying as best we can to create a world where trust makes sense. [Deception is never mentioned.] You're More Powerful Than You Think, 2020

A scenario is laid out to illustrate, allegedly, a point about changing what people think is possible. But look for the hidden agenda: "Ai-jen Poo is the founder of the National Domestic Workers Alliance. For years she organized caregivers, nannies and other domestic workers, a workforce of mainly immigrant women who were isolated, household by household, and often subject to abuse, wage theft and mistreatment from their employers...Poo helped them learn how to lobby lawmakers and how to advocate for reform... to amend laws born of the Old South, that exempt domestic workers from many of the labor protections that other workers enjoy.

Poo and her colleagues are conscious of the power of story – and the need to change the story of power...

But she is focused now on the "silver tsunami" now transforming America: the aging boom driven by the life cycle of the largely white Baby Boom. What she also has realized though, is that the people who will be caring for the that aging population are largely nonwhite. This could portend an epic clash of generations and cultures... Poo envisions it instead as a chance to bridge them... She launched a campaign for policy reform but more fundamentally, to intends to spark an ethical revolution." HOW TO REBUILD TRUST AFTER HAVING BEEN SECRETELY MANIPULATED THROUGH DECEPTION AND A CENTURY-LONG CAMPAIGN OF DIVIDE AND CONQUER.

Trust issues and anxiety are a product of deception and lies, and the weaponization leading to innefective and counterproductive communication. The following will help us as we – the HUMAN family - come together and get our feet back on the ground, as we expose and eradicate secret societies, dismantle slavery and rebuild the world we live in, to meet OUR needs. We will repair the balance of power and rebuilding trust, one day at a time.

We will learn how to protect ourselves and our children from the predatorial psychopaths that are trying to steal the magic out of our world, knowing that

A brighter future lies ahead. And...
No matter what happens, nature will always find it's balance again.

INFORMATION

- Seek Truth-Based Information, to get out of the dark that's been imposed on us.
- Ask more and better questions, not just the ones they hand us.
- We need to eradicate psychopaths from all media outlets.
- We must stop the defunding of the United States Postal Service (USPS) immediately!
- Becoming literate in the language of the mystics will enable you us to understand their intentions, and to untangle the world of truth and lies that we now live in.
- When visual or audio evidence is not available, rely on the evidence provided by your intuition. It may not help in the court of law, but the future of humanity depends on it.

COMMUNICATION

- There is safety in knowing that your words carry weight and you have a reasonable chance of getting reasonable needs met. Practice feelings and connection-based communication. pg.?)
- Critical thinking will help see through fogs of deception and regain a sense of control.
- Learning to read the language of the psychopaths will enable people to once again feel a sense of control over their lives.

VALUE-DRIVEN ACTION

- Follow-through is key. Communication and Information are important, but not worth anything unless action is taken.
- All actions should be guided by the inner moral compass that anybody who is NOT a PSYCHOPATH has (Psychopaths lack empathy and thus they do not have an inner moral compass.)
- Use our values as a guiding light at all times, and commitment to keep you going.
- If you give your word, stand by it.
- Don't limit yourself with conformity or concerns of what others think. If you are sticking with your values, you can't go wrong. And if others have needs, they can let you know. Otherwise, be yourself and do your thing!!

EMBRACE UNITY, HONOR THE AGREEMENT TO END HOSTILITIES

We are only as strong as we are united!

EMBRACE TRANSPARENCY

- If you stick by your values, there's nothing to be ashamed of.
- Mistakes happen and that is ok. (To stumble is not to fall, only to move forward faster." African proverb)
- Secrets are there to hide something, thus are usually a red flag for criminal activity.
- If you adhere to your values, then there is nothing to ever be ashamed of, and nothing to hide.

ERADICATE MASS SURVEILLANCE.

- Surveillance has become normalized and is not essentially being used as a weapon against us. This must be reveresed if we are to build trust. Otherwise trust will continue to erode, making it that much more difficult to avoid the race and class war they are intending to lead us into.

PROTECT YOURSELF FROM PSYCHOPATHS - AND DON'T BLAME THE VICTIMS.

LOWLY TACTICS OF THE OCCULT

On the back of The Committee of 300, is the exact same text found on the back of David Livingston's Terrorism and Illuminati, which was publishished first. The hidden agenda behind the publishing of The Committee 300 was presumably a tactic to obscure David Livingston's book, and more importantly, the fact that all of the world's problems can not be passed off to a committee which can be easily reshaped and renamed. The point of book doubles is to obscure the truth.

Irony is a form of speech in which the person delivering the ironic statement says something which is completely opposite to what they mean or what the reality of the situation is.

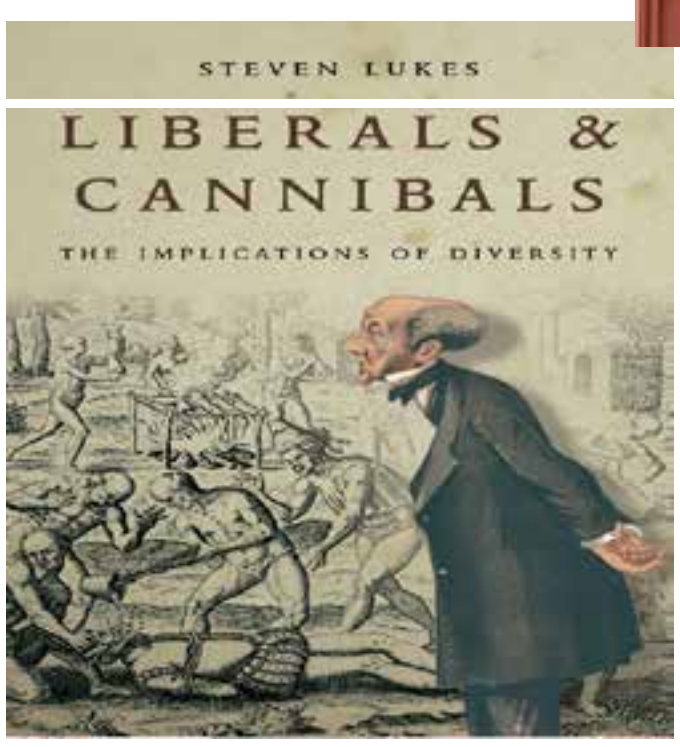
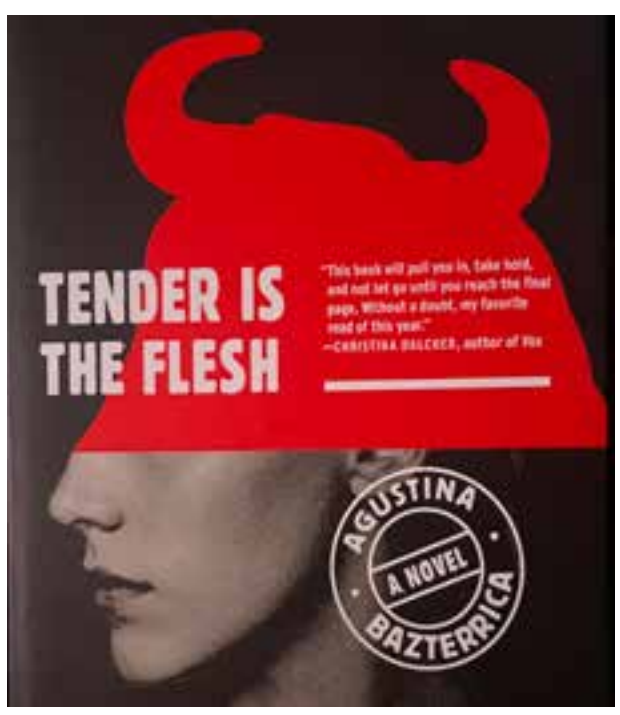
LEARNING TO READ BETWEEN THE LINES ALLOWS TO UNDERSTAND THE GLOBALISTS' PLAN FOR HUMANITY

The influence of psychopaths has inflitrated the publishing industry. Therefore, if a person is familiar with reading the language of psychopaths - (see pg. _) - then the plan for the masses secretely being implimented by the globalist psychopaths/forces of satam (however you want to describe it) becomes disturbingly evident.
Here's a paragraph in a book published by the Hachette Book Group in 2017, that reaks of irony and spells out quite clearly, the future as "they" see it, in light of their expectation for Americans to remain complacent.:

"In her book, A Paradise Built in Hell, Rebecca Solnit describes the unexpected communities that arise spontaneously out of disasters, from the great San Francisco fire of 1906 to Hurrikane Katrina in 2005. She refuses to concede that these beautiful communities of displaced strangers helping each other, these rubble-bound utopias, are the exceptions that prove the rule of selfish human nature. She persuasively reframes them, instead, as the condition we naturally yearn for - a paradise we have lost because we fell into a conception of

THE RISE AND FALL OF MR. HUXTABLE





Working at the local processing plant, Marcos is in the business of slaughtering humans—though no one calls them that anymore.

His wife has left him, his father is sinking into dementia, and Marcos tries not to think too hard about how he makes a living. After all, it happened so quickly. First, it was reported that an infectious virus has made all animal meat poisonous to humans. Then governments initiated the "Transition." Now, eating human meat—"special meat"—is legal. Marcos tries to stick to numbers, consignments, processing.

Then one day he's given a gift: a live specimen of the finest quality. Though he's aware that any form of personal contact is forbidden on pain of death, little by little he starts to treat her like a human being. And soon, he becomes tortured by what has been lost—and what might still be saved.

EMBRACE THE AGREEMENT TO END HOSTITLIES
HARMONY NOT CHAOS

drafted by California prisoners, still waiting for their freedom after surviving decades of torture in California's brutal isolation units, and now ongoing retaliation and parole denials for their organizing efforts, using the Agreement to End Hostilities as a tool to reduce prison violence.

IF WE DON'T LIKE THE NARRATIVES CURRENTLY SHAPING OUR LIVES, LET'S MAKE NEW ONES

STARTING WITH VALUES TO LIVE BY.

The drafters of the Agreement to End Hostilities, and hundreds of other California prison hunger strikeers, spent decades in solitary confinement because they refused to compromise their values. All they had to do to escape the tortorous years of sensory deprevation was "snitch" or tell on somebody. But these men understood the value of listening to our inner moral compass, and allowing our values to act our guiding light with every decision made.

They understood that compromised values in fact pose a great danger to the well-being of all humanity.

With that in mind, here's some values to consider as we undertake this great task of building a new foundation for a new future. Commiting ourselves to the following values could dramatically change our world for the better, if, like California's still imprisoned peace-keepers, we know what our values are and ***NEVER*** lose sight of them.

Let's start with those displayed by the peacekeepers themselves:

- **Loyalty**
- **Accountability**
- **Commitment**
- **Determination**
- **Sacrifice**
- **Unity**
- **Justice**
- **Compassion**
- **Tolerance**
- **Humor**
- **Sponteniety**
- **Sincerity**
- **Reslience**

Note: Readers can reach out to the drafters of the Agreement to End Hostilities, and other hunger strikers still calling for unity on the California prison yards, by looking the addresses of the names below up on the California Inmate Locator. Other individuals seeking correspondence and support can be found by reading through their published letters in past issues of Prison Focus Newspaper, found at www.prisons.org/newsletter. These men (and plenty of women as well) are seeking advocates, legal support,perhaps an occassional package with food and hygeine items, or even simply a pen pal, ally and friend. But most of all, they want and deserve and have a right to their freedom, after enduring decades of excessive, brutal sentences, torture, discrimination and abuse. Now they are coping with the associated trauma and aftermath of prolonged torture, while still being retaliated against, when they should be receiving recognition for their contribution to reducing violence on the California prison yards (despite never-ending resistance from the Adminsitratio) and still no acknowledgement of the system's wrong-doings or reparations for what was done to them. So if if you reach out to anybody, ask them about their situation and how perhaps you can help. And believe me, they have a great deal to give as well. These unsung heros, are some of California's greatest scholars, thinkers, writers, organizers and teachers, not to mention the inspiration from their resilience of spirit, which - speaking from experience - has many times provided me with the impetus and strength to keep my head up in situations when I wasn't sure I could - and, like the the fight for their release, knowing, that giving up simply is not an option.

Here's some elements of the editor's VISION of what an alternative world could look like - just to get the ball rolling:

- People deploy their experience and skills for the greater good, always giving more than they take.
- Create spaces and means to produce enough food for everybody living within a 1-3 mile radius. (depending on the density of the population where you live.)
- Create community chicken runs. There should be 1 – 2 chickens per person in any given neighborhood.
- Coordinate the planting of fruit trees with neighbors so each 3 miles area has diversity of food resources.
- Know your local sources of water and/or create an affordable grey water system for every household. Organize the community to assist people who can't do it themselves.
- Create locally-organized home-schooling co-ops with methods to share resources and ideas amongst them.
- Create local bartering systems within neighborhoods and hold biannual block parties so people know who's who, and the skill set/resources around them.
- Show and tell parties, rotating project parties, kid-watching collectives, potlucks, open mics and other low key get - togethers for neighbors within a 3-mile radius.
- Challenge yourself to boycott plastic for 1 or more years. After that, maintain the abstinence from plastic as much as possible.
- Practice using feelings-based connecting language, and healthy conflict resolution.
- Redesign common spaces to facilitate the development of community.
- Talk the young people and find out what their hopes and needs are. Give them some agency in community decision-making.

ONLY A PSYCHOPATH

(or somebody under the influence of one) would...

- Lock someone up and throw away the key.
- Leave a person sleeping outside in the cold when they could provide a safe and warm space.
- See somebody broken down on the side of the road and not stop to help.
- See that somebody is upset and not offer some support or kind words..
- Know that a person is lonely or hurt and not make an effort to reach out to them.

If a person is NOT helping somebody around them who appears to be in need, that is an indication that the person who has the capacity to lend a hand but is NOT, or who offers assistance but only with condescension, is either a psychopath themselves, or under the influence of one.

So let people around you know that NOT helping people out - or any behavior that reflect a lack of heart or soul, is NOT COOL..

If a there is an empty church, or any safe and warm space sitting empty, while community members - or anybody - is outside sleeping on the bare grass or cold concrete on a cold Winter night, the person who *could* help but is *NOT*, is likely either e a psychopath - or under the influence of one.

So don't be a psychopath. Help the people around you wherever you are. And please leave behind the attitudes. Helping somebody in a genuine way reflects an inner moral compass. It indicates that you are NOT a psychopath. It does NOT make you better however, in any way, shape or form, than the dirty houseless guy collecting cans for his next hit of crack, that you just gave a free lunch to.

Your commitment to doing what's right is appreciated however. And if you're ever in the same boat as the guy going through tough times, hopefully someone else who is NOT a psychopath will be there for you, appreciating you for the full beautiful person you are, while handing you that free lunch!
